Angolia, 1974      *Third Reich Collectibles* Chris William, 2015-10-05

The rise and fall of Germany's Third Reich is one of the most studied, investigated, and collected episodes of military history. A reign of terror that rose to near world domination during the 1930s and early 1940s, Adolph Hitler's Germany continues to fascinate generations of scholars and students of history alike. The Third Reich's insatiable drumbeat of pageantry and propaganda produced countless uniforms, insignia, medals, flags, daggers, swords, and headgear, comprising one of the most desired categories in all of military collectibles to study, understand, and own. Groundbreaking in scope and execution, *Third Reich Collectibles* features more than 1,300 color images with descriptions and values for Uniforms, Helmets, Headgear, Flags, Badges, Membership pins, Patches, Armbands, Firearms, Blades, Equipment, Paper IDs, Signage, and more associated with the military and paramilitary groups of the Third Reich. Throughout the book, you'll also find historical background information and period photographs capturing everyday Nazi Germany.

**Imperial German Edged Weaponry** Thomas Johnson, 2008-01-01

This three-volume set on Imperial German swords, daggers, and bayonets is a follow-up to the author's successful and highly acclaimed four-volume series on World War II German swords, 2005, and his equally heralded three-volume series on World War II German swords, 2006, both sets from Schiffer Publishing. These new Imperial volumes are the result of many years of arduous research on both sides of the Atlantic, with several dozen advanced Imperial blade collectors making contributions. Additionally, the author's long-term relationship with key personnel in the Solingen edged weapon industry opened numerous doors in the preparation of this invaluable reference series. No one can doubt the fact that the quality of the Imperial sidearms far surpasses their subsequent mass-produced Third Reich counterparts. The author was afforded complete access to two of the most advanced Imperial edged weapon collections in the United States and one in Germany. Whether you own a single Imperial German edged weapon or have a massive collection of these beautiful artifacts, this series of references will greatly expand your knowledge and appreciation of these unique sidearms and will prove to be a must for all German edged weapon aficionados.
