Not for Saints Leonardo Lojero, 2022-04-20 Few things bring more happiness than those we achieve with our determination and self control when we lose weight when we quit a bad habit if we had a dependence on drugs and we are cleaned now or if we were alcoholic and we overcome this weakness we get a sense of real accomplishment like no other because is indeed a monster we have defeated our own mind this mind guide me through all my life with many mistaken decisions but I have woken up to the realization that I needed to change is in our mind the root of all our problems and very little we do to remediate because of the order we prioritize things we put our minds on autopilot thinking we don't need to feed it anymore but is in there where the secret to very real and permanent changes is hidden we tend to exaggerate our problems whatever they are and expand them to make others feel sympathy for us we need so much attention and this is one reason social media is so successful many different state of minds depressions and erratic behaviors this is why many jobs can be problematic despite of how great the work environment might be behind this display of tough or toxic personalities we are in reality very lonely and fragile there is no doubt we need to change for the people we love because usually they are always the ones we hurt the most the great majority of us have a good personality but we mostly reflect on the outside what our present emotions dictate our minds fly away with so many worries anxieties frustrated desires and dreams and little do we realize is just a decision a mental attitude we want the world to be miserable and in line with our mental state many just become absent their mind is always somewhere distance a reaction to a frustrated desire or our rejection to the present reality but in this equation there is a factor that plays a major role in everything we do our spirit this spirit will always be hungry and whatever we feed it will have serious consequences in our entire existence present and distance I apologize for using my personal life as an example in many situations is not to be vain but to help others learn from

my mistakes This book is a little of my personal experience my small token I m not a professional nor a religious expert but my personal view from the perspective of a simple man I have changed many things in my life I m always working on some others I still need to change every day but now I m aware of this fierce battle within I take one day at a time there are some days I lose this battle but I don t allow this defeats to take over my life I get up the next day with a will to fight to be better and not just for me anymore but for my creator for my family and because this world needs so much change and since we can t change the world if we individually change we will create a chain reaction if we change others will change too our love ones might get the very best version of you and when we feed the spirit properly we will never feel lonely anymore as with many self help spiritual books take only the things that might help you even if you only find something small a little knowledge may go a long way my mother always told me even from the ignorant you can learn something and in this case the ignorant is me take this humble message from my mother and perhaps here you might find something to set you truly free this book is spiritual but even if you disagree with some things disregard them and continue I don t want to change your mind I want to change your heart open your heart among the pages here you might find be the answer you were looking for you might find a word to gain strength and a word to stand firm through the hurricanes and tornados of life you might find some things I mention more than once but I truly believe they are important nothing is new just a reminder that I wish you will never forget

Life & Duty Les Joslin, 2014-06-04 The fact of being a citizen of the United States of America offers the opportunity not the guarantee but the opportunity to live an extraordinary life Les Joslin writes in the introduction to Life Duty an autobiography in which he proves his thesis as he relives the first seventy years of his American adventure He shares these years in twenty chapters that comprise this three part volume Part I covers his family heritage and early years from 1943 to 1967 Part II his U S Navy career from 1967 to 1988 and Part III his life in Oregon from 1988 from Part I Chapter 5 Summer 1965 on the Toiyabe National Forest That wasn t the first time I d dealt with an armed citizen and it wouldn t be the last Some of the challenges of my fire prevention job had nothing to do with wildfire prevention but everything to do with the fact I was sometimes the only public servant around to handle a situation It had to do with that sometimes gray area between official duty and moral obligation the previous summer on my way to Twin Lakes I detoured to check the dump I d burned a few days before Suddenly I heard shots just as the Lone Ranger and Tonto did in the opening scene of almost every episode and what I saw as I neared the dump scared me A big beefy fortyish man standing next to a late model Cadillac sedan was firing a high powerd rifle He d heard me coming and turned as I stopped the patrol truck He didn t look particularly threatening But there were serious unknowns I didn t know him I didn t know what he might shoot at I didn t know he wouldn t shoot at me from Part II Chapter 10 November 1979 aboard USS Kitty Hawk on November 28 I got up showered and shaved put on clean khakis as usual and started toward the wardroom for breakfast the usual scent of salt and jet fuel was in the air and I had a lot on my mind I descended two ladders to the hangar bay only to be brought up short by bumping

my head on a helicopter that wasn't supposed to be there. A quick look around revealed seven more RH 53D Sea Stallion helicopters that their HM 16 markings told me belonged to Helicopter Mine Countermeasures Squadron Sixteen, not part of the ship's air wing. So that's why they swung south to Diego Garcia. They'd been flown there probably in C-5As and had flown aboard last night. Had I actually slept through flight quarters? I forgot about breakfast, climbed the ladders back to the 02 level and knocked on the door of the flag N-2's office. This isn't going to work, I said, as he opened the door. We can't fly those helicopters into a city of five million hostiles and rescue fifty hostages. They don't want to hear that, he replied, and closed the door.

From Part III Chapter 15: Summer 1992 on the Deschutes National Forest. As I walked toward the fire, I began to think: Am I doing the right thing? After all, I'm just a contract wilderness information specialist, not part of the fire organization. I hadn't been to the Deschutes National Forest's fire school. I didn't have fire clothing. I didn't have a fire shelter. Except for a canteen, I didn't have any water, and I'd turned in my last red card, the fire qualification card that rated me as a crew boss in 1966 when I'd left the Toiyabe National Forest to go on active duty in the Navy. That was twenty-six years ago. Should I be doing this? Sure, I answered my own question. I'd started out in the old Forest Service where everybody did everything. I'd done this many times before in the days before fire shirts and Nomex britches and fire shelters. I'd had five fire seasons on the Toiyabe, been on a couple big fires. I knew this business. I knew how to keep out of trouble. About the time I resolved that little issue, I was at the fire.

Twelve Days Steven Barnes, 2017-06-27. As a terrorist group warns of global deaths within two months, journalist and mother Olympia struggles to manage her teenage daughter and autistic son, and ex-Special Forces soldier Terry and his unit reunite to execute a risky heist.

The text is simple enough that children of all ages will have a sense of what this Ayurveda thing is. And it won't be lost on Mom or Dad either.

Exploiting Children Matt Spencer, 2013-09-20 America's citizens want children to receive a high quality education in clean orderly and safe schools staffed with quality teachers support staff and courageous educational leaders In many communities such a school experience is something the students will never have Why One or more members of the governing board desire to use their elected position for personal gain They are Exploiters Some desire to exploit a little Others crave total domination of the school system and become the petty tyrants of education Whether the exploitation is minimal or extreme exploitative board members are highly detrimental to the effectiveness of the local school system They destroy teamwork morale careers and many times entire school systems They steal a high quality education from children The predominant governance structure of public education dictated by law is seriously flawed What thousands of citizens and educators strongly desire for their schools can be discarded and replaced with the unscrupulous will of one individual Exploitive school board members must be understood and stopped The governance structure of public education must be changed

Yet when Rudy sees the beautiful gardens Jacob and his neighbors Frederick and Yoshito have created in their backyards he can't help but be impressed. During the hot summer days that follow fatherless Rudy who wants to belong to something toils in the sun with a shovel and an attitude reluctant to accept even a glass of Frederick's iced tea. Gradually he learns that the older men—Jacob from Germany, Frederick an African American from the pre-civil rights movement South, and Yoshito a Japanese American who spent three years in an internment camp during World War II—have become like brothers bonded through tragedy and the drive to transform barren dirt into something beautiful. Frederick and Yoshito have made peace with their pasts and removed the fence between their yards, but Jacob is still haunted by what happened to his family at Auschwitz, memories retriggered by Rudy and his friends. As they work alongside each other, Jacob and Rudy do more than tear down a fence; in this story of healing and hope that changes Rudy's life in ways he never imagined. *Fishwives* Sally

Bellerose, 2021-02-09 Eighty-nine year old Regina and ninety year old Jackie met in 1955, an era when women were rounded up and jailed simply for dancing together or dressing like a man. On a cold winter day they manage to get themselves out of the house with the help of TJ and Ramon, two young men from their working class neighborhood in Western Massachusetts. They tie their long dead Christmas tree to the top of their car and using a screwdriver in place of a broken gearshift slowly make the drive to the dump. This is also the day when everything changes. During the course of their adventure, memories are triggered. Their history as a passionate and devoted but troubled couple at the intersection of historic cultural and political change unfolds via scenes from the past, including their first meeting during a police raid on a bar and Regina's epiphany that she could truly love another woman. In the early years they often live apart as they flee landlords who discover their secret. As their journey leads them to seek jobs and a sustainable life, they are sometimes separated but always find their way back to each other. Combining the pathos and social significance of *Fried Green Tomatoes* at the Whistle Stop Caf and the humor of *The Golden* with a cast of diverse characters worthy of the musical *Rent*, *Fishwives* chronicles a lifetime through the eyes of two old women behaving badly.
