James F. Keenan

Good News For The Disinherited Howard Thurman On Jesus Of Nazareth And Human Liberation:

Good News for the Disinherited Alonzo Johnson, 1997 This book examines the meaning of Jesus humanity his divinity and the special significance of his teachings to the poor and the oppressed The discussion of these issues is shaped around the theology of Howard Thurman 1900 1981 one of the greatest religious thinkers of his generation It is the only such work which thoroughly defines Thurman s significance as an African American folk theologian who both adopts and transcends his religious heritage Thurman is depicted as a folk theologian who both perpetuates and transforms African American folk religion The core of Thurman s theology revolves around his reinterpretation of the meaning of the concept of humanity and divinity The search for a Black Christ black messiah has been a prominent feature of African American religious thought in the past two centuries This book addresses Thurman s treatment of Jesus within the ebb and flow of the debates in this area This is the first work devoted exclusively to the subject of Christology as the center of Thurman s theology **Meaning and**

Modernity Richard Madsen, 2001-12-04 This interesting volume of essays on contemporary religion and its ambivalent relationship to modernity not only serves as a testimony to the intellectual influence of Robert Bellah it establishes a new school of comparative religious and social thought This Bellahian school at the intersection of sociological theological and contemporary philosophical thinking has roots in Durkheim and Weber borrows insights from Marx Foucault and Bourdieu and finds its clearest voice in the writings of Bellah himself The essays by some of Bellah s colleagues and former students that have been gathered in this volume address some of the most sagacious of these Bellahian themes the religious dimension of contemporary civil societies the relationship between religious and capitalist values the cultural critique of modernity and the moral visions that hold a promise of civic renewal Mark Juergensmeyer author of *Terror in the Mind of God* *The Global Rise of Religious Violence* California 2000 This highly readable collection of original thought provoking essays by leading scholars provides fresh insights into the issues that Robert Bellah has addressed so fruitfully in his long career Readers will learn much about such issues as how Calvinism contributed to political revolution why democracies require an enlarged sense of political community how the religious foundations of Japan and the United States differ and what it means to be a Christian and an American Benton Johnson coauthor of *Vanishing Boundaries The Religion of Protestant Baby Boomers* 1994 and author of *Functionalism in Modern Sociology Understanding* Talcott Parsons 1975

Christian Spirituality Arthur Holder, 2009-09-10 *Christian Spirituality The Classics* is a unique and comprehensive guide to thirty key Christian spirituality texts Ranging from Origen and Augustine to Jonathan Edwards Th r se of Lisieux and Thomas Merton it offers a view of the texts which is founded in scholarship but which also presents them as living documents that invite even compel contemplative reflection and existential response Each chapter briefly describes the classic text s author and audience gives a synopsis of its contents suggests some of its influence in history and then explores aspects of the text s meaning for readers today Key themes include What is the meaning of life How can human beings find truth How can

they discover who they really are How can they live together in peace How can they live more fully in God s presence in this world and be united with God in the world to come The scholars who have written these chapters are all experts on their respective topics but they wear their learning lightly Anyone wishing to discover the riches of Christian spirituality will find this the ideal introduction and should be able to progress to a deeper understanding of the texts themselves

Black Leaders and Ideologies in the South Preston King, Walter Earl Fluker, 2013-09-13 A new collection of philosophical biographies of key figures in Black Southern American social and political thought Frederick Douglass Booker Washington and Ida Wells Thurgood Marshall and Martin King are focused upon together with Howard Thurman Richard Wright Fred Gray and Barbara Jordan All are important in various ways to the movements this book seeks out From the perspective of liberation the two high points in the African American Odyssey are marked by Emancipation in the nineteenth century and Desegregation in the twentieth Douglass bestriding the first King and Marshall the second The thread of resistance runs through most of these philosophical profiles and the thread of non violence with greater or less force also runs throughout This volume assumes a distinction between a an earlier period when Afro America was more cohesive and collectively committed to self improvement despite the odds and b the contemporary period beyond desegregation marked by rates never previously rivaled of suicide joblessness imprisonment despair and alienation especially among black poor The life stories and philosophies presented here make fascinating reading This book is a Special Issue of the leading journal Critical Review of International Social and Political Philosophy

Congregation-to-Congregation Relationship Samuel Broomfield Reeves, 2004-02-23 This book assembles a knowledge base of the cross cultural congregation to congregation relationship of two local churches Madison square Christian Reformed Church in Grand Rapids Michigan and the Providence Baptist Church in Monrovia Liberia

The Spirit Poured Out on All Flesh Amos Yong, 2005-07-01 The Pentecostal movement has had an incredible impact on the shape of worldwide Christianity in the past century Estimates are that Pentecostals and charismatics make up approximately one fourth of Christians worldwide and the numbers are only expected to grow With these developments comes the need for thoughtful Christians of all persuasions to better understand Pentecostal theology In fact Amos Yong believes that Pentecostal theology can be a great gift to the church at large Yong presents a thoroughly Pentecostal theology of salvation the church the nature of God and creation He also provides a fascinating survey of the state of worldwide Pentecostalism examining how Pentecostal theology is influencing Christian churches in other countries

An Amos Yong Reader Amos Yong, 2020-05-12 Amos Yong is the most prolific pentecostal theologian to date and his published works are so many that it is difficult to find an amiable entry point into his thought An Amos Yong Reader is the first introduction to Yong s theology in his own words It brings into one volume representative samples of the broad range of Yong s scholarship including theology of religions religion and science theology and disability political theology Luke Acts and theological method Christopher A Stephenson perhaps Yong s most insightful interpreter provides an introductory essay that

both orients readers to Yong's extensive theological program and identifies the most important key to understanding Yong's theology as his most neglected work *Spirit Word Community* a book with implications far beyond the boundaries of Pentecostalism *An Amos Yong Reader* provides an overview of Yong's thought and a starting point for more thorough study in any of the major themes in his expansive corpus **Exodus From Empire** Terrence E. Paupp, 2006-11-20 This book lays out a comprehensive vision for a new world order based on cooperation between the developing world and leading Left countries in Latin America Arguing that the ravages of corporate capitalism are unsustainable Terrence E Paupp presents an energetic critique of the problems of empire and looks ahead to a global countermovement against the IMF and US hegemony

Philosophy of Religion and the African American Experience John H. McClendon III, 2017-07-03 Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large The fact remains that Howard Thurman James H Cone and William R Jones among others have produced a substantial amount of theological work quite worthy of consideration by philosophers of religion Yet this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion Neglect and ignorance of African American Studies is widespread in the academy By including chapters on Thurman Cone and Jones the present book functions as a corrective to this scholarly lacuna **A Spirituality of Listening** Keith R. Anderson, 2016-02-09 God is speaking in our everyday world How can we become more attuned to listening for God's voice Keith Anderson walks us through key biblical themes that help us see and experience how God is present with us if we would only listen paying attention to the moments that make up our days Listen and step into a world alive with God's presence **Gandhi's Truths in an Age of Fundamentalism and Nationalism** Sathianathan Clarke, Stephen Pickard, 2022-03-08 The twenty first century has seen violence thunder back onto the stage of history Religious political social cultural and economic constituents and interests thus contribute to the local and global manifestations of violence in our interconnected and contracting global world Firmly embedded within the field of religion the authors of this volume concede that religious motifs and impulses are alive and well in this unfolding of bloodshed It is no wonder then that in our volatile historical age religious fundamentalism and illiberal nationalism have emerged as dominant contemporary movements Against this backdrop the contributors to this edited book look back in order to move forward by reflecting upon the truth force Satyagraha that grounded and guided Mohandas Karamchand Gandhi 1869 1948 On the heels of several commemorations in 2019 of the 150th anniversary of Gandhi's birth we reexamine the truths of his philosophy and nonviolent strategy to resist religious and political fundamentalisms Embracing truth was for Gandhi the only way to achieve complete freedom poorna Swaraj The goal of freedom which Gandhi conceptualized as profoundly personal expansively communitarian and organically ecological emanates from a firm grasp of truth **Howard Thurman** Kipton E. Jensen, 2019-12-03 Although he is best known as a mentor to the Reverend Martin Luther King Jr Howard Thurman 1900

1981 was an exceptional philosopher and public intellectual in his own right In Howard Thurman Philosophy Civil Rights and the Search for Common Ground Kipton E Jensen provides new ways of understanding Thurman s foundational role in and broad influence on the civil rights movement and argues persuasively that he is one of the unsung heroes of that time While Thurman s profound influence on King has been documented Jensen shows how Thurman s reach extended to an entire generation of activists Thurman espoused a unique brand of personalism Jensen explicates Thurman s construction of a philosophy on nonviolence and the political power of love Showing how Thurman was a social activist mystic as well as a pragmatist Jensen explains how these beliefs helped provide the foundation for King s notion of the beloved community Throughout his life Thurman strove to create a climate of inner unity of fellowship that went beyond the barriers of race class and tradition In this volume Jensen meticulously documents and analyzes Thurman as a philosopher activist and peacemaker and illuminates his vital and founding role in and contributions to the monumental achievements of the civil rights era

Rediscovering the Human Andrea M. Ng'weshemi,2002 By assuming that the data for understanding the human being and human nature is given and therefore remains the same at all times and in all places Christian theological anthropology has barely quenched the quests for meaning and fulfillment that have constantly emerged in every age Modern western theologians such as Barth and Rahner have sought to tie theological anthropology with Christology with the conviction that Jesus Christ is paradigmatic of what humanity should be Forthcoming Books Rose Army,1997 **Turning Toward the Victim** Thomas Gates,2025-06-10 Part primer on Ren Girard s groundbreaking mimetic theory part Bible study through the lens of mimetic theory and part dialogue with early and contemporary Quakers Turning Toward the Victim demonstrates how these three perspectives can mutually inform one another in unexpected ways Contemporary liberal Friends Quakers have largely drifted away from the Bible due in part to its seeming sanction of divine violence Girard by contrast sees the themes of sacred violence and its overcoming as central to the biblical witness and so can provide the means by which Quakers and others might reengage with the Scriptures Girard s claim that the biblical God has nothing to do with violence will resonate with Friends traditional commitment to nonviolence and peacemaking Girard s insights into the scapegoat mechanism can also help us to understand the witness of early Friends who functioned as the scapegoat caste in seventeenth century England Using the traditional Quaker framework of conviction conviction and conversion Thomas Gates explores the relevance of these concepts for Friends and other Christians today American Book Publishing Record ,1997 **The Moral Life** James F. Keenan,2023 Most foundational texts on theological ethics address the person or the society the point of departure determines inevitably fairly different trajectories By starting with the experience of grief this book posits the human as ineluctably social grief is an epiphany that reveals how the human is inseparable from the collective Indeed grief inevitably summons us to grieve socially Nothing discloses the human more rawly than grief that it is not good for the human to be alone Keenan then develops an ethics of vulnerability following Judith Butler understanding it not primarily as a

compromised state of being but rather as that which establishes the human as capacious for recognizing and responding to others Mutual recognition a theme that can be found from Georg Hegel and Sigmund Freud to Axel Honneth Nancy Frasier and Jessica Benjamin emerges as the first moral act of the vulnerable human In light of vulnerability and recognition Keenan shows how we can now understand conscience as guiding the activity of one who has first vulnerably recognized others The second half of the book works out a Christian ethics of vulnerability starting with discipleship then grace and sin then the virtues and finally the communion of saints the works of mercy and the beatitudes *Jesus of Nazareth and Human Liberation* Paul Caspersz,1988 *The Life and Morals of Jesus of Nazareth* Thomas Jefferson,2022-08-10 In *The Life and Morals of Jesus of Nazareth* Thomas Jefferson presents a unique synthesis of the Gospels meticulously distilling the essence of Jesus s teachings while omitting supernatural elements incongruent with Enlightenment ideals Jefferson s literary style reflects a rationalist approach exhibiting clarity and precision as he seeks to reveal the moral philosophy underpinning Christianity This work emerges from the broader context of the early 19th century American Enlightenment where reason and empirical evidence began to take precedence over traditional dogma highlighting Jefferson s commitment to reasoned faith and a secular morality informed by the teachings of Jesus Thomas Jefferson the third President of the United States and a pivotal figure in the American Enlightenment was profoundly influenced by Enlightenment thought and his personal interpretations of religion His distaste for organized religion and fervent belief in reason prompted him to isolate what he deemed the true moral teachings of Jesus resulting in a text that serves as both a personal manuscript and a public statement on the vitality of ethical principles devoid of superstition This book is not simply a theological text it invites readers to engage with the ethical core of Christianity through an Enlightenment lens Scholars theologians and casual readers alike will find Jefferson s work a unique exploration of Jesus s moral teachings rendering it a thought provoking addition to discussions of religion philosophy and ethics in contemporary society *The Life and Morals of Jesus of Nazareth* Thomas Jefferson,2017-10-18 Excerpt from *The Life and Morals of Jesus of Nazareth* Extracted Textually From the Gospels Together With a Comparison of His Doctrines With Those of Others The law of Jesus Christ alone is called gospel that is to say good news because therein the incar nation of the Son of God the birth of the expected Saviour the remission of sins the kingdom of charity and the enjoyment of things eternal are declared to us What better news could we possibly expect How hard soever some of the truths of the gospel may appear to us yet that is always good news which it tells us because it is the way of Christ and the means of salvation It is the part of a pious man at his first entrance on the gospel to form an act of faith extending to all the speculative and practical truths contained in it and to beg of God the grace to read them with the same spirit with which they were written About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections

present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
