Goodbye Green Glen Duncan, 2000 Not long ago it seems the whole country was working to clean up our air land and water Environmental bills were made into law recycling swept the nation politicians campaigned and won on environmental issues and school children were learning earth saving songs and plays What happened Where did the environmental movement go In **Goodbye Green** Glen Duncan boldly declares the environmental movement dead outlines exactly what happened and explains why throngs of middle Americans dropped out He exercises his award winning reporting skills once again to reveal how trade unions civil rights groups international environmental groups and even the federal government barged into a hugely successful grassroots movement and how their extremism then chased middle Americans away Glen takes you along on a confrontational Greenpeace action gives you a peek into the anti earthday held by extreme environmentalists fed up with moderates within the movement and then leads you through the lawyers boondoggle called Superfund Hang on for a good fast read that ll make you wary of giving any more of your money or your time to save the earth

Brother Against Brother Diana White Horse Capp, 2002 **Brother Against Brother** is an important book that is an intensive personal examination of a cultural war that has received too little attention Conflicting government promises for land and water unfairly pit Americans both tribal and non tribal against each other Astonishingly environmentalists exploit the conflict using their Nature First agenda even against the rights of the first protectors of the earth Author Diana White Horse Capp calls for unity to bring brother together with brother to fight a common enemy those who would take away rights to satisfy their ideological ambitions This book is an important social examination of what is taking place in rural America
