**Ideology and the Collapse of the Soviet System** Neil Robinson, 1995-01-01 this is an excellent book which sheds considerable light upon the role of ideology particularly in the last years of the Soviet Union Graeme Gill Europe Asia Studies this work is a serious attempt to bring ideology back into discussions about the end of the Soviet Union Bartholomew Goldyn Slovo This innovative book offers a critical history of the development of Soviet ideology discussing its centrality to Soviet politics and the destructive effect that it had on the Gorbachev reforms Neil Robinson analyses the nature and historical evolution of Soviet ideology between 1917 and 1985 to demonstrate the structural importance of Soviet ideological discourse and the uncertain place that it allocated to the communist party in the Soviet political system On the basis of this analysis Dr Robinson provides a fresh interpretation of Gorbachev's political reforms He describes the ideological dynamic that underwrote the development of perestroika how Gorbachev's ideas on democratization sent contradictory messages to the communist party and how this stimulated opposition to perestroika from party cadres and Soviet society

**Soviet Constitutional Crisis** Robert Sharlet, 2016-06-16 Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev Andropov and Chernenko to the radical legal restructuring of the Gorbachev years Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR Sharlet a noted authority on Soviet law and constitutional development demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development In effect he argues one of Gorbachev's most durable achievements may be his redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government In analyzing the politics of law from the Brezhnev era to the rise of Yeltsin the author takes account of the war of laws the symbolic uses of the Soviet constitution and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds Constitutionalism has sufficiently suffused Soviet public life the book concludes that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms

Srivastava, 2019-05-29 First published in 1999 this volume is the first full length study of one of the most important political institutions of the erstwhile Soviet political system the Central Committee of the Communist Party of the Soviet Union CPSU The originality of this work lies in its main argument that the central reform during Perestroika was that of the Party and the State a reform which ultimately resulted in the CPSU and its institutions the Central Committee being one of the most vital among them firstly surrendering the monopoly over political power and control over the instrumentalities of the State and secondly systematically de institutionalising and dismantling the formidable Soviet political system The seeds of transformation and the shape of politico economic and socio cultural systems that emerged in successor
