Reid, 1993-02-23 Can films about black characters produced by white filmmakers be considered black films In answering this question Mark Reid reassesses black film history carefully distinguishing between films controlled by blacks and films that utilize black talent but are controlled by whites Previous black film criticism has buried the true black film industry Reid says by concentrating on films that are about but not by blacks Reid's discussion of black independent films defined as films that focus on the black community and that are written directed produced and distributed by blacks ranges from the earliest black involvement at the turn of the century up through the civil rights movement of the Sixties and the recent resurgence of feminism in black cultural production His critical assessment of work by some black filmmakers such as Spike Lee notes how these films avoid dramatizations of sexism homophobia and classism within the black community In the area of black commercial film controlled by whites Reid considers three genres African American comedy black family film and black action film He points out that even when these films use black writers and directors a black perspective rarely surfaces Reid's innovative critical approach which transcends the black image language of earlier studies and at the same time redefines black film makes an important contribution to film history Certain to attract film scholars this work will also appeal to anyone interested in African American and Women's Studies **The Technique of Film and Video Editing** Ken Dancyger, 2007

Vest,2014-09-30 Spike Lee's journey from guerrilla filmmaker to Hollywood insider is explored in light of his personal background the cultural influence of his films and the extensive scholarship his movies have inspired This insightful study probes the iconic filmmaker's career as a director and shaper of American culture It not only sheds light on the ways in which Lee's background influences and outlook affect his films but also discusses how he participates in transforms and transcends the tradition of black American filmmaking Each chapter offers a critical assessment of at least one and sometimes multiple Lee films examining their production history their place in Lee's filmography and their aesthetic cultural and historical significance Readers will come away from this first scholarly assessment of Lee's career and work with a better understanding of his penchant for stirring up controversy about significant social political and artistic issues as well as his role as an American artist who provokes his audiences as much as he pacifies them **Mathieu Kassovitz** Will Higbee,2019-01-25 Mathieu Kassovitz is arguably the most important filmmaker to have emerged from French cinema in the past two decades As a director his work often engages with highly controversial socio political issues whilst still managing to attract and connect with a popular audience and above all with a youth audience He is also one of the few contemporary French filmmakers who is capable of productively engaging with Hollywood in terms of cinematic style narrative and genre yet still retaining his own identity as a French filmmaker In addition to his directorial successes Kassovitz has also achieved considerable critical and commercial success in France as a screen actor His films whether directed by or acted in or both show an astonishing variety from his early *M tisse* 1993 his break through *La Haine* 1995 through to Jeunet's *Le fabuleux destin d Am lie Poulain* 2000 *Ast rix et Ob lix Mission Cl opatre* 2002 and *Gothika* 2003 Will Higbee's study is the first to explore of one of the most fascinating characters in French cinema [The Philosophy of Spike Lee](#) Mark Conard,2011-07-22 Over his twenty plus year tenure in Hollywood Spike Lee has produced a number of controversial films that unapologetically confront sensitive social issues particularly those of race relations and discrimination Through his honest portrayals of life's social obstacles he challenges the public to reflect on the world's problems and divisions The innovative director created a name for himself with feature films such as *Do the Right Thing* 1989 and *Malcolm X* 1992 and with documentaries such as *4 Little Girls* 1997 and *When the Levees Broke* 2006 breaking with Hollywood's reliance on cultural stereotypes to portray African Americans in a more realistic light The director continues to produce poignant films that address some of modern society's most important historical movements and events

Doing Criticism James Chandler, 2022-03-29. Not only an accessible hands on guide to writing criticism across the literary arts the dramatic arts and the narrative screen arts but also a book that makes a case for how and why criticism matters today. Doing Criticism Across Literary and Screen Arts is a practical guide to engaging actively and productively with a critical object whether a film a novel or a play. Going beyond the study of lyric poetry and literature to include motion picture and dramatic arts this unique text provides specific advice on how to best write criticism while offering concrete illustrations of what it looks like on the page. Divided into two parts the book first presents an up to date account of the state of criticism in both Anglo American and Continental contexts describing both the longstanding mission and the changing functions of criticism over the centuries and discussing critical issues that bridge the literary and screen arts in the contemporary world. The second part of the book features a variety of case studies of criticism across media including works by canonical authors such as Jane Austen Charles Dickens and W B Yeats films such as Coppola's *The Conversation* and Hitchcock's *Vertigo* screen adaptations of Mary Shelley's *Frankenstein* and Ishiguro's *The Remains of the Day* and a concluding chapter on several of Spike Lee's film joints that brings several of the book's central concepts to bear on work of a single film auteur. Helping students of literature and cinema write well about what they find in their reading and viewing Doing Criticism Across Literary and Screen Arts Discusses how the bridging of the literary arts and screen arts can help criticism flourish in the present day. Illustrates how the doing of criticism is in practice a particular kind of writing. Considers how to generalize the consequences of criticism beyond personal growth and gratification. Addresses the ways the practice of criticism matters to the practice of the critical object. Suggests that doing without criticism is not only unwise but also perhaps impossible. Features case studies organized under the rubrics of conversation adaptation genre authorship and seriality. Doing Criticism Across Literary and Screen Arts is an ideal text for students in introductory courses in criticism literary studies and film studies as well as general readers with interest in the subject.
