Gothic Art From The Twelfth To The Fifteenth:

The Art of the Sublime Roger Homan, 2017-03-02 In the view of Hegel and others pagan art is the art of the beautiful and Christian art is the art of the sublime Roger Homan provides a comprehensive and informative account of the course of Christian art encompassing a re evaluation of conventional aesthetics and its application to religious art Homan argues that taste and aesthetics are fashioned by morality and belief and that Christian art must be assessed not in terms of its place in the history of art but of its place in Christian faith The narrative basis of Christian art is documented but religious art is also explored as the expression of the devout and as an element in the trappings of collective expression and personal quest Sections in the book explore pilgrimage art puritan art the tension of Gothic and Classical church architecture and the language of worship Current areas of debate including the relationship of ethics to the appreciation of art are also discussed An extensive range of examples of painting architecture and decoration most of which are of European origin are discussed throughout with a number of striking illustrations included within the text

[The Long Twelfth-Century View of the Anglo-Saxon Past](#) Martin Brett, David A. Woodman, 2016-03-03 Scholars have long been interested in the extent to which the Anglo Saxon past can be understood using material written and produced in the twelfth century and simultaneously in the continued importance or otherwise of the Anglo Saxon past in the generations following the Norman Conquest of England In order to better understand these

issues this volume provides a series of essays that moves scholarship forward in two significant ways Firstly it scrutinises how the Anglo Saxon past continued to be reused and recycled throughout the longue dur e of the twelfth century as opposed to the early decades that are usually covered Secondly by bringing together scholars who are experts in various different scholarly disciplines the volume deals with a much broader range of historical linguistic legal artistic palaeographical and cultic evidence than has hitherto been the case Divided into four main parts The Anglo Saxon Saints Anglo Saxon England in the Narrative of Britain Anglo Saxon Law and Charter and Art history and the French Vernacular it scrutinises the majority of different genres of source material that are vital in any study of early medieval British history In so doing the resultant volume will become a standard reference point for students and scholars alike interested in the ways in which the Anglo Saxon past continued to be of importance and interest throughout the twelfth century

Monastic Iceland Steinunn Kristjánsdóttir, 2022-12-30 This book provides an overview of medieval monasticism in Iceland from its dawn to its downfall during the Reformation Blending the evidence from material remains and written documents Monastic Iceland highlights the realities of everyday life in the male and female monasteries operated in Iceland The book describes the incorporation of monasticism into the Icelandic society the alleged land of the Vikings and thus how the monasteries coexisted with the natural and social environments on the island while keeping their general aims and objectives The book shows that large social systems such as monasticism can cross social and natural borders without necessitating fundamental changes apart from those triggered by the constant coexistence of nature and culture inside the environment they exist within The evidence provided debunks the myth that Icelandic monasteries male or female were isolated silent places or simple cells functioning principally as retirement homes for aristocrats To be a member of an ecclesiastical institution did not mean a quiet secluded life without any outside interaction but rather active participation in the surrounding community The book is for researchers in archaeology osteology and medieval history in addition to all those interested in monasticism and the medieval history of northern Europe
