## **Folly And Intelligence In Political Thought:**

**Folly and Intelligence in Political Thought** William Kluback,1990 A serious and profound discussion of some of the more important problems of modern thought readable and truly enjoyable Wherever the reader turns he is captivated by the originality of thought and its applicability to contemporary events This is a unique and distinguished book well worth the reader s time

**The Philosopher's Index** ,1993 Vols for 1969 include a section of abstracts

*The Cumulative Book Index* ,1990 A world list of books in the English language

*Stupidity in Politics* Nobutaka Otobe,2020-10-11 Stupidity permeates our perception and practice of politics We frequently accuse politicians bureaucrats journalists voters elites and the masses for their stupidities In fact it is not only populist politicians sensational journalism and uneducated voters who are accused of stupidity Similar accusations can be and in fact have been made concerning those who criticize them as well It seems that stupidity is ubiquitous unable to be contained within or attributed to one specific political position personal trait or even ignorance and erroneous reasoning Undertaking a theoretical investigation of stupidity this book challenges the assumption that stupidity can be avoided Otobe argues that the very ubiquity of stupidity implies its unavailability that we cannot contain it in such domains as error ignorance or post truth What we witness is rather that one s reasoning can be sound evidence based and stupid In revealing this unavailability he contends that stupidity is an ineluctable problem not only of politics but also of thinking We become stupid because we think It is impossible to distinguish a priori stupid thought from upright righteous thought Moreover the failure to address the unavailability of stupidity leads political theory to the failure to acknowledge the productive moments that experiences of stupidity harbor within Such productive moments constitute the potential of stupidity that radical new ideas can emerge out of our seemingly banal and stupid thinking in our daily political activity

Roger Morrice and the Puritan Whigs Mark Goldie,2016 Mark Goldie s authoritative and highly readable introduction to the political and religious landscape of Britain during the turbulent era of later Stuart rule An exceptionally significant monograph and without doubt one of the most important to appear in the field of Restoration history in the last twenty years Mark Goldie has done more than anyone else to illuminate the political and religious assumptions of late seventeenth century Englishmen Dr Grant Tapsell University of Oxford Roger Morrice and the Puritan Whigs explains a movement illuminates the world of its emblematic representative and explores one of the most remarkable documents of the seventeenth century Morrice s *Entring Book* was supremely well informed passionately committed and relentlessly opinionated Chronicling the years 1677 to 1691 nearly a million words in length it is the fullest surviving record of the tumultuous final years of the Stuart regime from the Popish Plot and Exclusion Crisis to the Glorious Revolution Morrice was a Puritan clergyman turned confidential reporter for leading Whig politicians a barometer of opinion for whom reliable information was vital for public action Just twenty years after Pepys s *Diary* the *Entring Book* depicts a darker England gripped by a new crisis of popery and arbitrary government Mark Goldie s deeply considered book examines the fortunes of

Puritanism in the later Stuart age It offers a story of disillusion and diminishing struggles for survival in the face of intolerance and of self understanding among those who hoped to transform England through Godly rule Yet the book also tells a countervailing story of revitalized and transformed Puritanism Puritans worked through parliament the royal court and the households of gentry merchants lawyers and clergy Setting out to galvanize civil society they mobilized public opinion organized electorates and deployed the arts of journalism influence and persuasion This book has been adapted with a new substantial introduction and updated bibliography from the first volume of the *Entering Book* of Roger Morrice Mark Goldie is Professor of Intellectual History at the University of Cambridge and a Fellow of Churchill College *Greek Political Theory* Sir Ernest Barker, 2013-06-19 Much has been written about the interpretation of Plato in the last thirty years Once interpreted as a revolutionary of the left and a prophet of Socialism he has lately been interpreted as a revolutionary of the Right and a forerunner of Fascism In this book Plato appears as himself a revolutionary indeed and even an authoritarian but a revolutionary of the pure idea of the Good and an authoritarian of the pure reason unattached either to the Right or the Left *The Social & Political Ideas of Some Great Thinkers of the Renaissance and the Reformation* Fossey John Cobb Hearnshaw, 1925 **Life Examined** Nick Garside, Jonathan Lavery, Charles Wells, 2021-12-15 *Life Examined* is an anthology of carefully edited readings designed to serve as an introduction to many of the fundamental concepts of ethical and socio political thought It includes primary sources from a variety of traditions with selections that range chronologically from ancient times through to the present day These readings have been thoughtfully selected edited and contextualized to provide students with opportunities to sharpen their capacities for critical and theoretical reflection The book begins with three key texts that frame the historical discourse Subsequent chapters are organized around ethical themes and theoretical questions that have animated debates throughout the ages including the nature of practical rationality scientific reasoning wisdom the law equality power violence and identity **A Historical Sociology of Disability** Bill Hughes, 2019-09-26 Covering the period from Antiquity to Early Modernity *A Historical Sociology of Disability* argues that disabled people have been treated in Western society as good to mistreat and with the rise of Christianity good to be good to It examines the place and role of disabled people in the moral economy of the successive cultures that have constituted Western civilisation This book is the story of disability as it is imagined and re imagined through the cultural lens of ableism It is a story of invalidation of the material habituations of culture and moral sentiment that paint pictures of disability as what not to be The author examines the forces of moral regulation that fall violently in behind the dehumanising ontological fait accompli of disability invalidation and explores the ways in which the normative community conceived of narrated and acted in relation to disability *A Historical Sociology of Disability* will be of interest to all scholars students and activists working in the field of Disability Studies as well as sociology education philosophy theology and history It will appeal to anyone who is interested in the past present and future of the last civil rights movement **On Politics: A History of Political Thought: From Herodotus to**

**the Present** Alan Ryan,2012-10-22 Looks at the history of politics from Hobbes to the twenty first century [A History of Political Thought](#) Bruce Haddock,2005-09-16 Combines historical and theoretical analysis setting political thought in the context of various frameworks of the modern world From the impact of the French and American revolutions through reaction and constitutional consolidation this book traces the contrasting criteria invoked to justify particular forms of political order from 1789

**Greek Political Theory** Sir Ernest Barker,1918 *The Saturday Review of Politics, Literature, Science and Art* ,1872

**China in Early Enlightenment Political Thought** Simon Kow,2016-08-25 China in Early Enlightenment Political Thought examines the ideas of China in the works of three major thinkers in the early European Enlightenment of the late seventeenth to early eighteenth centuries Pierre Bayle Gottfried Wilhelm Leibniz and the Baron de Montesquieu Unlike surveys which provide only cursory overviews of Enlightenment views of China or individual studies of each thinker which tend to address their conceptions of China in individual chapters this is the first book to provide in depth comparative analyses of these seminal Enlightenment thinkers that specifically link their views on China to their political concerns Against the backdrop especially of the Jesuit accounts of China which these philosophers read Bayle Leibniz and Montesquieu interpreted imperial China in three radically divergent ways as a tolerant atheistic monarchy as an exemplar of human and divine justice and as an exceptional but nonetheless corrupt despotic state The book thus shows how the development of political thought in the early Enlightenment was closely linked to the question of China as a positive or negative model for Europe and argues that revisiting Bayle s approach to China is a salutary corrective to the errors and presumptions in the thought of Leibniz and Montesquieu The book also discusses how Chinese reformers of the late nineteenth and early twentieth centuries drew on Enlightenment writers different views of China as they sought to envisage how China should be remodeled

*The Crimes of the Gestapo* Andrew Cook,2021-11-15 A unique account of the Gestapo through the eyes of British intelligence The book also reveals that the Gestapo was not as all powerful as it is often assumed

*Political Ideas in Modern Britain* Rodney Barker,2013-01-11 The rise of the New Right and the collapse of state communism in 1989 has fundamentally changed political thinking in the late twentieth century Rodney Barker has revised and extended his classic text Political Ideas in Modern Britain in the light of these changes His accessible account of political thinking in Britain since the 1880s now includes detailed analysis of the demise of traditional conservatism and socialism the rise and decline of the New Right the growth of feminism liberalism and pluralism Political Ideas in Modern Britain charts the changing intellectual landscape of political thinking illustrating how contemporary political thought is both rooted in tradition and a radical transformation of it Whether the future is liberal communitarian pluralist or simply uncertain this is an essential guide for students of British politics Rodney Barker is Senior Lecturer in Government at the London School of Economics and Political Science

*The Problematics of Moral and Legal Theory* Richard A. Posner,2009-06-01 Ambitious legal thinkers have become mesmerized by moral philosophy believing that great figures in the philosophical tradition hold

the keys to understanding and improving law and justice and even to resolving the most contentious issues of constitutional law They are wrong contends Richard Posner in this book Posner characterizes the current preoccupation with moral and constitutional theory as the latest form of legal mystification an evasion of the real need of American law which is for a greater understanding of the social economic and political facts out of which great legal controversies arise In pursuit of that understanding Posner advocates a rebuilding of the law on the pragmatic basis of open minded and systematic empirical inquiry and the rejection of cant and nostalgia the true professionalism foreseen by Oliver Wendell Holmes a century ago A bracing book that pulls no punches and leaves no pieties unpunctured or sacred cows unkicked **The Problematics of Moral and Legal Theory** offers a sweeping tour of the current scene in legal studies and a hopeful prospect for its future

**On the History of Political Philosophy** W Julian Korab-Karpowicz, 2015-07-14 Intended for use in courses on political philosophy or the history of political philosophy **On the History of Political Philosophy** provides a critical account of Western political philosophy from classical Greece to modern times Demonstrating the continued relevance of historical ideas to today s problems the author traces ongoing discussions about justice power and human nature by examining the ideas of key political theorists

**Philosophy and the Social Problem** Will Durant, 1917 *Who is this Schiller Now?* Jeffrey L. High, Nicholas Martin, Norbert Oellers, 2011 The works of Friedrich Schiller 1759 1805 an innovative and resonant tragedian and an important poet essayist historian and aesthetic theorist are among the best known of German and world literature Schiller s explosive original artistry and feel for timely and enduring personal tragedy embedded in timeless sociohistorical conflicts remain the topic of lively academic debate The essays in this volume address the many flashpoints and canonical shifts in the cyclically polarized reception of Schiller and his works in pursuit of historical and contemporary answers to Samuel Taylor Coleridge s expression of frightened admiration in 1794 *Who is this Schiller* The responses demonstrate pronounced shifts from widespread twentieth century understandings of Schiller the overwhelming emphasis here is on Schiller the cosmopolitan realist and little or no trace is left of the ultimately untenable view of Schiller as an abstract idealist who turned his back on politics Publisher s website

Getting the books **Folly And Intelligence In Political Thought** now is not type of challenging means. You could not deserted going afterward ebook gathering or library or borrowing from your associates to entrance them. This is an categorically easy means to specifically get guide by on-line.
