Design Culture Guy Julier, Mads Nygaard Folkmann, Niels Peter Skou, Hans-Christian Jensen, Anders V. Munch, 2019-02-21 Design culture foregrounds the relationships between the domains of design practice design production and everyday life Unlike design history and design studies it is primarily concerned with contemporary design objects and the networks between the multiple actors engaged in their shaping functioning and reproduction It acknowledges the rise of design as both a key component and a key challenge of the modern world Featuring an impressive range of international case studies Design Culture interrogates what this emergent discipline is its methodologies its scope and its relationships with other fields of study The volume's interdisciplinary approach brings fresh thinking to this fast evolving field of study

Designing Future Cities for Wellbeing Christopher T. Boyko, Rachel Cooper, Nick Dunn, 2020-09-17 Designing Future Cities for Wellbeing draws on original research that brings together dimensions of cities we know have a bearing on our health and wellbeing including transportation housing energy and foodways and illustrates the role of design in delivering cities in the future that can enhance our health and wellbeing It aims to demonstrate that cities are a complex interplay of these various dimensions that both shape and are shaped by existing and emerging city structures governance design and planning Explaining how to consider these interconnecting dimensions in the way in which professionals and citizens think about and design the city for future generations health and wellbeing therefore is key The chapters draw on UK case and research examples and make comparison to international cities and examples This book will be of great interest to researchers and students in planning public policy public health and design
