Awaiting Their Feast Lori A. Flores, 2025-01-10 Though Latinx foodways are eagerly embraced and consumed by people across the United States the nation exhibits a much more fraught relationship with Latinx people including the largely underpaid and migrant workers who harvest process cook and sell this desirable food Lori A Flores traces how our dual appetite for Latinx food and Latinx food labor has evolved from the World War II era to the COVID 19 pandemic using the US Northeast as an unexpected microcosm of this national history Spanning the experiences of food workers with roots in Mexico Puerto Rico Cuba the Dominican Republic Haiti and Central America Flores s narrative travels from New Jersey to Maine and examines different links in the food chain from farming to

restaurants to seafood processing to the deliverista rights movement What unites this eclectic material is Flores's contention that as our appetite for Latinx food has grown exponentially the visibility of Latinx food workers has demonstrably decreased This precariat is anything but passive however and has historically fought and is still fighting against low wages and exploitation medical neglect criminalization and deeply ironic food insecurity **La Buena Mesa** Himilce Novas, 2013-01-23

Culinary Art and Anthropology Joy Adapon, 2008-08-01. Culinary Art and Anthropology is an anthropological study of food. It focuses on taste and flavour using an original interpretation of Alfred Gell's theory of the art nexus. Grounded in ethnography, it explores the notion of cooking as an embodied skill and artistic practice. The integral role and concept of flavour in everyday life is examined among cottage industry barbacoa makers in Milpa Alta, an outer district of Mexico City. Women's work and local festive occasions are examined against a background of material on professional chefs who reproduce traditional Mexican cooking in restaurant settings. Including recipes to allow readers to practise the art of Mexican cooking. Culinary Art and Anthropology offers a sensual, theoretically sophisticated model for understanding food anthropologically. It will appeal to social scientists, food lovers, and those interested in the growing fields of food studies and the anthropology of the senses.

Texas Monthly On . . . editors of Texas Monthly, 2009-02-17. From reviews of the newest hippest restaurants in cities across Texas to stories about the comfort foods we all love, Texans have long relied on Texas Monthly to dish up some of the best writing about food in the Lone Star state. This anthology brings together twenty-eight classic articles about food in Texas and the culture that surrounds it: markets that purvey exotic and traditional foods, well-known chefs, tributes to the cooks and cookbooks of days gone by, and even a feature on how to open a restaurant. Many of the articles are by Patricia Sharpe, Texas Monthly's longtime restaurant critic and winner of the James Beard Journalism Award for Magazine Feature Writing without Recipes. Joining her are Texas Monthly editor Evan Smith and contributors Gary Cartwright, Jordan MacKay, Skip Hollandsworth, Pamela Colloff, Anne Dingus, Suzy Banks, Joe Nick Patoski, and Prudence Mackintosh.

Americans at the Table: Reflections on Food and Culture, Santa Fe Elizabeth West, 2012. This question and answer book contains 400 reminders of what is known and what is sometimes forgotten or misunderstood about a city that was founded more than 400 years ago. Not a traditional history book, this group of questions is presented in an apparently random order and the answers occasionally meander off topic as if part of a casual conversation.
