Food Aid Reconsidered Assessing The Impact On Third World Countries:

Food Aid Reconsidered Edward Clay, Olav Stokke, 2025-06-20 Food aid continues to be a high profile and perhaps the most controversial form of aid Food Aid Reconsidered Assessing the Impact on Third World Countries originally published in 1991 which concentrates on recent experience especially in Sub Saharan Africa provided a stocktaking on the state of the debate and the contribution that economics and other social sciences had made to resolving many of the controversies surrounding food aid at the time These issues include the gap between the potential and actual contribution of food aid on food security and agricultural production in developing countries European dairy aid to India and possible alternatives to exporting food from developed countries for providing humanitarian assistance to hungry people Today it can be read in its historical context

The UN and Development Olav Stokke, 2009-07-06 The UN and Development provides the first comprehensive overview of the development policies and activities of the United Nations system from the late 1940s to the present With an explicit focus on the history of the ideas that have been generated institutionalized and implemented by UN organizations this book examines changing trends in development paradigms from the concept of technical assistance to underdeveloped countries as they were called in the late 1940s to development cooperation in the 21st century Olav Stokke traces this fascinating story and demonstrates the UN's essential role and its future challenges in aiding the least developed countries and the globe's billion poorest inhabitants

Food and Culture Carole Counihan, Penny Van Esterik, 2013 This reader reveals how food habits and beliefs both present a microcosm of any culture and contribute to our understanding of human behaviour Particular attention is given to how men and women define themselves differently through food choices

The International Politics of Genetically Modified Food R. Falkner, 2015-12-11 Genetically modified food is at the heart of a new global conflict over how to govern risky technologies in an era of globalization This timely collection brings together experts from the fields of IR environmental studies trade and law to examine the sources of international friction and to explore the prospects for international co operation

European Development Cooperation Paul Hoebink, 2010 Annotation This title can be previewed in Google Books <http://books.google.com/books?vid=ISBN9789089643100> This title is available in the OAPEN Library <http://www.oapen.org>

World Food Security D. Shaw, 2007-09-28 This book is the first comprehensive account of the numerous attempts made since the Second World War to provide food security for all It provides a reference source for all those involved and interested in food security issues

Aid and Macroeconomic Performance Howard White, 2016-07-27 This book presents an accounting framework to critically review existing studies of aid's macroeconomic effects and as a basis for four country studies on Guinea Bissau Nicaragua Tanzania and Zambia This framework focuses on the impact of different types of aid on the level and composition of key macroeconomic aggregates such as imports investment and government expenditure The importance of the relationship between aid and policy reform is also stressed The case studies find that aid has had a generally positive contribution though recommendations to further

improve aid impact are also given **Food, Agriculture, And Rural Policy Into The Twenty-first Century** Milton C. Hallberg, 2019-04-12 This book contributes to 1995 policymaking by offering information concerning an array of issues fundamentally important to the U S agricultural and food sector It reviews a set of policy approaches for dealing with these issues and assesses trade offs among these alternative approaches **The 1992 Single European Market and the Third World** S. Sideri, Jayshree Sengupta, 1992 Comprises a group of essays some of which were originally presented at the Sixth European Association of Development Research and Training Institutes EADI Conference held in Oslo in June 1990

India's White Revolution Bruce A. Scholten, 2010-07-30 As millions continue to face a future of food poverty lessons can be learned by considering how farmer cooperatives succeeded in improving India s food security Operation Flood which revitalised the Indian dairy industry between 1970 and 1996 was the world s largest development programme however critics accused it of luring India to neocolonial dependence on European surpluses Eventually the perils of reliance on food aid were managed by proper pricing policies that both benefited rural farming families and wiped out urban milk famines In 2008 the World Bank hailed the programme s success and now promotes similar schemes in Africa A detailed understanding of India s White Revolution is therefore imperative in the context of its future use in the developing world *Children in the International Political Economy* G. Kent, 1995-09-13 The first line of responsibility for children lies with their parents but what if the parents fail to look after their children Who else is involved and what should they do *Children in the International Political Economy* examines the moral responsibilities of different individuals and agencies towards children and argues that some responsibilities should be codified as concrete legal duties If all else fails children must look to the international community for help Thus international agencies should recognize specific obligations to look after the well being of children around the world The Hunger Report 1995 E. Messer, P. Uvin, 2005-11-04 The Hunger Report 1995 highlights progress during the past five years on the problems of food shortage poverty related hunger maternal child nutrition and health and micronutrient malnutrition It is constructed from papers and discussions presented at the five year follow up to the Bellagio Declaration Overcoming Hunger in the 1990s 1989 Individual essays by hunger researchers monitors and policy makers assess advances in achieving the Bellagio goals which are 1 to end famine deaths especially by moving food into zones of armed conflict 2 to end hunger in half the world s poorest households 3 to eliminate at least half the hunger of women and children by expanding maternal child health coverage and 4 to eliminate vitamin A and iodine deficiencies as public health problems Ibss: Political Science: 1991 British Library of Political and Economic Science, 1993 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **Aid and Political Conditionality** Olav Stokke, 2013-04-03 Foreign aid has increasingly become subject to political conditionality In the 1980s some institutions made aid dependent upon the recipient countries economic policy reforms Market liberalisation was the primary instrument

and objective In the 1990s such conditionality was brought one step further aid was now linked to political reforms affecting recipient countries governing systems requiring democracy human rights and good governance This volume looks at these developments and considers the conditionality policies of several European aid donors Such policies are also considered from recipient perspectives both from the Third World and Russia and the issue is also considered from a historical perspective

Latin American and East European Economies in Transition Claude Auroi,1998 Within the global framework of the major transformation of development models the various contributors to this collection seek to compare the Latin American experiences of macroeconomic changes or adjustments with those of East European countries

Regions and Development Sheila Page,2020-12-15 At the 1996 EADI Conference the papers presented in the World Trade and Trade Policy workshop looked at the new trends in regionalism from a variety of points of view for different institutions They considered the effects of regions their implications for policy and performance in the developing countries and for international economic institutions and tried to interpret them in terms of economic and political theory

Policy Coherence in Development Co-operation Jacques Forster,Olav Schram Stokke,2013-09-13 In the 1990s a shared conviction emerged among aid donors that their policies should be more coherent The drive towards increased policy coherence came as a response to a state of policy incoherence The shifting grounds of policy coherence in development co operation are outlined in this volume

Market Forces and World Development Renee Prendergast,Frances Stewart,1994-02-12 The increasing liberalization and globalisation of the world economy has not been accompanied by convergence in the various indicators of economic and social development The papers in this volume go some way towards explaining why the increasing reliance on market forces may lead to greater divergences in economic performance They also point to the importance for the development process of social solidarity and institutions which encourage co operative approaches to problem solving

International Development Assistance Olav Stokke,2019-03-08 This book provides a comprehensive search for the basic political drivers of international development cooperation based on the policy and performance of the OECD countries from the early 1960s to the present The author focuses on the stated and implemented policies of the four so called frontrunners and the Western hegemon scrutinizing the changing trends in the justifications objectives and guidelines set for the policy and their evolving performance vis vis the international ODA target Through extensive research the work examines predominant world views societal value systems and foreign policy traditions in order to find the policy drivers that vary nation to nation and how development assistance has evolved globally

Integrating Agriculture, Conservation and Ecotourism: Societal Influences W. Bruce Campbell,Silvia López Ortíz,2012-06-23 Agroecology not only encompasses aspects of ecology but the ecology of sustainable food production systems and related societal and cultural values To provide effective communication regarding status and advances in this field connections must be established with many disciplines such as sociology anthropology environmental sciences ethics agriculture economics

ecology rural development sustainability policy and education or integrations of these general themes so as to provide integrated points of view that will help lead to a more sustainable construction of values than conventional economics alone. Such designs are inherently complex and dynamic and go beyond the individual farm to include landscapes, communities and biogeographic regions by emphasizing their unique agricultural and ecological values and their biological, societal and cultural components and processes.
