 great trees of human culture religion art and science This exploration is undertaken in the light of a third mystery the cross
 of Christ is the clearest picture we have of the triune Creator of both cosmos and consciousness That self emptying of the
 Creator out of love for the creation helps us understand the pleasures paradoxes and pains of science it helps us understand
 how evolution can be another name for creation it casts light on the Enlightenment and Romanticism In particular it
 illuminates the environmental movement an ethic in search of a religion Loren Wilkinson drawing on fifty years of teaching
