**Library of Congress Subject Headings** Library of Congress,2013      **The Art of Football** Michael Oriard,2017-08

The Art of Football is a singular look at early college football art and illustrations This collection contains more than two hundred images many rare or previously unpublished from a variety of sources including artists Winslow Homer Edward Penfield J C Leyendecker Frederic Remington Charles Dana Gibson George Bellows and many others Along with the rich art that captured the essence of football during its early period Michael Oriard provides a historical context for the images and for football during this period showing that from the beginning it was perceived more as a test of courage and training in manliness than simply an athletic endeavor Oriard s analysis shows how these early artists had to work out for themselves and for readers what in the new game should be highlighted and how it should appear on the page or canvas The Art of Football takes modern readers back to the day when players themselves were new to the sport and illustrators had to show the public what the new game of football was Oriard demonstrates how artists focused on football s dual nature as a grueling sport to be played and as a social event and spectacle to be watched Through its illustrations and words The Art of Football gives readers an engaging look at the earliest depictions of the game and the origins of the United States as a football nation

Football and Literature in South America David Wood,2017-02-10 South America is a region that enjoys an unusually high profile as the origin of some of the world s greatest writers and most celebrated footballers This is the first book to undertake a systematic study of the relationship between football and literature across South America Beginning with the first football poem published in 1899 it surveys a range of texts that address key issues in the region s social and political history Drawing on a substantial corpus of short stories novels and poems each chapter considers the shifting relationship between football and literature in South America across more than a century of writing The way in which authors combine football and literature to challenge the dominant narratives of their time suggests that this sport can be seen as a recurring theme through which matters of identity nationhood race gender violence politics and aesthetics are played out This book is

fascinating reading for any student scholar or serious fan of football as well as for all those interested in the relationship between sports history literature and society      **Football in Fiction** Lee McGowan, 2019-09-26 Football in Fiction represents the most comprehensive historical mapping and analysis of novels related to association football soccer It offers a theoretically informed field guide a scholarly cartography of football fiction's uncertain and until now only partially explored terrain Combining an extensive search for texts with up to date academic research journals surveys catalogues and reviews the book demonstrates a topographic perspective of the field one that captures and establishes its breadth depth and distinctive identity The book uses and adapts two distinct reading models of abstraction in conjunction with closer textual analyses Together they assist in realising a set of demonstrable conventions outline a taxonomy of fictive types establish the genre's current state of play and advance the football novel as a form with its own literary history and traditions This book is a valuable resource for those studying and researching in the areas of the social and cultural aspects of football sports fiction sports writing creative writing and literary and genre studies Furthermore related industry professionals will find this a fascinating read particularly football writers fans of the sport and those interested in sports history and cultural phenomena

*King Football* Michael Oriard, 2005-12-15 This landmark work explores the vibrant world of football from the 1920s through the 1950s a period in which the game became deeply embedded in American life Though millions experienced the thrills of college and professional football firsthand during these years many more encountered the game through their daily newspapers or the weekly Saturday Evening Post on radio broadcasts and in the newsreels and feature films shown at their local movie theaters Asking what football meant to these millions who followed it either casually or passionately Michael Oriard reconstructs a media created world of football and explores its deep entanglements with a modernizing American society Football claims Oriard served as an agent of Americanization for immigrant groups but resisted attempts at true integration and racial equality while anxieties over the domestication and affluence of middle class American life helped pave the way for the sport's rise in popularity during the Cold War Underlying these threads is the story of how the print and broadcast media in ways specific to each medium were powerful forces in constructing the football culture we know today

**A Place on the Team** Sheila Blackburn, 2011-11-08 Sam's Football Stories are specially written to stimulate and motivate your slower learners and reluctant readers Written by Sheila Blackburn an experienced primary school teacher the books will appeal particularly to reluctant boy readers The six compelling stories in Set A tell the story of Sam a football crazy boy It is the moment Sam and his friends have been waiting for Everyone is in the big room eagerly awaiting the news from Eddie about who is on the team for the first match Mr Bond has agreed that they can borrow the school's shirts and bibs but who will be on the team Let your pupils follow this dream come true for Sam and his friends Join in the fun and excitement as they begin training pick a team join a league and enter a tournament Provide stimulation and motivation especially for boys who are slower learners or reluctant readers Gripping story lines make children want to read the next

book Designed to look like books more able children are reading with attractive covers and black and white illustrations inside Vocabulary and sentence structure carefully controlled for easy reading Number of words per book increases as you progress through the series Uses clear font and print style To extend the stories further use Sam's Football Stories Your Chance to Score a photocopiable teacher resource linked to the stories in Set A      **Boys' Life** ,1967-01 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting
