Buton's History of Buddhism in India and Its Spread to Tibet Buton Richen Drup, 2013-08-20 This 14th century lively history introduces basic Buddhism as practiced throughout India and Tibet and describes the process of entering the Buddhist path through study and reflection In the first chapter we read about the structure of Buddhist education and the range of its subjects and we are treated to a rousing litany of the merits of such instruction In the second chapter Buton introduces us to the buddhas of our world and eon three of whom have already lived taught and passed into transcendence before examining in detail the fourth our own Buddha Shakyamuni Buton tells the story of Shakyamuni in his past lives then presents the path the Buddha followed the same that all historical buddhas including future ones must follow Only at the conclusion of the discussion of the result enlightenment do we return to the specific case of the Buddha and his twelve deeds This marks the start of the history of the Buddha as most of us imagine it After the Buddha's story Buton recounts three compilations of Buddhist scriptures and then quotes from sacred texts that foretell the lives and contributions of great Indian Buddhist masters which he then relates The chapter concludes with the tale of the Buddhist doctrine's eventual demise and disappearance a concept and a tale squarely within the Mahayana The final chapter the shortest of the three gives an account of the inception and spread of Buddhism in Tibet focused mainly on the country's kings and early adopters of the foreign faith The watershed debate at Samye Monastery between representatives of Chinese and Indian styles of Buddhist practice is given the most attention in this chapter An afterword by Ngawang Zangpo one of the translators discusses and contextualizes Buton's exemplary life his turbulent times and his prolific works

Cuevas examines a fascinating but little known genre of Tibetan narrative literature about the d lok ordinary men and women who claim to have died traveled through hell and then returned from the afterlife These narratives enjoy audiences ranging from the most sophisticated monastic scholars to pious townsfolk villagers and nomads Their accounts emphasize the universal Buddhist principles of impermanence and worldly suffering the fluctuations of karma and the feasibility of obtaining a favorable rebirth through virtue and merit Providing a clear detailed analysis of four vivid return from death tales including the stories of a Tibetan housewife a lama a young noble woman and a Buddhist monk Cuevas argues that these narratives express ideas about death and the afterlife that held wide currency among all classes of faithful Buddhists in Tibet Relying on a diversity of traditional Tibetan sources Buddhist canonical scriptures scholastic textbooks ritual and meditation manuals and medical treatises in addition to the d lok works themselves Cuevas surveys a broad range of popular Tibetan Buddhist ideas about death and dying He explores beliefs about the vulnerability of the soul and its journey beyond death karmic retribution and the terrors of hell the nature of demons and demonic possession ghosts and reanimated corpses Cuevas argues that these extraordinary accounts exhibit flexibility between social and religious categories that are conventionally polarized and concludes that contrary to the accepted wisdom such rigid divisions as elite and folk monastic and lay religion are not sufficiently representative of traditional Tibetan Buddhism on the ground This study offers innovative perspectives on popular religion in Tibet and fills a gap in an important field of Tibetan literature

Echoes from Forgotten Mountains Jamyang Norbu, 2023-07-24 Jamyang Norbu has taken the stories of forgotten Tibetans resistance fighters secret agents soldiers peasants merchants even street beggars and skillfully worked their myriad accounts into a single glorious memory history of the Tibetan struggle He uses recollections from his own childhood to ease the reader into an immersive understanding of the complexity of Tibet s modern history the Chinese invasion the uprisings in

Kham and Amdo the formation of the Four Rivers Six Ranges Resistance Force the March 59 Lhasa Uprising the CIA supported Air Operations the Nyemo peasant Uprising of 68 69 and the Mustang Guerilla Force in northern Nepal where Norbu later served He writes of leaving home to drive tractors at refugee settlements educate refugee children produce plays at the Tibetan Institute of Performing Arts and collect intelligence for the Tibetan Office of Research and Analysis TORA and for France s External Intelligence Agency SDECE He uses these anecdotes not so much as autobiography but as a framing device to recount the lives deeds and too often tragedies of the many Tibetans he encountered and befriended throughout his lifenearly all of whom played vital roles in shaping the recent history of their country but whose contributions are still unsung and forgotten Jamyang Norbu s lifelong commitment to collecting and orchestrating the echoes of these many forgotten voices from the past has resulted in a lyrical learned and compassionate book that could well be described as the prose epic of the Tibetan freedom struggle *Proceedings of the Tenth Seminar of the IATS, 2003. Volume 14: Old Tibetan Studies*, 2012-08-17 Old Tibetan Studies edited by Cristina Scherrer Schaub is an inquiry into secular and religious Old Tibetan documents from Central Asia and Tibet The volume is written with the intent to confront facts and textualization and contribute to the clarification of particular aspects of the administrative and legislative organization the ecclesiastical institution and the religious monastic intellectual and material culture of Old Tibet and its borderlands The material is critically examined from different perspectives focusing on classical disciplines history linguistics lexicography philology codicology and diplomacy With contributions by Roland Bielmeier Anne Chayet Helga Uebach Kazushi Iwao Siglinde Dietz Yoshiro Imaeda Bianca Horlemann Brandon Dotson Tsuguhito Takeuchi and Cristina Scherrer Schaub **The Dalai Lama and the Emperor of China** Peter Schwieger, 2015-03-31 A major new work in modern Tibetan history this book follows the evolution of Tibetan Buddhism s tr lku reincarnation tradition from the seventeenth to the nineteenth centuries along with the Emperor of China s efforts to control its development By illuminating the political aspects of the tr lku institution Schwieger shapes a broader history of the relationship between the Dalai Lama and the Emperor of China as well as a richer understanding of the Qing Dynasty as an Inner Asian empire the modern fate of the Mongols and current Sino Tibetan relations Unlike other pre twentieth century Tibetan histories this volume rejects hagiographic texts in favor of diplomatic legal and social sources held in the private monastic and bureaucratic archives of old Tibet This approach draws a unique portrait of Tibet s rule by reincarnation while shading in peripheral tensions in the Himalayas eastern Tibet and China Its perspective fully captures the extent to which the emperors of China controlled the institution of the Dalai Lamas making a groundbreaking contribution to the past and present history of East Asia **Proceedings of the Tenth Seminar of the IATS, 2003. Knowledge, Book Six, Parts One and Two Jamgon Kongtrul Lodro Taye, 2013-01-08 Jamgon Kongtrul's encyclopedic Treasury of Knowledge presents a complete account of the major lines of thought and practice that comprise Tibetan Buddhism. Among the ten books that make up this tour de force, Book Six is by far the longest, concisely summarizing the theoretical fields of knowledge to be studied prior to the cultivation of reflection and discriminative awareness. The first two parts of Book Six, contained in this volume, respectively concern Indo-Tibetan classical learning and Buddhist phenomenology. The former analyzes the traditional subjects of phonology and Sanskrit grammar, logic, fine art and medicine, along with astrology, poetics, prosody, synonymics and dramaturgy. The principal non-Buddhist philosophical systems of ancient India are then summarized and contrasted with the hierarchical meditative concentrations and formless absorptions through which the summit of cyclic existence can genuinely be attained. Part Two examines the phenomenological structures of Abhidharma, the shared inheritance of all Buddhist traditions from three distinct perspectives corresponding to the three successive turnings of the doctrinal wheel.

The History of China, **The Life and Revelations of Pema Lingpa**, 2003-07-31 These fascinating discussions between 11th-century court ladies and the great master Padmasambhava, available for the first time in English, weave intriguing issues of gender into Buddhist teachings. The women's doubts and hesitations are masterfully resolved in these impassioned exchanges. The wonderful material in this book is part of a terma treasure revealed by Pema Lingpa (1450-1521), the greatest tertön treasure revealer of the Himalayan kingdom of Bhutan. The pithy collection is rounded out by Pema Lingpa's astonishing life story.

[The Buddha's Single Intention](#) Jan-Ulrich Sobisch, 2020-04-14 The definitive presentation of one of the most unique and compelling works of classical Tibetan literature. This book presents an influential and extraordinary teaching of the Kagy tradition of Tibetan Buddhism, known as the Single Intention, by the master Drigung Jikten Sumgön (1143-1217) along with its chief commentaries, principally the *Light of the Sun* by Rikzin Chökyi Drakpa (1595-1659). Early in the history of the Kagy school, the teachings of

Jikten Sumg n were condensed into 150 core formulations called vajra statements. These pithy revelatory statements comprise the Single Intention Dgongs gcig which presents the thought of the Buddha and the nature of the ineffable brjod du med pa in concise and direct expression. The Single Intention weaves the thread of ineffable mahamudra through the entire fabric of Buddhism. It presents mahamudra as pervading disciplined conduct, meditative concentration and discriminative knowledge, ground, path and result, view, practice and conduct, and the three vows of pratimoksa of the bodhisattvas and of mantra. Jikten Sumg n teaches how the fundamental values and insights revealed by the Buddha are woven into reality and therefore accessible to all. Jan Ulrich Sobisch manages to convey the unity of the Buddha's message both in its particulars and in its scope. His deep and authoritative skill makes this the definitive presentation of one of the most unique and compelling works of classical Tibetan literature.
