argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God The book unfolds in two main parts illustrating the full gospel story and theology Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology formulate a Pentecostal theology of action translate apply and exemplify Pentecostal practices and experiences and integrate Pentecostal theology in the wider Christian tradition

Macchia, 2016-04-11 The book of Revelation is perhaps the most theologically complex and literarily sophisticated and also the most sensual document in the New Testament In this commentary John Christopher Thomas's literary and exegetical analysis makes the challenging text of Revelation more accessible and easier to understand Frank Macchia follows up with sustained theological essays on the book's most significant themes and issues accenting especially the underappreciated place of the Holy Spirit in the theology of Revelation

**Liturgy with a Difference** Stephen Burns,Bryan Cones,2019-05-30 Christian churches in recent decades have taken some steps in their practices of liturgy and worship toward acknowledging the graced dignity of human variety But who is still excluded What pernicious norms still govern below the surface and how might they be revealed How do texts gestures and space abet and enforce such norms How might Christian assemblies gather multiple expressions of human difference to propose through Christian liturgy patterns of graced interaction in the world around them Liturgy with a Difference gathers a broad range of international theologians and scholars to interrogate current practices of liturgy and worship in order to unmask ways in which dehumanizing majoritarianisms and presumed norms of gender culture ethnicity and body among others remain at work in congregations Together the chapters in this collection call for a liturgical practice that recognizes and rehearses the vivid richness of God s image found in the human community and glimpsed if only for a moment in

liturgical celebration They point a way beyond mere inclusion toward a generous embrace of the many differences that make up the Christian community With contributions from Rachel Mann Teresa Berger Susannah Cornwall Miguel A DeLa Torre Edward Foley W Scott Haldeman Michael Jagessar Bruce T Morrill Kristine Suna Koro and Frank Senn Foreword by Ann Loades

**The Gospel of John in Cultural and Rhetorical Perspective** Jerome H. Neyrey, 2009-11-10 John's Gospel has been studied and evaluated and interpreted constantly by theologians throughout the ages Can anything more possibly be said Jerome Neyrey says it can indeed by interpreting it in two fresh ways by means of ancient rhetoric and by viewing it in its cultural context In order to find patterns and concepts that have a bearing on how to read John Neyrey examines the rhetoric of praise and blame described in the ancient encomium the Greek commonplace on noble death rules for rhetorical conclusions and Jewish background materials He then uses materials from cultural anthropology such as the effects of limited good and envy secrecy and brokerage Even innocent topics such as time and space have much to say about interpreting the figure of Jesus In viewing John through these two lenses The Gospel of John in Cultural and Rhetorical Perspective brings the book into clear focus as a truly maverick gospel

**T&T Clark Handbook of Sacraments and Sacramentality** Martha Moore-Keish, James Farwell, 2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord's Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies

**Pentecostal Formation** Cheryl Bridges Johns, 2010-11-01 The Pentecostal movement has been subject to some negative external assumptions In this enlightening and challenging book Cheryl Bridges Johns argues that in fact Pentecostals employ a powerful process of formation of catechesis which has enabled millions of believers to own and articulate the Christian story She engages dialectically with the work of Paulo Freire a specialist in education among the marginalized As well as looking more broadly at the nature of all catechesis there is also an attempt to move beyond the rationalism found in a praxis epistemology

**Sense Perception and Testimony in the Gospel According to John** Sunny Kuan-Hui Wang, 2017-06-02 In this book Sunny Kuan Hui Wang explores the relationship between sense perception and

testimony in the Gospel of John While Johannine scholars tend to focus on one or the other she shows that sense perception and testimony are both significant and are used together with the intention of drawing readers into the narrative so that they become witnesses in an emotionally engaged way It is argued that John s use of sense perception together with testimony is rooted in Jewish literature Yet John also employs a Graeco Roman rhetorical technique enargeia which appeals to the persuasive power of sense perception to make his narrative vivid John does not downplay sense perception Rather he uses it in the context of testimony as a means of persuasion to draw the readers in their imagination into the experience of the first disciples and thus deeper into faith and witness

**Purity in the Gospel of John** Wil Rogan,2023-06-15 Wil Rogan argues that contrary to twentieth century interpretation the Fourth Gospel did not replace purity with faith in Jesus Instead as with other early Jewish writings its discourse about purity functions as a way to make sense of life before God in the world He suggests that John s Gospel employs biblical and early Jewish traditions of purity associated with divine revelation and Israel s restoration to narrate how God s people are prepared for the coming of Jesus and enabled by him to have life with God characterized by love After evaluating different theories of purity for the interpretation of the Fourth Gospel Rogan explores John the Baptist as an agent of ritual purification Jesus as the agent of moral purification and the disciples of Jesus as ones who are or are not made morally pure by Jesus While purity is not one of the Fourth Gospel s primary focuses Rogan stresses that the concept figures into some of its most significant claims about Christology the doctrine of salvation and ethics Through purity the Fourth Gospel guards continuity with the past while placing surprising conditions on participation in Israel s future

**Early Christian Ethics in Interaction with Jewish and Greco-Roman Contexts** Jan Willem van Henten,Joseph Verheyden,2012-11-29 Early Christian Ethics in Interaction with Jewish and Greco Roman Contexts focuses upon the nexus of early Christian Ethics and its contexts as a dynamic process The ongoing interaction with Jewish Greco Roman or early Christian traditions as well as with the social historical context at large continuously transformed early Christian ethics The volume proposes a dynamic model for studying culture and its various expressions in a society composed of several ethnic and religious groups The contributions focus on specific transformations of ethics in key documents of early Christianity or take a more comparative perspective pointing to similar developments and overlaps as well as particularities within early Christian writings Hellenistic Jewish writings Dead Sea Scrolls and Jewish inscriptions

**The Lord's Supper** Dale Stoffer,2019-10-28 This work gives a stimulating overview of the history theology and practice of the Lord s Supper in denominations that share the common heritage of believers baptism The essays first developed for a major conference at Ashland Theological Seminary discuss sharing the bread and cup footwashing and the love feast Several scholars examine the witness of Scripture and of church history on communion Others describe the current practice and theology of the Lord s Supper in denominations as varied as Baptist and Quaker Seventh Day Adventist and African Methodist Church conferences beginning in 1967 and their related publications Here is a rare opportunity to observe the special significance of this sacred

ceremony in believers church      **The Art of Reading Scripture** Ellen F. Davis, Richard B. Hays, 2003-10-02 The difficulty of interpreting the Bible is felt all over today Is the Bible still authoritative for the faith and practice of the church If so in what way What practices of reading offer the most appropriate approach to understanding Scripture The church's lack of clarity about these issues has hindered its witness and mission causing it to speak with an uncertain voice to the challenges of our time This important book is for a twenty first century church that seems to have lost the art of reading the Bible attentively and imaginatively The Art of Reading Scripture is written by a group of eminent scholars and teachers seeking to recover the church's rich heritage of biblical interpretation in a dramatically changed cultural environment Asking how best to read the Bible in a postmodern context the contributors together affirm up front Nine Theses that provide substantial guidance for the church The essays and sermons that follow both amplify and model the approach to Scripture outlined in the Nine Theses Lucidly conceived carefully written and shimmering with fresh insights The Art of Reading Scripture proposes a far reaching revolution in how the Bible is taught in theological seminaries and calls pastors and teachers in the church to rethink their practices of using the Bible Contributors Gary A Anderson Richard Bauckham Brian E Daley Ellen F Davis Richard B Hays James C Howell Robert W Jenson William Stacy Johnson L Gregory Jones Christine McSpadden R W L Moberly David C Steinmetz Marianne Meye Thompson      **From 'Mission-Shaped' to 'Jesus-Shaped' Church** Susan Beverley Cross, 2025-03-10 Hospitality is often invoked without question in Church of England discourse but the importance of the practice to contemporary mission has not been subject to detailed analysis This book provides otherwise elusive in depth theological examination of the scope of Christian understandings of hospitality From feasting in the Hebrew Scriptures and foot washing in the New Testament to online Communion during the COVID 19 pandemic hospitality is more than welcome or the evangelistic hospitality of the Alpha Course or Messy Church So this book encompasses racism ageing poverty tragedy storytelling minds bodies and belonging as well as the implications of allying food to Christian formation It shows that Christian hospitality has relevance not only to mission but also to ecclesiology eschatology disability theology and social and ecological justice
