Showing Up Nedd Brockmann, 2023-10-04 Get comfortable with being uncomfortable the story of a 23 year old tradie who put his body through hell and back 10 times to prove that anything is possible when you break past your own barriers Longlisted for the Indie Book Awards 2024 Nedd Brockmann isn't afraid to dream big Fresh after running fifty marathons in fifty days the twenty three year old had an idea a 4000 kilometre run across Australia averaging 100 kilometres per day with the aim of completing it in the fastest known time of 43 days He wasn't chasing fame or public recognition He just wanted to test his limits and raise a million dollars for homelessness in the process Most said he was crazy others claimed it couldn't be done But those who know Nedd knew never to doubt him They understood that this is someone who will do whatever it takes to finish what he started and that when he commits his mind to something he always gets it done Understanding the mindset of someone predisposed to such feats of voluntary suffering has been nearly impossible until now With his trademark humour and unfiltered style Nedd recalls the lessons learned on sporting fields that cultivated discipline the setbacks that tested his resolve and the relationships that proved most important of all those who instilled the importance of hard work of never giving up and to always give back generously

Anderson,2016-05-20 Innovative Catholicism and the Human Condition gives an anthropological account of a progressive religious movement in the Roman Catholic Church that is attempting to reconcile religious conviction and reason and ergo modify the human condition Investigation is given to a representative group of this movement Innovative Catholics who are endeavouring to maintain the momentum for change which began in the 1960s and 1970s They now find themselves caught between traditional notions of religion and a secularised society while trying to reconcile these polarising forces to find a pathway forward While ethnographic fieldwork for this research was conducted in Australia this movement is to be found across the Western world The research is framed by the question posed by Jürgen Habermas who asks whether the democratic constitutional state is able to renew itself and recognises a benefit in learning from religion Cardinal Joseph Ratzinger subsequently Pope Benedict XVI responds by asserting the need for a common ethical basis and limits on reason This latter position however remains problematic for Innovative Catholics who are conscious of history and culture The research explores how Innovative Catholics who in taking the middle position inform this dialectic on secularization through their ideas and practices about the human condition **Let's Never Speak of This Again** Megan Williams,2023-08-29
