

## **“Mother”**

Your love was like moonlight  
turning harsh things to beauty,  
so that little wry souls  
reflecting each other obliquely  
as in cracked mirrors...  
beheld in your luminous spirit  
their own reflection,  
transfigured as in a shining stream,  
and loved you for what they are not.  
You are less an image in my mind  
than a luster  
I see you in gleams  
pale as star-light on a gray wall...  
evanescent as the reflection  
of a white swan  
shimmering in broken water.

Morris, 2014-07-15 This perceptive carefully documented study challenges the traditional assumption that the supernatural virtually disappeared from eighteenth century poetry as a result of the growing rationalistic temper of the late seventeenth century Mr Morris shows that the religious poetry of eighteenth century England while not equaling the brilliant work of seventeenth century and Romantic writers does reveal a vital and serious effort to create a new kind of sacred poetry which would rival the sublimity of Milton and of the Bible itself Tracing the major varieties of religious poetry written

throughout the century by major figures and by their now vanished contemporaries the author explains how later poets and critics made significant departures from the established norms These changes in religious poetry thus become a valuable means of understanding the shift from a neoclassical to a Romantic theory of literature      Powerful Poetry Adrienne Gear,2021-11-10 Powerful Poetry celebrates the beauty power and pleasure of poetry in the classroom This highly readable book outlines the many benefits of integrating poetry into your literacy program including building reading writing and speaking skills nurturing creativity and celebrating language Powerful Poetry provides practical enjoyable lessons for integrating poetry into your year long literacy program and engaging ways to introduce poetic structure language tools and devices Book lists introduce a wide range of wonderful poems and poets Ideal for new and experienced teachers who are looking to bring the power of poetry into their classroom      *The Complete Old English Poems* ,2017-03-03 Includes the Junius manuscript Exeter book Vercelli book Beowulf and Judith metrical psalms of Paris Psalter and the meters of Boethius poems of the Anglo Saxon chronicle riddles charms and a number of minor additional poems      *The Columbia Granger's Guide to Poetry Anthologies* William A. poetics of the earliest English poetry The Sylphs of the Season with Other Poems Washington Allston,2019-12-24 In The  
Sylphs of the Season with Other Poems Washington Allston exhibits a harmonious blend of Romanticism and the burgeoning  
American aesthetic This collection is characterized by its dreamy landscapes and vivid imagery which evoke a sense of  
ethereal beauty while exploring the intricate relationship between nature and human emotion Allston s employment of rich  
metaphors and lyrical cadence invites readers into an enchanted world where sylphs or elemental spirits embody the  
changing seasons The poems serve as reflections on transience and transcendence amidst the disquietude of the human  
experience situating Allston within the context of early 19th century American literature intersecting with both European  
influences and nascent American identity Washington Allston a pivotal figure in the American Romantic movement was not  
only a poet but also a painter thereby engaging with the visual arts to inform his literary voice His deep engagement with  
themes of nature immortality and the sublime can be traced back to his academic pursuits and travels in Europe where he  
encountered the works of noted Romantic artists and writers Allston s unique perspective as a painter allowed him to  
approach poetry with a visual sensibility infusing his verses with vivid imagery and emotive power I highly recommend The  
Sylphs of the Season with Other Poems to readers and scholars alike as it provides an intimate glimpse into the mind of a  
multifaceted artist grappling with the profound truths of existence Allston s lyrical prowess and evocative themes resonate  
deeply making this collection a treasure for those interested in the evolution of American poetry **The Angel of Thought

Murphy an accomplished poet and educator draws from her diverse experiences and deep philosophical inquiries that have

understanding of thought as not merely a cognitive function but a profound interplay with the universe Murphy s nuanced  
perspective enriches her poetry allowing her to address universal themes with intimate authenticity This collection is  
recommended for readers who seek a deeper understanding of themselves and the world around them Murphy s insightful  
reflections will resonate with anyone who appreciates poetry as a means of exploring the profound depths of thought and
