Jean-Michel Basquiat: The Making of an Icon Doug Woodham, 2025-10-14 When Jean Michel Basquiat died in 1988 at the age of twenty seven major critics called his work a flash in the pan and the meteoric rise in the prices of his paintings started to fall back Almost thirty years later Basquiat joined Picasso Modigliani and Munch when one of his paintings sold for over 100 million Nearly four decades after his untimely death he remains one of the most recognizable artists in the world his work not only headlines major museum exhibitions and private collections but also appears on T shirts sneakers tattoos and accessories from Rio to Singapore What happened For the first substantive biography in over twenty five years art world insider Doug Woodham conducted more than 100 interviews with family members friends lovers gallery owners collectors musicians academics and other artists to weave a thoughtful and revealing account of Basquiats life work and legacy Woodhams account takes readers from the artists rich and complex family background through to his commercial and critical resurrection an ascent that has played a role in reshaping the art world In the process he has also crafted a unique account of how the twenty first century art world selects its icons and cements their place in history Jean Michel Basquiat The Making of an Icon examines key aspects of the artists life such as his childhood trauma sexuality cultural identities and struggles with addiction topics long downplayed in the museum and art world arguably due to the controlling role played by his estate Simultaneously Woodham uncovers the

previously untold story of how a few against the grain speculators and gallerists plus his deftly skilled and strategic father the band U2 and a bestselling childrens book all contributed to bringing what Basquiat accomplished back to the centre of the conversation and in the process helped to birth a new era in contemporary art
