Footprints Through My Mind:

From the Fabric of My Mind Thomas Fullmer, *From the Fabric of My Mind* is a book of poetry which reflects my life's experience. The poems reflect a journey to inner awareness and self-actualization. The poems reflect observations of the world around me and the people who have touched my life. One of those people is my dear wife Barbara Ann who passed away this past September due to complications brought on by a debilitating disease. She fought to stay with us but in the end her liver failure took her life. This has left a hole in my heart which can never be filled. The pain she endured was beyond anything I could imagine but some of poetry might come close. Overall the poems in this book of poetry are an expression of my inner truth. They come from the Fabric of My Mind as the title suggests but they also come from the fabric of my heart and soul, the mind being the interface of heart, soul, and body. We think but we also feel and if we can feel deeply enough we come to know who we truly are. I am a widower but I am also a father and grandfather who is trying to fill a space in my kids' and grandkids' hearts now that their mother and grandmother is gone. In a way many of these poems reflect the love shared within the circle of my little family. I hope those who read can find a certain amount of wisdom and truth in what they read.

Pramudith D. Rupasinghe, 2016-03-01. Pramudith D. Rupasinghe was born in Gampaha, Sri Lanka. His multi-disciplinary academic excellence in clinical psychology, political science, development studies, and humanitarian diplomacy, along with linguistic competency in English, French, and Russian, paved his path to enter the humanitarian arena. His humanitarian service has been extended to many parts of the world, working with various organizations including the Red Cross and Red Crescent Movement and the United Nations. *Footprints in Obscurity* is the refreshing experience of a brave young man who stepped in to the unknown a decade and a half ago. The author takes a walk down memory lane as he vividly narrates a series of real stories that are interconnected and built around lives of men and women whom he had the rare opportunity to witness first-hand. A boy who was dreaming to discover the imaginary world that conquered his mind when his father was relating free-time stories realizes his dream after three decades, breaking frontiers and overcoming diverse hurdles on the way. He brings out the voices that were destined to be silent forever to the attention of the world audience in a forceful manner. *Footprints in Obscurity* can be introduced as an impressive effort by the author not only to narrate a true story about Africa.
