FOR ALL THESE RIGHTS

Business, Labor, and the Shaping of America's Public-Private Welfare State

For All These Rights

Thomas Paine

For All These Rights:

For All These Rights Jennifer Klein, 2010-01-02 The New Deal placed security at the center of American political and economic life by establishing an explicit partnership between the state economy and citizens In America unlike anywhere else in the world most people depend overwhelmingly on private health insurance and employee benefits The astounding rise of this phenomenon from before World War II however has been largely overlooked In this powerful history of the American reliance on employment based benefits Jennifer Klein examines the interwoven politics of social provision and labor relations from the 1910s to the 1960s Through a narrative that connects the commercial life insurance industry the politics of Social Security organized labor s quest for economic security and the evolution of modern health insurance she shows how the firm centered welfare system emerged Moreover the imperatives of industrial relations Klein argues shaped public and private social security Looking closely at unions and communities Klein uncovers the wide range of alternative community based health plans that had begun to germinate in the 1930s and 1940s but that eventually succumbed to commercial health insurance and pensions She also illuminates the contests to define security job security health security and old age security following World War II *For All These Rights* traces the fate of the New Deal emphasis on social entitlement as the private sector competed with and emulated Roosevelt s Social Security program Through the story of struggles over health security and old age security social rights and the welfare state it traces the fate of New Deal liberalism as a set of ideas about the state security and labor rights in the 1950s the 1960s and beyond

The Rights of Man for the Use and Benefit of All Mankind Thomas Paine, 1795 *The Rights of Man for the Benefit of All Mankind* Thomas Paine, 1797 *Looking for*

Rights in All the Wrong Places Emily Zackin, 2013-04-21 Unlike many national constitutions which contain explicit positive rights to such things as education a living wage and a healthful environment the U S Bill of Rights appears to contain only a long list of prohibitions on government American constitutional rights we are often told protect people only from an overbearing government but give no explicit guarantees of governmental help *Looking for Rights in All the Wrong Places* argues that we have fundamentally misunderstood the American rights tradition The United States actually has a long history of enshrining positive rights in its constitutional law but these rights have been overlooked simply because they are not in the federal Constitution Emily Zackin shows how they instead have been included in America s state constitutions in large part because state governments not the federal government have long been primarily responsible for crafting American social policy Although state constitutions seemingly mired in trivial detail can look like pale imitations of their federal counterpart they have been sites of serious debate reflect national concerns and enshrine choices about fundamental values Zackin looks in depth at the history of education labor and environmental reform explaining why America s activists targeted state constitutions in their struggles for government protection from the hazards of life under capitalism Shedding much needed light on the variety of reasons that activists pursued the creation of new state level rights *Looking for Rights in All the Wrong*

Places challenges us to rethink our most basic assumptions about the American constitutional tradition *Human Rights and Justice for All* Carrie Walling, 2022-02-16 Human rights is an empowering framework for understanding and addressing justice issues at local domestic and international levels This book combines US based case studies with examples from other regions of the world to explore important human rights themes the equality universality and interdependence of human rights the idea of international crimes strategies of human rights change and justice and reconciliation in the aftermath of human rights violations From Flint and Minneapolis to Xinjiang and Mt Sinjar this book challenges a wide variety of readers students professors activists human rights professionals and concerned citizens to consider how human rights apply to their own lives and equip them to be changemakers in their own communities *Hall's Essay on the Rights of the Crown and the Privileges of the Subject in the Sea Shores of the Realm* Robert Gream Hall, Richard Loveland Loveland, 1875 Reports of Cases Heard and Determined by the Supreme Court of South Carolina South Carolina. Supreme Court, 1878 *Our Journal*, 1920 The Life and Writings of Thomas Paine: The rights of man. v. 1-v. 5. The rights of man. v. 2; Miscellany Thomas Paine, 1908 The Republican Text-book for the Campaign of 1880 Burke Aaron Hinsdale, 1880 The Ohio Nisi Prius Reports, New Series Ohio. Courts, 1906 *The Zionist Review*, 1919 Abbotts' Digest of All the New York Reports, 1913-[1917] Benjamin Vaughan Abbott, 1914 A Treatise on the Law of Receivers James Lambert High, 1876 **The Railroad Trainman**, 1905 Gai Institutiones Gaius, 1925 **The Hague Convention (XIII) of 1907 Concerning the Rights and Duties of Neutral Powers in Naval War** Carnegie Endowment for International Peace.
