Bailey, 1899 *Canadian National Records for Sheep* Canadian national live stock records office, 1927 *Deathstalker Return* Simon R. Green, 2005-02-01 Branded an outlaw and hunted by agents of the Empire Lewis Deathstalker must stop the encroaching Terror that threatens all of humanity But he can succeed only with the help of Owen Deathstalker who supposedly died more than 200 years ago *The Business of Beauty* Jessica P. Clark, 2020-04-30 The Business of Beauty is a unique exploration of the history of beauty consumption and business in Victorian and Edwardian London Illuminating national and cultural contingencies specific to London as a global metropolis it makes an important intervention by challenging the view of those who like their historical contemporaries perceive the 19th and early 20th centuries as devoid of beauty praxis let alone a commercial beauty culture Contrary to this perception The Business of Beauty reveals that Victorian and Edwardian women and men developed a number of tacit strategies to transform their looks including the purchase of new goods and services from a heterogeneous group of urban entrepreneurs hairdressers barbers perfumers wigmakers complexion specialists hair restorers manicurists and beauty culturists Mining trade journals census data periodical print and advice literature Jessica P Clark takes us on a journey through Victorian and Edwardian London s beauty businesses from the shady back parlors of Sarah Madame Rachel Leverson to the elegant showrooms of Eugene Rimmel into the first Mayfair salon of Mrs Helena Titus aka Helena Rubinstein By revealing these stories Jessica P Clark revises traditional chronologies of British beauty consumption and provides the historical background to 20th century developments led by Rubinstein and others Weaving together histories of gender fashion and business to investigate the ways that Victorian critiques of self fashioning and beautification defined both the buying and selling of beauty goods this is a revealing resource for scholars students fashion followers and beauty enthusiasts alike **Guernsey Breeders' Journal**, 1920 **Killing Bugs for Business and Beauty** Mark Kuhlberg, 2022-03-31 Killing Bugs for Business and Beauty examines the beginning of Canada s aerial war against forest insects and how a tiny handful of officials came to lead the world with a made in Canada solution to the problem Shedding light on a largely forgotten chapter in Canadian environmental history Mark Kuhlberg explores the theme of nature and its agency The book highlights the shared impulses that often drove both the harvesters and the preservers of trees and the acute dangers inherent in allowing emotional appeals instead of logic to drive environmental policy making It addresses both inter governmental and intra governmental

relations as well as pressure politics and lobbying Including fascinating tales from Cape Breton Island Muskoka and Stanley Park Killing Bugs for Business and Beauty clearly demonstrates how class region and commercial interest intersected to determine the location and timing of aerial bombings At the core of this book about killing bugs is a story infused with innovation and heroism of the various conflicts that complicate how we worship wilderness *American Poland-China Record* American Poland-China Record Association,1922
