In the Old West George Frederick Augustus Ruxton,1915 **Life in the Far West** George Frederick Augustus Ruxton,2017-07-12 The London newspapers of October 1848 contained the mournful tidings of the death at St Louis on the Mississippi and at the early age of twenty eight of Lieutenant George Frederick Ruxton formerly of her Majesty s 89th regiment the author of the following sketches Many men even in the most enterprising periods of our history have been made the subjects of elaborate biography with far less title to the honour than this lamented young officer Time was not granted him to embody in a permanent shape a tithe of his personal experiences and strange adventures in three quarters of the globe Considering indeed the amount of physical labour he underwent and the extent of the fields over which his wanderings spread it is almost surprising he found leisure to write so much At the early age of seventeen Mr Ruxton quitted Sandhurst to learn the practical part of a soldier s profession in the civil wars of Spain He obtained a commission in a squadron of lancers then attached to the division of General Diego Leon and was actively engaged in several of the most important combats of the campaign For his marked gallantry on these occasions he received from Queen Isabell the cross of the first class of the order of St Fernando an honour which has seldom been awarded to one so young On his return from Spain he found himself gazetted to a commission in the 89th regiment and it was whilst serving with that distinguished corps in Canada that he first became acquainted with the stirring scenes of Indian life which he has since so graphically portrayed His eager and enthusiastic spirit soon became wearied with the monotony of the barrack room and yielding to that impulse which in him was irresistibly developed he resigned his commission and directed his steps towards the stupendous wilds tenanted only by the red Indian or by the solitary American trapper The Voice of the Coyote James Frank Dobie,1961-01-01 In The Voice of the Coyote J Frank Dobie melds natural history with tales and lore in articulating the complex and often contentious relationship between coyotes and humans Based on his own life experiences in Texas and twenty five years of research Dobie forges a sympathetic and nuanced picture of the coyote prefiguring later environmental and conservation movements He recognizes the impact of human action on the coyote while also examining the prominent role of the coyote in the myths and legends of the West **Blackwood's Edinburgh Magazine, Volume 64, No. 397, November 1848** Various,2021-03-16
