George Romney 1734 18:

George Romney, 1734-1802 Alex Kidson, George Romney, Walker Art Gallery, National Portrait Gallery (Great Britain), 2002 Alex Kidson's excellent catalogue will no doubt set the standard for Romney scholarship for years to come. Its importance can scarcely be overestimated. Kidson has unearthed lost paintings and discovered unfamiliar drawings in little known private collections. He has presented many fresh ideas, corrected numerous errors in attribution and revealed the present location of works. All of this provides invaluable updated information. Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context, and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography. **Women's Court and Society Memoirs, Part II vol 8** Jennie Batchelor, Amy Culley, Katherine Turner, 2024-10-28

Annual Report of the Board of Trustees National Gallery of Canada, 1924 **Miss Angel** Angelica Goodden, 2011-05-31 A word was coined to describe the condition of people stricken with a new kind of fever when the Swiss born artist Angelica Kauffman 1741-1807 came to London in 1766. The whole world it was said is Angelica mad. One of the most successful women artists in history, a painter who possessed what her friend Goethe called an unbelievable and massive talent, Kauffman became the toast of Georgian England, captivating society with her portraits, mythological scenes and decorative compositions. She knew and painted poets, novelists and playwrights, collaborating with them and illustrating their work. Her designs adorned the houses of the Grand Tourists she had met and painted in Italy: actors, statesmen, philosophers, kings and queen sat to her, and she was the force that launched a thousand engravings. Despite rumours of relationships with other artists, including Sir Joshua Reynolds and an apparently bigamous and annulled first marriage to a pseudo Count, Kauffman was adopted by royalty in England and abroad as a model of social and artistic decorum. A profoundly learned artist but one who is loved above all for her tender adaptations from classical antiquity and sentimental literature, a commercially successful celebrity yet also a founding member of The Royal Academy of Arts, the virginal creator of sexually ambivalent beings who was one of the hardest headed businesswomen of her age, Kauffman's life and work is full of apparent contradictions explored in this first biography in over 80 years. The Lost World of James Smithson Heather

Ewing,2010-12-15 In 1836 the United States government received a strange and unprecedented gift a bequest of 104 960 gold sovereigns then worth half a million dollars to establish a foundation in Washington for the increase and diffusion of knowledge among men The Smithsonian Institution as it would eventually be called grew into the largest museum and research complex in the world Yet it owes its existence to an Englishman who never set foot in the United States and who has remained a shadowy figure for more than a hundred and fifty years Smithson lived a restless life in the capitals of Europe during the turbulent years of the French Revolution and the Napoleonic Wars at one time he was trailed by the French secret police and later languished as a prisoner of war in Denmark for four long years Yet despite a certain a penchant for gambling and fine living he had by the time of his death in Paris in 1829 amassed a financial fortune and a wealth of scientific papers that he left to the new democracy America Spurned by his natural father and his country he would be acknowledged for his own achievements in the New World Drawing on unpublished diaries and letters from archives all over Europe and the United States Heather Ewing tells the full and compelling story for the first time revealing a life lived at the heart of the English Enlightenment and illuminating the mind that sparked the creation of America s greatest museum Image, Identity and John Wesley Peter S. Forsaith,2017-08-18 The face of John Wesley 1703 91 the Methodist leader became one of the most familiar images in the English speaking and transatlantic worlds through the late eighteenth and nineteenth centuries After the dozen or so painted portraits made during his lifetime came numbers of posthumous portraits and moralising scene paintings and hundreds of variations of prints It was calculated that six million copies were produced of one print alone an 1827 portrait by John Jackson R A as frontispiece for a hymn book Illustrated by nearly one hundred images many in colour with a comprehensive appendix listing known Wesley images this book offers a much needed comprehensive and critical survey of one of the most influential religious and public figures of eighteenth century Britain Besides chapters on portraits from the life and after scene paintings and prints it explores aspects of Wesley s and Methodism s attitudes to art and the personality cult which gathered around Wesley as Methodism expanded globally It will be of interest to art historians as a treatment of an individual sitter and subject as well as to scholars engaged in Wesley and Methodist studies It is also significant for the field of material studies given the spread and use of the image on artefacts as well as on paper **George Romney** Arthur Bensley Chamberlain,1910 **Fair Women** Grafton Galleries (London, England),1894 **The Art of the Metropolitan Museum of New York** David Charles Preyer,1909 The London Literary Gazette and Journal of Belles Lettres, Arts, Sciences, Etc ,1831 **Paris** Delia Gray-Durant,2004 Art on the brain Plan your visits to the world s great cities with ART SHOP EAT The best museum and gallery districts mapped out for the busy traveler with tips on the hottest dining and most fashionable shopping for the perfect day in town In a handy format with full color maps these are terrific guides for discovering the finest that each of these cities has to offer Contemplate Gustave Courbet at the Musee d Orsay set out for lunch at Alcazar find a fantastic pair of shoes at Miu Miu on rue du Cherche Midi *DK Eyewitness Great Britain* DK
