Georges Braque Bernard Zurcher,1988 *G. Braque* John Russell,2013-07 *Georges Braque's Post-Cubism Masterpieces* Regis Krampf,2024-09-03 This is the story of Regis Krampf's passion for the work of Georges Braque. It is an illustrated book of his collection of paintings by the artist pertaining to a specific period. It is accompanied by new texts. He has focused his collection on the larger, most prolific yet less known third period of Georges Braque's body of work. The period spans a little over 40 years until the artist's death in 1963. The first two periods are the Fauve period and the Cubist period.

about the humility of relating to art Modernism and the Mediterranean Jan K. Birksted, 2017-07-05 Situated in a Mediterranean landscape the Maeght Foundation is a unique Modernist museum product of an extraordinary collaboration between the architect Jos uis Sert and the artists whose work was to be displayed there The architecture garden design and art offer a rare opportunity to see work in settings conceived in active collaboration with the artists themselves By focusing on the relationship between this art foundation and its Arcadian setting including Joan Mir labyrinth George Braque s pool Tal Coat s mosaic wall and Giacometti s terrace Jan K Birksted demonstrates how the building articulates many of the ideas that preoccupied this group of artists during the culminating years of their lives The study pays special attention to the ways in which architecture can shape the experience of time and addresses the Modernist desire for wilderness and its problematic roots in the classical Mediterranean ideal In showing how the design of the Maeght Foundation is a Modernist representation of Mediterranean culture the author has developed an interpretation of architecture that accommodates not only the architect s handling of material or function but shows as well how it can be the embodiment of a particular vision of space and time **On Art and War and Terror** Alex Danchev, 2009-07-06 This book a collection of Alex Danchev s essays on the theme of art war and terror offers a sustained demonstration of the way in which works of art can help us to explore the most difficult ethical and political issues of our time war terror extermination torture and abuse It takes seriously the idea of the artist as moral witness to this realm considering war photography for example as a form of humanitarian intervention War poetry war films and war diaries are also considered in a broad view of art and of war Kafka is drawn upon to address torture and abuse in the war on terror Homer is utilised to analyse current talk of barbarisation The paintings of Gerhard Richter are used to investigate the terrorists of the Baader Meinhof group while the photographs of Don McCullin and the writings of Vassily Grossman and Primo Levi allow the author to propose an ethics of small acts of altruism This book examines the nature of war over the last century from the Great War to a particular focus on the current Global War on Terror It investigates what it means to be human in war the cost it exacts and the ways of coping Several of the essays therefore have a biographical focus *The Art Criticism of Francis Ponge* Shirley Ann Jordan, 1994 This study of Francis Ponge s essays on contemporary artists L Atelier contemporain attempts to broaden the popular view of the author as a poet of objects It explores Ponge s perception of art criticism as an inherently problematic genre and exposes the inhibitions surrounding the production of the essays The study demonstrates how Ponge s essays on artists parallel developments in his other works They are seen as instrumental in his movement towards open texts and a stress on the creative process itself as well as opportunities to reaffirm his philosophical and aesthetic stance
