Georges De La Tour Pascal Quignard:

Georges de La Tour e Pascal Quignard Pascal Quignard, Georges de La Tour, Graziella Cillario, 1980 Georges de La Tour Jacques Thuillier, 1993 Georges de La Tour ranks with Vermeer and the Le Nain brothers among those seventeenth century painters whose unmistakable talent is matched only by the aura of mystery that surrounds the artists themselves Jacques Thuillier's groundbreaking monograph first published in 1993 places La Tour's oeuvre in the specific context of the Lorraine region where he lived and worked but also repositions La Tour alongside the greatest European masters Available for the first time in paperback this beautifully designed volume complete with an illustrated catalogue raisonné and translations of key documentary sources remains the essential reference work on this important and fascinating artist

The Matter of Violence in Baroque Painting Bogdan Cornea, 2025-10-01 Baroque depictions of violence are often dismissed as over the top and excessive Their material richness and exciting visual complexity together with the visceral engagement they demand from beholders are usually explained in literature as reflecting the presumed violence of early modern society This book explores the intersection between materiality excess and violence in seventeenth century paintings through a close analysis of some of the most iconic works of the period Baroque paintings expose or reference their materiality by insisting on various physical changes wrought through violence This study approaches violence as the work of materiality which has the potential to analogously stage pictorial surfaces as corporeal surfaces where paint becomes flayed flesh canvas threads ruptured skin and red paint spilt blood *The Blind in French Society from the Middle Ages to the Century of Louis Braille* Zina Weygand, 2009-08-07 The integration of the blind into society has always meant taking on prejudices and inaccurate representations Weygand's highly accessible anthropological and cultural history introduces us to both real and imaginary figures from the past uncovering French attitudes towards the blind from the Middle Ages through the first half of the nineteenth century Much of the book however centers on the eighteenth century the enlightened age of Diderot's emblematic blind man and of the Institute for Blind Youth in Paris founded by Valentin Haüy the great benefactor of blind people Weygand paints a moving picture of the blind admitted to the institutions created for them and of the conditions under which they lived from the officially sanctioned beggars of the medieval Quinze Vingts to the cloth makers of the Institute for Blind Workers She has also uncovered their fictional counterparts in an impressive array of poems plays and novels The book concludes with Braille whose invention of writing with raised dots gave blind people around the world definitive access to silent reading and to written communication Rethinking Emancipation Jacques Rancière, 2024-08-20 Faced with growing inequalities and new forms of domination and exploitation can the movement of emancipation take on a new life today or has it been arrested by the powers of repression and normalization In order to address this question Jacques Rancière pays close attention to the sociopolitical rhythms of our time listening for the figures of trembling and oscillation that are often drowned out by the deafening hubbub of the media He questions the relationship between

democracies and the very concept of democracy and questions what in the social movements and protests taking place today offers a possibility of emancipation Emancipation means breaking out of the established hierarchies proposing a ludic attitude of free floating distance and bringing into it a space of equality to replace the dominant order of inequalities In five conversations on politics art literature philosophy and cinema Jacques Rancière and Aliocha Wald Lasowski consider the form experience and collectives which characterise emancipation In so doing they imagine the world of tomorrow and the radical utopias that will bring it closer to us

Thresholds of Meaning Jean Duffy, 2011-06-16 Thresholds of Meaning examines contemporary French narrative and explores two related issues the centrality within recent French fiction and autofiction of the themes of passage ritual and liminality and the thematic continuity which links this work with its literary ancestors of the 1960s and 1970s Through the close analysis of novels and texts by Pierre Bergounioux François Bon Marie Darrieussecq Hélène Lenoir Laurent Mauvignier and Jean Rouaud Duffy demonstrates the ways in which contemporary narrative while capitalising on the formal lessons of the nouveau roman and drawing upon a shared repertoire of motifs and themes engages with the complex processes by which meaning is produced in the referential world and in particular with the rituals and codes that social man brings into play in order to negotiate the various stages of the human life cycle By the application of concepts and models derived from ritual theory and from visual analysis Thresholds of Meaning situates itself at the intersection of the developing field of literature and anthropology studies and research into word and image

Giacometti: Critical Essays Peter Read, 2017-07-05 Giacometti Critical Essays brings together new studies by an international team of scholars who together explore the whole span of Alberto Giacometti's work and career from the 1920s to the 1960s During this complex period in France's intellectual history Giacometti's work underwent a series of remarkable stylistic shifts while he forged close affiliations with an equally remarkable set of contemporary writers and thinkers This book throws new light on under researched aspects of his output and approach including his relationship to his own studio his work in the decorative arts his tomb sculptures and his use of the pedestal It also focuses on crucial ways his work was received and articulated by contemporary and later writers including Michel Leiris Francis Ponge Isaku Yanaihara and Tahar Ben Jelloun This book thus engages with energising tensions and debates that informed Giacometti's work including his association with both surrealism and existentialism his production of both high art and decorative objects and his concern with both formal issues such as scale and material and with the expression of philosophical and poetic ideas This multifaceted collection of essays confirms Giacometti's status as one of the most fascinating artists of the twentieth century

Representing Emotions Helen Hills, 2017-05-15 Juxtaposing artistic and musical representations of the emotions with medical philosophical and scientific texts in Western culture between the Renaissance and the twentieth century the essays collected in this volume explore the ways in which emotions have been variously conceived configured represented and harnessed in relation to broader

discourses of control excess and refinement Since the essays explore the interstices between disciplines e g music and medicine history of art and philosophy and thereby disrupt established frameworks within the histories of art music and medicine traditional narrative accounts are challenged Here larger historical forces come into perspective as these papers suggest how both artistic and scientific representations of the emotions have been put to use in political social and religious struggles at a variety of different levels

Paths to Contemporary French Literature John Taylor, 2017-07-05 The first volume of Paths to Contemporary French Literature offered a critical panorama of over fifty French writers and poets With this second volume John Taylor an American writer and critic who has lived in France for the past thirty years continues this ambitious and critically acclaimed project Praised for his independence curiosity intimate knowledge of European literature and his sharp reader's eye John Taylor is a writer critic who is naturally skeptical of literary fashions overnight reputations and readymade academic categories Charting the paths that have led to the most serious and stimulating contemporary French writing he casts light on several neglected postwar French authors all the while highlighting genuine mentors and invigorating newcomers Some names Patrick Chamoiseau Pascal Quignard Jean Philippe Toussaint Jean Rouaud Francis Ponge Aime Césaire Marguerite Yourcenar J M G Le Clezio may be familiar to the discriminating and inquisitive American reader but their work is incisively re-evaluated here The book also includes a moving remembrance of Nathalie Sarraute and an evocation of the author's meetings with Julien Gracq Other writers in this second volume are equally deserving authors whose work is highly respected by their peers in France yet little known in English speaking countries Taylor's pioneering elucidations in this respect are particularly valuable This second volume also examines a number of non French originally non French speaking writers such as Gherasim Luca Petr Kral Armen Lubin Venus Ghoura Khata Piotr Rawicz as well as Samuel Beckett who chose French as their literary idiom Taylor is in a perfect position to understand their motivations struggles and goals In a day and age when so little is known in English speaking countries about foreign literature and when so little is translated the two volumes of Paths to Contemporary French Literature are absorb

most brilliant conscientious and original translator of 20th century French literature Wright introduced to an English speaking readership and audience some of the most innovative French literature of the last hundred years a world without Alfred Jarry's Ubu Raymond Queneau's Zazie and Robert Pinget's Monsieur Songe scarcely bears thinking about This wonderful collection of texts about and by Barbara Wright including work by David Bellos Breon Mitchell and Nick Wadley as well as a previously unpublished screenplay written and translated by Wright in collaboration with Robert Pinget begins the work of properly commemorating a figure toward whom all of English letters owes an unpayable debt

Transnational Perspectives on Artists' Lives Marleen Rensen, Christopher Wiley, 2020-10-06 This book demonstrates the significance of transnationality for studying and writing the lives of artists While painters musicians and writers have long been cast as symbols of their associated nations recent research is increasingly drawing attention to those aspects of their lives and works that resist or challenge the national framework The volume showcases different ways of treating transnationality in life writing by and about artists investigating how the transnational can offer intriguing new insights on artists who straddle different nations and cultures It further explores ways of adopting transnational perspectives in artists biographies in order to deal with experiences of cultural otherness or international influences and analyses cross cultural representations of artists in biography and biofiction Gathering together insights from biographers and scholars with expertise in literature music and the visual arts Transnational Perspectives on Artists Lives opens up rich avenues for researching transnationality in the cultural domain at large

lepetitlitteraire.fr Pascal Quignard : la mise au silence Adriano Marchetti, 2000 Ce recueil d'études est le premier consacré à l'œuvre de Pascal Quignard. Il est le fruit de l'amitié et de la générosité des romanciers potes critiques qui se sont réunis à Bologne pour la célébrer en 1998. Cette réflexion plurielle proposée par un auteur connu et largement traduit semblait le plus bel hommage à lui rendre. À travers les propos des lecteurs, elle compose une sorte de fresque en épisodes qui renonce à la prétention de comprendre un contemporain mieux qu'il ne se comprend lui-même. Ces études, ces indices et ces constats de la complexité de l'œuvre sont le reflet vident d'une lecture plusieurs voix qui chez tous les rhapsodes français et italiens s'est faite sur le mode de la complicité. L'ouvrage s'ouvre sur un conte inédit de Pascal Quignard : *La Voix perdue* *Tiempos de furia* Adán Medellín, 2013-02-01 La historia de una familia que tienen su destino sealado por la locura, el rencor, la fuga y las obsesiones. Los vagabundos de Furia aparecen como caídos del cielo o escupidos del infierno. Pasaban largas horas tendidos al sol inmóviles en la ribera recuperándose de fracasos o heridas secretas pero meditando nuevos planes con un brillo de malicia en los ojos a pesar de su silencio o sus modos esquivos. La sangre y un mismo apellido unen a los personajes de estas historias. Aquí navegan los Furia, integrantes de una familia que comparte un destino sealado por la locura, el rencor, la fuga y las obsesiones. En *Tiempos de furia* hay náufragos de un mismo delirio, memoria de sus manos, secretos, alucinaciones y viajes introspectivos. Tabares, una ciudad a eja, y Noreste, una isla brumosa, son los escenarios donde se originan estos relatos circulares sobre amor, incesto, venganza, sacrificio, vida y muerte mientras que el lector se sitúa entre los límites de lo cuerdo y lo demencial.
