includes all of the remaining poems from Hopkins's major poetic period beginning with *The Wreck of the Deutschland* in 1875 which was a turning point both in his decision to write poetry and in his distinctive style. The occasional poems though not ranking high in Hopkins's own estimation are included here because they reflect the distinctive style Hopkins produced. Other poetical work which is usually classified into early poetry and unfinished poetry. The early poetry seems less urgent for paraphrasing. As for the unfinished poems it may seem presumptuous to paraphrase poems which Hopkins himself did not perfect. Nevertheless [The Poems of Gerard Manley Hopkins](#) Gerard Manley Hopkins, 1967 Biographical and critical essays supplement all of Hopkins' finished and fragmentary works *Poems of Gerard Manley Hopkins - Now First Published* Gerard Manley Hopkins, 2016-09-13 This compendium of poems by Gerard Manley Hopkins includes his most famous works together with a careful selection of his most critically acclaimed verses. Hopkins is one of the Victorian era's best appreciated poets gaining much of his fame for his unique and religiously inspired subjects. A committed Jesuit his poems were notable for including a technique of Hopkins' own invention named sprung rhythm. This connotes verse which is designed to imitate the patterns and pace of typical human speech. By 1918 when this collection of Hopkins' poetry first appeared he had gained much renown. To emphasise that several of the entries had never been published previously the subtitle of *Now First Published* was appended. This and other anthologies helped introduce the talents of Hopkins to a wider audience cementing his status in England's literary pantheon. By all accounts a haunted man prone to depression Hopkins' later years were spent in difficulty as he grappled with a persistent low mood. Short of stature and softly spoken he was unable to gain respect in his chosen vocation of teaching in the Irish capital Dublin. Feeling isolated from his friends in England and convinced that he was a failure both religiously and artistically Hopkins gradually succumbed to worsening gastric illness and died in 1889 at the age of forty-four. Printed clearly and in quality type this print edition of Hopkins' poetry is a perfect introduction to the poet's profound talents. Many English literature courses now include the poetry of Hopkins who would only enjoy the bulk of his success posthumously.

**The Collected Works of Gerard Manley Hopkins: Correspondence 1852-1881** Gerard Manley Hopkins, 2006 Hopkins's letters are his secular confessional and if we wish to understand the man and his poetry this is material we cannot ignore. This is where his mind allowed itself its most expansive and unfettered expression. This edition adds 43 letters to the total printed by Claude Collier Abbott in his three-volume major edition of the mid twentieth century. It further improves on the earlier editions in four ways: in its accuracy, in its order, in its inclusiveness and in the thoroughness of its annotation. It is a completely new presentation of the letters set out on radically different lines from earlier editions. It includes all the letters from Hopkins but adds all the extant letters which were written to him. It is set out in a single chronological sequence placing all the replies and queries at their appropriate place within the correspondence thus providing as far as can be achieved a narrative sequence. This acts in many ways as an informal intellectual biography of Hopkins tracking his early ideas, his anxieties, his conversion, his friendships, his priesthood, his disappointments and his ideas.

on literature and life The transcriptions not only revise a large number of readings but include all legible deletions and corrections allowing the reader to follow the hesitations and adjustments of Hopkins's mind Like most nineteenth century poets Hopkins never published a theoretical account of his work and his thoughts on poetry but what he had to say can be found in these letters and their extensive use by critics and poets indicates their richness as a source of ideas on Hopkins's poetry and on poetry and poetics in general
