Dr. Heinrich Schnee

German Colonization Past And Future The Truth About Ther German Colon

David Meola

German Colonization Past And Future The Truth About Ther German Colon:

German Colonization, Past and Future Heinrich Schnee, William Harbutt Dawson, 1926 German Colonization Past And Future - The Truth About The German Colonies Heinrich Schnee, 2013-05-31 Dr Heinrich Schnee was born in 1871 at Neuhausen near Magdeburg and after passing through the Nordhausen Gymnasium studied at the universities of Heidelberg Kiel and Berlin as well as the Oriental Seminary in Berlin where he specialized in colonial administration and the Suaheli language his intention being to follow a colonial career In 1892 he passed his Referendary examination in the following year he took his degree of Doctor of Laws in 1897 he passed his examination as Government Assessor and joined the Colonial Department of the Foreign Office in 1898 he was appointed Resident Magistrate and Deputy Governor in German New Guinea and two years later he became District Administrator and Deputy Governor in Samoa German Colonization Past And Future though now to us little more than a memory its evil effects live after it and the worst of these is that it has created a perplexing colonial problem which cannot by any possibility remain as it stands to day Accordingly it is the purpose of the following narrative to show wherein Germany's reputation and success as a colonial Power have been unjustly called in question and to give reasons why the return to her of colonies is an act both of duty and of necessity

Germany's Genocide of the Herero Jeremy Sarkin, Jeremy Sarkin-Hughes, 2011 In 1904 the indigenous Herero people of German South West Africa now Namibia rebelled against their German occupiers In the following four years the German army retaliated killing between 60 000 and 100 000 Herero people one of the worst atrocities ever The history of the Herero genocide remains a key issue for many around the world partly because the German policy not to pay reparations for the Namibian genocide contrasts with its long standing Holocaust reparations policy The Herero case bears not only on transitional justice issues throughout Africa but also on legal issues elsewhere in the world where reparations for colonial injustices have been called for The book argues that the Herero genocide was linked to Germany's late entry into the colonial race which led it frenetically and ruthlessly to acquire multiple colonies all over the world within a very short period using any means available

German Women for Empire, 1884-1945 Lora Wildenthal, 2001-11-28 Analyses gender sexuality feminism and class in the racial politics of formal German colonialism and postcolonial revanchism **Colonial Genocide and Reparations Claims in the 21st Century** Jeremy Sarkin, 2008-11-30 More and more the descendants of indigenous victims of genocide land expropriation forced labor and other systematic human rights violations committed by colonial powers are seeking reparations under international law from the modern successor governments and corporations As the number of colonial reparations cases increases courts around the world are being asked to apply international law to determine whether reparations are due for atrocities and crimes that might have been committed long ago but whose lasting effects are alleged to injure the modern descendants of the victims Sarkin analyzes the thorny issues of international law raised in such suits by focusing on groundbreaking cases in which he is involved as legal advisor to the paramount chief of

the Herero people of Namibia In 2001 the Herero became the first ethnic group to seek reparations under the legal definition of genocide by bringing multi billion dollar suits against Germany and German companies in a number of U S federal courts under the Alien Torts Claim Act of 1789 The Herero genocide conducted in German South West Africa present day Namibia between 1904 and 1908 is recognized by the UN as the first organized state genocide in world history Although the Herero were subjected to Germany s First Genocide they have unlike the victims of the Holocaust received no reparations from Germany By machine gun massacres starvation poisoning and forced labor in Germany s first concentration camps the German Schutztruppe systematically exterminated as many as 105 000 Herero women and children composing most of the Herero population Sarkin considers whether these historical events constitute legally defined genocide crimes against humanity and other international crimes He evaluates the legal status of indigenous polities in Africa at the time and he explores the enduring impact in Namibia of the Germany s colonial campaign of genocide He extrapolates the Herero case to global issues of reparations apologies and historical human rights violations especially in Africa German Colonization Heinrich Schnee,1970 **West Africa Under Colonial Rule** Michael Crowder,2023-07-07 Originally published in 1968 this book became the standard work on the colonial period in the vast and varied areas of the coast and hinterland of West Africa It is a comprehensive survey of the domination of West Africa by the British and the French which challenges the accepted view of the colonialists that their rule was generally beneficial Penetrating descriptions of the colonial economic system are given and the quality of colonial administration is analysed as well as the impact of two World Wars **Weimar Publics/Weimar Subjects** Kathleen Canning,Kerstin Barndt,Kristin McGuire,2010 In spite of having been short lived Weimar has never lost its fascination Until recently the Weimar Republic s place in German history was primarily defined by its catastrophic beginning and end Germany s defeat in 1918 and the Nazi seizure of power in 1933 its history seen mainly in terms of politics and as an arena of flawed decisions and failed compromises However a flourishing of interdisciplinary scholarship on Weimar political culture is uncovering arenas of conflict and change that had not been studied closely before such as gender body politics masculinity citizenship empire and borderlands visual culture popular culture and consumption This collection offers new perspectives from leading scholars in the disciplines of history art history film studies and German studies on the vibrant political culture of Germany in the 1920s From the traumatic ruptures of defeat revolution and collapse of the Kaiser s state the visionaries of Weimar went on to invent a republic calling forth new citizens and cultural innovations that shaped the republic far beyond the realms of parliaments and political parties German Colonialism Revisited Nina Berman,Klaus Muehlhahn,Patrice Nganang,2014-01-28 German Colonialism Revisited brings together military historians art historians literary scholars cultural theorists and linguists to address a range of issues surrounding colonized African Asian and Oceanic people s creative reactions to and interactions with German colonialism This scholarship sheds new light on local power dynamics agency and economic cultural and social networks that preceded and as some now argue

ultimately structured German colonial rule Going beyond issues of resistance these essays present colonialism as a shared event from which both the colonized and the colonizers emerged changed German and United States Colonialism in a Connected World Janne Lahti, 2021-01-28 This book contributes to global history by examining the connected histories of German and United States colonial empires from the early nineteenth century to the Nazi era It looks at multiple and multidirectional flows transfers and circulations of ideas people and practices as Germany and the US were embedded in and created by an interconnected world of empires This relationship was not exceptional but emblematic of the diverse entanglements that created colonial globality Colonial entanglements between Germany and the United States took on many forms but these shared and intersecting histories have been underanalyzed Traditionally Germany and the United States have been understood to have taken respectively an authoritarian and liberal path into modernity But there is no neat dichotomy as the contributors to this book illustrate There are many more similarities than have previously been appreciated and they are the result of multilayered entanglements made visible via conquest settler societies racialization and rule of difference Building on present historiographies of empires colonialism and globalization this book introduces new analytical possibilities for examining these two relatively understudied empires alongside each other as well as at their intersections Chapter 1 is available open access under a Creative Commons Attribution 4.0 International License via link [springer.com](https://www.springer.com)

The Shadow of Colonialism on Europe's Modern Past R. Healy, E. Dal Lago, Enrico Dal Lago, 2014-10-28 Through a range of case studies from eastern and western Europe this book breaks new ground in investigating the extent to which European peoples living within Europe were also subjected to the ideologies and practices of colonialism *Society, Culture, and the State in Germany, 1870-1930* Geoff Eley, 1996 Bold new essays on Germany's critical Kaiserreich period Brazil Antonio Luciano de Andrade Tosta, Eduardo F. Coutinho, 2015-12-14 Ideal for high school and undergraduate students this one stop reference explores everything that makes up modern Brazil including its geography politics pop culture social media daily life and much more Home to the 2014 FIFA World Cup and the 2016 Summer Olympic Games and one of the world's fastest growing economies Brazil is quickly becoming a prominent player on the international stage This book captures the essence of the nation and its people in a unique topically organized volume Narrative chapters written by expert contributors examine geography history government and politics economics society culture and contemporary issues making Brazil an ideal one stop reference for high school and undergraduate students Coverage on religion ethnicity marriage and sexuality education literature and drama art and architecture music and dance food leisure and sport and media provides a comprehensive look at this giant South American country the largest nation in Latin America as well as the fifth largest nation in the world Students will be engaged by up to the minute coverage of topics such as daily life social media and pop culture in Brazil Sidebars and photos highlight interesting facts and people while a glossary a chart of holidays and an annotated bibliography round out the work **Germany's Colonial Pasts** Eric Ames, Marcia Klotz, Lora Wildenthal, 2005-12-01 Germany's Colonial

Pasts is a wide ranging study of German colonialism and its legacies Inspired by Susanne Zantop s landmark book *Colonial Fantasies* and extending her analyses there this volume offers new research by scholars from Europe Africa and the United States It also commemorates Zantop s distinguished life and career 1945 2001 Some essays in this volume focus on Germany s formal colonial empire in Africa and the Pacific between 1884 and 1914 while others present material from earlier or later periods such as German emigration before 1884 and colonial discourse in German ruled Polish lands Several essays examine Germany s postcolonial era a complex period that includes the Weimar Republic Nazi Germany with its renewed colonial obsessions and the post 1945 era Particular areas of emphasis include the relationship of anti-Semitism to colonial racism respectability sexuality and cultural hierarchies in the formal empire Nazi representations of colonialism and contemporary perceptions of race The volume s disciplinary reach extends to musicology religious studies film and tourism studies as well as literary analysis and history These essays demonstrate why modern Germany must confront its colonial and postcolonial pasts and how those pasts continue to shape the German cultural imagination

German Colonization Past and Future. The Truth about the German Colonies. With Introd. by W. Harbutt Dawson. With 24 Ills ,1926 A London Bibliography of the Social Sciences ,1970 African Review ,1896 A Cultural History of Genocide in the Long Nineteenth Century David Meola,2023-05-04 The long 19th century approximately 1750 to 1918 was one of significant existential change for peoples across the globe The beginning of this period saw the expansion of empires and shortly thereafter the Euro American Enlightenment brought about calls for revolutions and the rights of man The events and ideas made way for empire and the creation of the nation state European states primarily concentrated their aggressive colonization in the Global South bringing mostly white metropolitans and settlers into intimate contact with diverse African Asian and American populations The inherent violence of imperialism eventually ushered in flashpoints of conflict as well as indentured servitude racial segregation ecological destruction and genocide throughout Europe s overseas empires While communal destruction functioned as a central element of 19th century genocides colonial governments also used other methods to destroy indigenous life such as forced assimilation language adoption religious instruction and economic subjugation Memories of these atrocities have since contributed both to systemic violence in subsequent decades and to education about these events in the hope of genocide prevention Yet for all of the violence a spirit of humanitarianism developed alongside these vile actions that tried to reverse the policies of states and help the aggrieved

Defining New Idioms and Alternative Forms of Expression ,2022-05-16 This first volume of ASNEL Papers gathers together a broad range of reflections on and presentations of the social and expressive underpinnings of post colonial literary cultures concentrating on aspects of orality social structure and hybridity the role of women in cultural production performative and media representations theatre film advertising and their institutional forms and the linguistic basis of literature including questions of multilingualism pidgins and creoles and translation Some of the present studies adopt a diachronic approach as in essays

devoted to European colonial influences on African literatures the populist colonial roots of Australian drama and the intersection of exogenous and autochthonous languages in the cultural development and identity formation of Cameroon Tanzania and the Swahili speaking regions of Africa Broadly synchronic perspectives which nevertheless take cognizance of developmental determinants range over dominant genres poetry short fiction and the novel children s literature theatre film and cover indigene literatures Australian Aboriginal Maori First Nations and regional creativity in West East and South Africa the Caribbean India and the South East Asian diaspora and the settler colonies of Canada Australia and New Zealand Authors treated within broader frameworks include Chinua Achebe Biyi Bandele Thomas Bole Butake Shashi Deshpande Louis Esson Lorna Goodison Patricia Grace Bland Holt Keri Hulme Witi Ihimaera Kazuo Ishiguro Rita Kleinhardt Hanif Kureishi Werewere Liking Timothy Mo V S Naipaul Salman Rushdie and Ruby Slipperjack There are self testimonies from the writers Geoff Goodfellow Darrelyn Gunzburg and Don Mattera poems by David Dabydeen Geoff Goodfellow and Olive Senior Of particular value to this collection are the perspectives offered by African Caribbean and Eastern European contributors
