German Marxism And Russian Communism:

German Marxism and Russian Communism John Petrov Plamenatz,1954 *German Marxism End Russian Communism* John Plamenatz,1954 **Karl Marx's Theory of History** Gerald A. Cohen,2020-05-05 First published in 1978 this book rapidly established itself as a classic of modern Marxism Cohen s masterful application of advanced philosophical techniques in an uncompromising defense of historical materialism commanded widespread admiration In the ensuing twenty years the book has served as a flagship of a powerful intellectual movement analytical Marxism In this expanded edition Cohen offers his own account of the history and the further promise of analytical Marxism He also expresses reservations about traditional historical materialism in the light of which he reconstructs the theory and he studies the implications for historical materialism of the demise of the Soviet Union **Karl Marx's Theory of History** Gerald Allan Cohen,2000 First published in 1978 this book rapidly established itself as a classic of modern Marxism Cohen s masterful application of advanced philosophical techniques in an uncompromising defence of historical materialism commanded widespread admiration In the ensuing twenty years the book has served as a flagship of a powerful intellectual movement analytical Marxism In this expanded edition Cohen offers his own account of the history and the further promise of analytical Marxism He also expresses reservations about traditional historical materialism in the light of which he reconstructs the theory and he studies the implications for historical materialism of the demise of the Soviet Union *Introduction To Marx And Engels* Richard Schmitt,2018-02-15 0 8133 1250 7 Beyond Separateness the Social Nature of Human Beings Their Autonomy Knowledge and Power 0 8133 3283 4 Introduction to Marx and Engels a Critical Reconstruction Second Edition Culture, Civilization, and Humanity Tarek Heggy,2004-08-02 Divided into four parts and comprising Tarek Heggy s writings on the Egyptian mind this volume makes an attempt to diagnose the illnesses of contemporary Egyptian political and socio economic actuality and prescribe two solutions a liberal political system and a modern market economy **Rousseau, the Age of Enlightenment, and Their Legacies** Robert Wokler,2012-04-08 Robert Wokler was one of the world s leading experts on Rousseau and the Enlightenment but some of his best work was published in the form of widely scattered and difficult to find essays This book collects for the first time a representative selection of his most important essays on Rousseau and the legacy of Enlightenment political thought These essays concern many of the great themes of the age including liberty equality and the origins of revolution But they also address a number of less prominent debates including those over cosmopolitanism the nature and social role of music and the origins of the human sciences in the Enlightenment controversy over the relationship between humans and the great apes These essays also explore Rousseau s relationships to Rameau Pufendorf Voltaire and Marx reflect on the work of important earlier scholars of the Enlightenment including Ernst Cassirer and Isaiah Berlin and examine the influence of the Enlightenment on the twentieth century One of the central themes of the book is a defense of the Enlightenment against the common charge that it bears responsibility for the Terror of the French

Revolution the totalitarian regimes of the twentieth century and the Holocaust **Karl Marx and Friedrich Engels** Cecil Eubanks, 2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels The New World of Politics Neal Riemer, Douglas Simon, Douglas W. Simon, 1997-03 In this fourth edition Neal Riemer and Douglas W Simon again seek to introduce students to the challenging discipline of political science by highlighting six cardinal features The editors strongly believe that their unique and comprehensive approach employing those six features can best equip students of political science to stay abreast of the ever changing and ever challenging world of politics First and most important Riemer and Simon affirm the importance of addressing the three main concerns of political science political and philosophy and ethics empirical behavioral political science and public policy Second the authors reaffirm their normative preference for politics as a civilizing enterprise one that enables people in the political community live better to grow robustly in mind and spirit and to find creative fulfillment The fourth cardinal feature requires to recognize realistically the ever changing nature of politics and the tasks of assessing and responding to changing values The sixth cardinal feature of The New World of Politics is understanding the importance of keeping the future in mind not only the immediate future but the long range future This book seeks to introduce students to political science as a discipline intimately involved with ethics empirical social scientific inquiry and public policy Neal Riemer and Douglas W Simon are endeavoring to help students respond to those future problems with understanding and wisdom A Collegiate Press book

Marx's Lost Aesthetic Margaret A. Rose, 1988-09-15 An original and challenging study of Marxist aesthetic theory from an art historical perspective Marxism and Morality Nicholas Churchich, 2022-04-28 Not himself a Marxist Dr Churchich has nevertheless won plaudits for this book from those committed to the philosophy It is they acknowledge thoroughly researched well reasoned and balanced in its argument even if that argument is one with which Marxists are bound to disagree being based on the premise that ethical theories must ultimately rest on metaphysical and psychological preconceptions rather than on some imaginary empirical facts The declared aim of this work is to present a full exposition of Marx's and Engels' ideas on morality and ethics and to indicate some of their errors and weaknesses Unlike other studies of this subject Churchich analyses all major aspects of morality dealing not only with the writings of Marx himself but also with the works of most writers who have commented on Marxist morality and ethics Marx himself intended to produce a work on social morality but did not manage to do so This book will therefore and without doubt become the standard work on his view of the subject Superior to anything else on the topic written by non Marxists it is clearer on some aspects of Marx's view than the work of some Marxist writers Churchich makes obvious for instance how great was Althusser's mistake in arguing that

there is not a grain of normative ethics in mature Marx Yet the author s objectivity allows him also to find values among the ethical arguments of Marx and Engels making this a book which both Marxists and concerned Anglicans would find useful as a criticism of some current social trends It also sounds a cautionary note for those who argue that the collapse of bureaucratic socialism in the former Soviet Union means the end of Marxism too this is by no means Dr Churchich s view

Class or Nation Neil Redfern,2005-02-25 The Communist Party of Great Britain CPGB has been seen by many as a microcosm of the Communist Capitalist struggle in the early twentieth century Its size belied its influence and so despite never being a mainstream political movement it had a powerful presence in British society Neil Redfern re examines the movement and its relationship to imperialism tracing the history of British communism from its revolutionary roots forged during the turmoil of 1917 1921 He finds that the CPGB never made a clean break with the reformism nationalism and Euro centrism despite World War I the 1917 revolution and mass movements in Asia Africa and Latin America Redfern argues that this led most of the left to support the First World War and so by extension found itself supporting the Second World War and Britain s reconquest of its colonial possessions This is essential reading for scholars of British Political and Social History as well as Imperialism Communism and left wing ideology *Soviet Russia Today: Patterns and Prospects* John L. Stipp,1956

The Ussr Darrell P. Hammer,2019-07-11 In this text Dr Hammer presents an analytical model of the Soviet political system and its process of political decisionmaking based on the theory of bureaucratic pluralism He interprets the Soviet regime as a product of three different influences the Tsarist tradition of nondemocratic rule the revolutionary movement that overthrew Tsarism and the Stalinism of 1924 1953 Since the death of Stalin the Soviet regime has slowly evolved from a personal dictatorship into an oligarchical system According to the author this transformation has permitted the great Soviet bureaucracies such as the military high command and the economic managers to increase their power and influence over policymaking and to pursue their own interests in addition to those of the regime From this perspective the role of party leaders in the Politburo appears to be that of political brokers among conflicting interests allocating resources among the various bureaucracies This second edition has been completely revised and updated to reflect the realities of the Soviet system through the 27th Party Congress which met in February 1986 Dr Hammer applies the model of bureaucratic pluralism in the areas of public policy and economic planning illustrating the theme that the evolution of a powerful bureaucratic organization has prevented the achievement of the original Leninist vision He discusses specific features of the Soviet society that deviate from original principles often based on dissident sources from within the USSR and examines the role of party leaders in this ideological transition Finally he analyzes the rise of Gorbachev to power and the first steps taken under his leadership such as the anti alcohol campaign and efforts at economic reform Because Dr Hammer s analysis is particularly valuable for understanding the Gorbachev regime and the future of the Soviet system this text is essential reading for all students of Soviet politics The Classical Marxist Critiques of Religion: Marx, Engels, Lenin, Kautsky D.B.

McKown,2012-12-06 In view of the enormous number of works on Marxism in general and in light of the many books and articles touching on the relationship of Marxism to religion in particular it may fairly be asked why yet another such work should be produced My reply is that in eliciting answers to the kinds of questions posed by the methodology I have used it was necessary to go to the primary sources almost exclusively This is not to bemoan a sad fate but to affirm that there are notable deficiencies in the secondary sources relevant to my topic By way of general indictment I contend that the major difficulty with existing studies of the Marxist critique of religion is that their authors whether expositors or critics have failed both to specify their own presuppositions concerning religion and to approach the subject with an adequate comprehension of its many dimensions Since in most cases the reader is equally unprepared anthropologically sociologically psychologically and historically for clear and informed thought in this vast and nebulous area the result has been widespread confusion As if this were not enough numerous writers with little more than polemical interests have compounded the confusion by failing to distinguish between religion in general and their own brands of faith in particular Others have not discriminated between the concepts of metaphysics and the supernatural items of religious belief Revolution Carl Friedrich,2017-09-08 Professor C E Black of Princeton University called this a valuable contribution to our understanding of the revolutionary movements that are now a worldwide phenomenon It includes thoughtful essays on many varieties of revolution considered in the light both of past developments and future prospects The twentieth century was an age of revolution Over many areas of the world the two great ideologies of nationalism and communism spawned violent upheavals often differing in form but aiming at the transformation of the existing order by means of coups d etat revolutions and wars of national liberation Eleven distinguished political scientists and policy theorists offer a penetrating analysis of the theoretical and substantive aspects of revolution Their scholarly lucid and well balanced essays explore the revolutionary theories and experience of several centuries and apply them to the most crucial problem of this century Carl J Friedrich argues that it is the failure of government which is at the core of the political revolution and shows that constitutional regimes that have allowed little revolutions promoting gradual political and social change have been singularly free of revolutionary upheaval Presenting the thinking of some of the best minds of the 20th century this volume offers important guideposts for the future study of the etiology of revolutions Here are not mere speculative and historical distillations but new insights and conclusions regarding the origin purpose and impact of revolution on the world of today and tomorrow An indispensable work for every student and scholar of comparative politics international relations and the history and theory of Communism it will also be welcomed by the statesman and the educated layman who want to probe the causes of the historical upheavals of our time **A Short History Of Soviet Socialism** Mark Sandle,2003-09-16 Mark Sandle is Lecturer in Russian and East European History at De Montfort University This book is intended for undergraduate courses on 20th century Soviet history the Cold War European history Soviet studies History of political thought Marxism Leninism The Left Women in Political Theory Jane Duran,2016-02-11 The first

volume to explore comprehensively the intersection of feminism politics and philosophy Women in Political Theory sheds light on the contributions of women philosophers and theorists to contemporary political thought With close attention to the work of five central thinkers Sarah Grimk Anna Julia Cooper Jane Addams Rosa Luxemburg and Hannah Arendt this book not only offers sustained analyses of the thought of these leading figures but also examines their relationship with established political theorists of the past such as Locke Machiavelli and the ancients Demonstrating that each of the figures covered was indeed a political theorist of her time whilst highlighting the strength of her thought and the reasons for which it has not been accorded the attention that it merits Women in Political Theory offers a fascinating overview of the political thought of five theorists whose work is central to an understanding of modern thought As such it will be of interest to scholars and students of sociology philosophy political and social theory feminist thought and gender studies *The Oxford Handbook of Political Ideologies* Michael Freeden, Lyman Tower Sargent, Marc Stears, 2013-08-15 The most practically applied approach to political ideologies evaluate critically make links think globally **After Utopia** Judith N. Shklar, 2020-04-07 A political philosophy classic from one of the foremost political thinkers of the twentieth century After Utopia was Judith Shklar s first book a harbinger of her renowned career in political philosophy Throughout the many changes in political thought during the last half century this important work has withstood the test of time In After Utopia Shklar explores the decline of political philosophy from Enlightenment optimism to modern cultural despair and she offers a critical creative analysis of this downward trend She looks at Romantic and Christian social thought and she shows that while the present political fatalism may be unavoidable the prophets of despair have failed to explain the world they so dislike leaving the possibility of a new and vigorous political philosophy With a foreword by Samuel Moyn examining After Utopia s continued relevance this current edition introduces a remarkable synthesis of ideas to a new generation of readers

German Marxism And Russian Communism Introduction

In the digital age, access to information has become easier than ever before. The ability to download German Marxism And Russian Communism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download German Marxism And Russian Communism has opened up a world of possibilities. Downloading German Marxism And Russian Communism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading German Marxism And Russian Communism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download German Marxism And Russian Communism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading German Marxism And Russian Communism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading German Marxism And Russian Communism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download German Marxism And Russian Communism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
