German Officer Corps 1890 1914

John Gooch

German Officer Corps 1890 1914:

The German Officer Corps 1890-1914 Martin Kitchen, 1968 Bog om det tyske officerskorps i den sidste del af attenhundretallet The German officer corps, 1890-1914 K.A. Kitchen, 1952 The German Officer Corps, 1890-1914 J. M. Kitchen, 1966 The German Officer Corps Group Martin Kitchen, 1968 Bog om det tyske officerskorps i den sidste del af attenhundretallet German Professions, 1800-1950 Geoffrey Cocks, Konrad Hugo Jarausch, 1990 A comprehensive view of 19th century German history is described in this study of the professions from law and medicine to engineering social work and psychology as well as the special cases of the civil service and the military Modern Europe, 1789-Present Asa Briggs, Patricia Clavin, 2014-06-06 Now covering the whole of Europe from the French Revolution to the present day this major new edition has been completely revised and brought up to date The approach embraces the whole continent from both national and regional perspectives and combines political survey with grass roots people history Bringing this history vividly to life the authors use a very broad range of sources including memoirs archives letters songs and newspapers In particular there is new treatment of the following themes Religion and the modern Papacy Immigration in Europe and relationships between minority and majority groups UNESCO The European Bill of Rights The seeds of conflict in Bosnia and Croatia Europe's relations with the wider world with particular attention to the Middle East and Japan **Germany's Genocide of the Herero** Jeremy Sarkin, Jeremy Sarkin-Hughes, 2011 In 1904 the indigenous Herero people of German South West Africa now Namibia rebelled against their German occupiers In the following four years the German army retaliated killing between 60 000 and 100 000 Herero people one of the worst atrocities ever The history of the Herero genocide remains a key issue for many around the world partly because the German policy not to pay reparations for the Namibian genocide contrasts with its long standing Holocaust reparations policy The Herero case bears not only on transitional justice issues throughout Africa but also on legal issues elsewhere in the world where reparations for colonial injustices have been called for The book argues that the Herero genocide was linked to Germany's late entry into the colonial race which led it frenetically and ruthlessly to acquire multiple colonies all over the world within a very short period using any means available

A Guide to British Military History Ian F. W. Beckett, 2016-06-30 What exactly is military history Forty years ago it meant battles campaigns great commanders drums and trumpets It was largely the preserve of military professionals and was used to support national history and nationalism Now though the study of war has been transformed by the war and society approach by the examination of identity memory and gender and a less Euro centric and more global perspective Generally it is recognised that war and conflict must be integrated into the wider narrative of historical development and this is why Ian Becketts research guide is such a useful tool for anyone working in this growing field It introduces students to all the key debates issues and resources While European and global perspectives are not neglected there is an emphasis on the British experience of war since 1500 This survey of British military history will be essential reading and reference for anyone

who has a professional or amateur interest in the subject and it will be a valuable introduction for newcomers to it *The Indoctrination of the Wehrmacht* Bryce Sait, 2019-03-10 Far from the image of an apolitical clean Wehrmacht that persists in popular memory German soldiers regularly cooperated with organizations like the SS in the abuse and murder of countless individuals during the Second World War This in depth study demonstrates that a key factor in the criminalization of the Wehrmacht was the intense political indoctrination imposed on its members At the instigation of senior leadership many ordinary German soldiers and officers became ideological warriors who viewed their enemies in racial and political terms a project that was but one piece of the broader effort to socialize young men during the Nazi era Professional Journal of the United States Army ,1976 *Murder in Our Midst* Omer Bartov, 1996-02-29 War endlessly tries to mask itself The myth of the heroic soldier testing his individual courage stands in stark contrast to the reality of mass anonymous death and the suppression of individual actions Murder in Our Midst shows that this fundamental tension reached its natural conclusion in the Holocaust and that disguising it has required an ongoing effort to misrepresent war and the Holocaust as something other than industrial killing Examining a broad range of the representations of war s horrors from scholarly depictions to those in popular literature poetry art and the movies Omer Bartov finds they have some things in common Societies and cultures have attempted to form coherent images of horrific events to draw didactic lessons from them and to exploit them to legitimate ideological or political positions Made up of interconnected essays this book is both a scholarly and an often personal and passionate examination of the emergence implementation and representation of industrial killing Bartov draws out the links between recent revisionist attempts to minimize and deny the Holocaust and Hollywood s ongoing fascination with National Socialism and Hitler s Final Solution Arguing that the modern predicament reflects the effects of the Nazi genocide on current perceptions of war history and memory this book is a plea for compassion and commitment in an increasingly violent and indifferent world **Europe and Its Others** Paul Gifford, Tessa Hauswedell, 2010 The essays represent a selection of papers delivered at an international conference held under the title Europe and its Others Interperceptions Past Present Future at St Andrews University in June 2007 under the aegis of the Institute for European Cultural Identity Studies Introd **Barbarism and Civilization** Bernard Wasserstein, 2009-02-12 The twentieth century in Europe witnessed some of the most brutish episodes in history Yet it also saw incontestable improvements in the conditions of existence for most inhabitants of the continent from rising living standards and dramatically increased life expectancy to the virtual elimination of illiteracy and the advance of women ethnic minorities and homosexuals to greater equality of respect and opportunity It was a century of barbarism and civilization of cruelty and tenderness of technological achievement and environmental spoliation of imperial expansion and withdrawal of authoritarian repression and of individualism resurgent Covering everything from war and politics to social cultural and economic change Barbarism and Civilization is by turns grim humorous surprising and enlightening a window on the century we have left behind and the earliest years of its

troubled successor *Terror in the Balkans* Ben Shepherd, 2012-04-13 Germany's 1941 seizure of Yugoslavia led to an insurgency as bloody as any in World War II. The Wehrmacht waged a brutal counter insurgency campaign in response and by 1943 German troops in Yugoslavia were engaged in operations that ranked among the largest of the entire European war. Their actions encompassed massive reprisal shootings, the destruction of entire villages and huge mobile operations unleashed not just against insurgents but also against the civilian population believed to be aiding them. *Terror in the Balkans* explores the reasons behind the Wehrmacht's extreme security measures in southern and eastern Europe. Ben Shepherd focuses his study not on the high ranking generals who oversaw the campaign but on lower level units and their officers, a disproportionate number of whom were of Austrian origin. He uses Austro-Hungarian army records to consider how the personal experiences of many Austrian officers during the Great War played a role in brutalizing their behavior in Yugoslavia. A comparison of Wehrmacht counter insurgency divisions allows Shepherd to analyze how a range of midlevel commanders and their units conducted themselves in different parts of Yugoslavia and why. Shepherd concludes that the Wehrmacht campaign's violence was driven not just by National Socialist ideology but also by experience of the fratricidal infighting of Yugoslavia's ethnic groups, by conditions on the ground and by doctrines that had shaped the military mindsets of both Germany and Austria since the late nineteenth century. He also considers why different Wehrmacht units exhibited different degrees of ruthlessness and restraint during the campaign.

The Imperial German Army Between Kaiser and King

Gavin Wiens, 2023-03-28 This book provides a reappraisal of Germany's military between the mid nineteenth century and the end of the First World War. At its core is the following question: how German was the imperial German army? This army, which emerged from the Wars of Unification in 1871, has commonly been seen as the school of the nation. After all, so this argument goes, tens of thousands of young men passed through its ranks each year, with conscripts undergoing an intense program of patriotic education and returning to civilian life as fervent German nationalists and ardent supporters of the German emperor or Kaiser. This book reexamines this assumption. It does not deny that devotion to the Fatherland and loyalty to the Kaiser were widespread among German soldiers in the decades following unification. It nevertheless shows that the imperial German army was far less homogenous and far more faction-ridden than has hitherto been acknowledged.

German-Jewish Cultural Identity from 1900 to the Aftermath of the First World War Elisabeth Albanis, 2013-04-09 By illustrating the quintessentially different self-perceptions of three German writers of Jewish background, all born in or around 1880 in Berlin, this book examines a range of German Jewish identities in a socio-cultural context in Wilhelmine Germany. Moritz Goldstein (1880-1977) the conflict of his dual identity and the interplay between being a German writer and a cultural Zionist is covered first. Particular attention is given to the genesis of his essay *Deutsch-jüdischer Parnas* with its call for Jews to vacate their seats in German literary culture. The range of positions unfolding in the debate following its publication in *Der Kunstwart* in 1912 serves to illustrate the spectrum of German Jewish self-definition at the time. In the second part, the writings of Julius Bab

1880 1955 are examined in so far as they shed light on his advocacy of a synthesis of Deutschtum and Judentum The far side of the spectrum of German Jewish self definition is represented by Ernst Lissauer 1882 1937 who propagated complete assimilation considering the Jewish element as an obstacle which had to be overcome on the road to Deutschtum This study depicts how external cultural and political influences shaped the transformation of their ideas of what it meant to be Jewish in Germany and how they responded to increasing anti-Semitism By recognising the way in which the individual's cultural identity was constantly refashioned in the face of external challenges a fuller understanding of the evolving self-perception of German Jews is reached

Armies in Europe John Gooch, 2015-10-05 This book originally published in 1980 is a study of the nature and purposes of peace time military organization in Europe and of the characteristics and outcome of the major wars fought during these years It charts the rise of mass armies and the role of conscription as a socializing agent and a military instrument as well as discussing the growing involvement of society in war both as agent and target of military activity the mounting effort required of a society in order to achieve victory culminating in the Total War of 1939 45 Among other subjects explored are the development of war economies the genesis and significance of war aims the importance of social cohesion in modern war and the impact of technology

A History of Military Thought Azar Gat, 2001 From the ideas of Clausewitz to contemporary doctrines of containment and cold war this is a definitive history of modern military thought A one volume collection of Azar Gat's acclaimed trilogy it traces the quest for a general theory of war from its origins in the Enlightenment Drastically re-evaluating B H Liddell Hart's contribution to strategic theory the author argues that in the wake of the trauma of the First World War and in response to the Axis challenge Liddell Hart developed the doctrine of containment and cold war long before the advent of nuclear weapons He reveals Liddell Hart as a pioneer of the modern western liberal way in warfare which is still with us today

Cross of Iron John Mosier, 2006-05-30 THE RISE AND FALL OF THE GERMAN WAR MACHINE 1918 1945

Imperial Germany 1850-1918 Edgar Feuchtwanger, 2002-01-04 Imperial Germany focuses on the domestic political developments of the period putting them into context through a balanced guide to the economic and social background culture and foreign policy This important study explores the tensions caused within an empire which was formed through war against the prevailing liberal spirit of the age and poses many questions among them Was the desire to unify Germany the cause of the aggressive foreign policy leading to the First World War To what extent was Bismarck's Second Reich the forerunner of Hitler's Third Did Bismarck's authoritarian rule permanently hinder the political development of Germany Recent debates raised by German scholarship are made accessible to English speaking readers and the book summarises the important controversies and competing interpretations of imperial German history

Right here, we have countless ebook **German Officer Corps 1890 1914** and collections to check out. We additionally give variant types and plus type of the books to browse. The all right book, fiction, history, novel, scientific research, as capably as various new sorts of books are readily available here.
