

German Raiders

August Karl Muggenthaler

German Raiders:

Beware Raiders! Bernard Edwards, 2014-07-19 A British naval historian recounts the victories and defeats of two of the most infamous German Navy vessels during World War II Bernard Edwards's *Beware Raiders* tells the fascinating story of two German ships and the havoc they caused amongst Allied shipping in World War II One was the eight inch gun cruiser Admiral Hipper named for World War I's German fleet Admiral Franz von Hipper fast powerful and Navy manned The other was a converted merchant man Hansa Line's *Kandelfels* armed with a few old scavenged guns manned largely by reservists and sailing under the nom de guerre *Pinguin* The difference between the pride of the Third Reich's Kriegsmarine's fleet and the converted cruiser was even more evident in their commanders Edwards emphasizes the striking contrast between the conduct of Ernst Kruder captain of the *Pinguin* who attempted to cause as little loss of life as possible and the callous Iron Cross decorated Wilhelm Meisel of the Admiral Hipper who had scant regard for the lives of the men whose ships he had sunk Contrary to all expectations as Edwards reveals in his thrilling accounts of the missions performed by each ship the amateur man of war reaped a rich harvest and went out in a blaze of glory The purpose built battlecruiser on the other hand was hard pressed even to make her mark on the war and ended her days in ignominy **German Commerce Raiders**

1914-18 Ryan K. Noppen, 2015-11-20 This is the story of Germany's commerce raiders of World War I the surface ships that were supposed to starve the British Isles of the vast cargoes of vital resources being shipped from the furthest reaches of the Empire To that end pre war German naval strategists allocated a number of cruisers and armed fast ocean liners as well as a complex and globe spanning supply network to support them known as the *Etappe* network This book drawing on technical illustrations and the author's exhaustive research explains the often overlooked role that the commerce raiders played in World War I Whilst exploring the design and development of the ships it also describes their operational history how they tied up a disproportionate amount of the British fleet on lengthy pursuits and how certain raiders such as the SMS *Emden* were able to wreak havoc across the oceans **German Raiders of the First World War** Chris Sams, 2017-04-20 The

untold and full story of German warships and auxiliary cruisers in the Pacific Ocean during the First World War Combines the views of the British German French and Canadian commanders for the first time Lavishly illustrated with many unpublished images of interest to the military historian and modeller alike As the world plunged into war in August 1914 two German fleets and several cruisers lay beyond the North Sea posing a serious threat to British merchant vessels and naval superiority Beyond the British blockade there was little chance of reinforcements and resupply of ammunition Admiral Souchon crossed the Mediterranean with a superior French and British fleet in pursuit Vice Admiral von Spee had to decide what to do half a world away from Germany with colonies and friendly shipping rapidly being overtaken by Allied forces With only the ammunition onboard his vessels he had to fight his way through British lines to get his men home Karl von Mller led the *Emden* on a daring campaign of commerce raiding as did the commander of the *Karlsruhe* Other cruisers also carried out

warfare seriously affecting Allied merchant shipping However the Royal Navy spent precious resources to remove these threats and Admiral Craddock swept down the coast of North America chasing phantoms only to find what he was looking for was at Coronel and the Falklands Islands German Commerce Raider vs British Cruiser Robert Forczyk,2012-12-20 The history of one of the greatest acts of deception as Kriegsmarine raiders disguised as merchant ships wrecked havoc on Allied shipping and the Allied cruisers who finally destroyed them During World War II the Kriegsmarine armed a number of merchant vessels with concealed guns and torpedo tubes for surprise attacks against Allied shipping To counter this deadly threat the Royal Navy employed cruisers and their intelligence gathering apparatus to find and destroy the disguised German commerce raiders This highly illustrated Duel title covers the deadly game of cat and mouse fought by these surface vessels during World War II **German Raiders** Paul Schmalenbach,1979 **German Commerce Raiders 1914-18** Ryan K. Noppen,2015-11-20 This is the story of Germany's commerce raiders of World War I the surface ships that were supposed to starve the British Isles of the vast cargoes of vital resources being shipped from the furthest reaches of the Empire To that end pre war German naval strategists allocated a number of cruisers and armed fast ocean liners as well as a complex and globe spanning supply network to support them known as the Etappe network This book drawing on technical illustrations and the author's exhaustive research explains the often overlooked role that the commerce raiders played in World War I Whilst exploring the design and development of the ships it also describes their operational history how they tied up a disproportionate amount of the British fleet on lengthy pursuits and how certain raiders such as the SMS Emden were able to wreak havoc across the oceans *The Secret Raiders* David Woodward,1955 **German Raiders of World War II** August Karl Muggenthaler,1977 False Flags Stephen Robinson,2016-10-31 False Flags tells the epic story of German raider voyages during the early years of World War II In 1940 the raiders Orion Komet Pinguin and Kormoran left Germany and waged a pirate war across the Atlantic Pacific and Indian oceans as well as the Arctic and Antarctic part of Germany's strategy to attack the British Empire's maritime trade *German Raiders in the Pacific* S. D. Waters,2008-08-27 Next to U boats the surface raiders of the Kriegsmarine were among the most effective naval vessels the Germans loosed upon the oceans during World War II Few however know that some of these auxiliary cruisers also served in the Pacific Ocean even laying mines outside of New Zealand harbors Original reprint not a facsimile 10 photos 5 illustrations 5 maps **Hitler Attacks Pearl Harbor** Richard F. Hill,2003 Hill theorizes that the diplomatic community opened the European theater to a full scale war on Germany because Hitler's pressure on his Japanese allies caused the Pearl Harbor attack **German Raiders in the Pacific** S. D. Waters,2008-09-22 Next to U boats the surface raiders of the Kriegsmarine were among the most effective naval vessels the Germans loosed upon the oceans during World War II Few however know that some of these auxiliary cruisers also served in the Pacific Ocean even laying mines outside of New Zealand harbors Original reprint not a facsimile 10 photos 5 illustrations 5 maps *Naval History of World War I* Paul G Halpern,2012-04-15 There have been a

number of studies published on the activities of British and German navies during World War I but little on naval action in other arenas This book offers for the first time a balanced history of the naval war as a whole viewed from the perspective of all participants in all major theaters The author s earlier examination *The Naval War in the Mediterranean 1914-1918* centered on submarine activities and allied efforts to counteract this new menace With this welcome sequel he again takes the reader beyond those World War I operations staged on the North Sea Halpern s clear and authoritative voice lends a cohesiveness to this encompassing view of the Italians and Austrians in the Adriatic the Russians Germans and Turks in the Baltic and Black Seas and French and British in the Mediterranean Important riverine engagements notably on the Danube also are included along with major colonial campaigns such as Mesopotamia and the Dardanelles The role of neutral sea powers such as the Swedes in the Baltic and the Dutch in the East Indies is examined from the perspective of how their neutrality affected naval activity Also discussed is the part played by the U S Navy and the often overlooked but far from negligible role of the Japanese navy The latter is viewed in the context of the opening months of the war and in the Mediterranean during the height of the submarine crisis of 1917

European Powers in the First World War Spencer Tucker, 2018-12-07 First published in 1996 The First World War was the single most important event of the twentieth century This volume concentrates on non U S aspects of the conflict Organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace Some 350 biographies provide information on the roles played in the conflict by generals admirals and civilian leaders There are also biographies of individuals who were shaped by the war such as Charles De Gaulle Adolf Hitler Benito Mussolini and Joseph Stalin essays on each of the countries involved in the conflict new appraisals of such subjects as military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war Each entry has references for additional reading and a subject index provides easy access The volume is an excellent reference source for scholar and neophyte alike

The Story of The Great War Francis J. Reynolds, Allen L. Churchill, Francis Trevelyan Miller, 1916 *The Story of the Great War ...* Francis Joseph Reynolds, Allen Leon Churchill, Francis Trevelyan Miller, 1916 Jan.-March, 1917, 1917 *Harper's Magazine* Henry Mills Alden, Thomas Bucklin Wells, Lee Foster Hartman, Frederick Lewis Allen, 1918
