German Romantics In Context:

German Romantics in Context Elisabeth Stopp, 1992 No Marketing Blurb **German Romantics in Context** Roger Cardinal, 1975 Poetry Into Song Deborah Stein, Robert Spillman, 2010-06-10 When Franz Schubert put Goethe's poem Gretchen am Spinnrade to music in 1814 he created a musical form that has captivated audiences ever since In Poetry into Song Deborah Stein and Robert Spillman challenge readers to seek a richer more imaginative understanding of Lied the nineteenth century German art song Written for students of voice piano and theory and for all singers and accompanists Poetry into Song establishes a framework for the analysis of song based on a process of performing listening analyzing and performing again This unique approach emphasizes the reciprocal interaction between performance and analysis Focusing on the masterworks Poetry into Song features numerous poetic texts as well as a core repertory of songs Examples throughout the text demonstrate points and end of chapter questions reinforce concepts and encourage directed analysis While numerous books have been written on Lieder and German Romantic poetry Poetry into Song is the first to combine performance musical analysis textual analysis and the interrelation between poetry and music in a truly systematic thorough way **Romanticism in National Context** Roy Porter, Mikulas Teich, 1988-05-27 Special emphasis is placed on the interplay between Romantic culture and social political and economic change in this study of the course of Romanticism in various European countries **The Romantic Movement** Alan Menhennet, 2018-10-24 First published in 1981 This study concentrates on the exponents of the central period of German Romanticism regarding as characteristic the mode in which the poet's self becomes active only in response to external stimuli most notably those of landscape The author traces the main strands of thought and interests that preoccupy Romantic writers the revolutionary attitude that is yet differentiated from that of writers like Byron by the lack of emphasis on individualism the dualism of the bourgeois world and the inner self the interest in language as an agency for the regeneration of the German spirit and the concentration on folk themes and the idea of Wanderung This title will be of interest to students of literature **Nature and Society in Historical Context** Mikulas Teich, Roy Porter, Bo Gustafsson, 1997-02-13 A collection of essays describing the historical connection between nature and society **Romantic Vision, Ethical Context** Géza von Molnár, 1986 **Friedrich Schlegel and the Emergence of Romantic Philosophy** Elizabeth Millán, 2012-02-01 This book addresses the philosophical reception of early German Romanticism and offers the first in depth study in English of the movement's most important philosopher Friedrich Schlegel presenting his philosophy against the background of the controversies that shaped its emergence Elizabeth Millán Zaibert begins by distinguishing early German Romanticism from classical German Idealism under which it has all too often been subsumed and then explores Schlegel's romantic philosophy and his rejection of first principles by showing how he responded to three central figures of the post Kantian period in Germany Jacobi Reinhold and Fichte as well as to Kant himself She concludes with a comprehensive critique of the aesthetic and epistemological consequences of Schlegel's

thought with special attention paid to his use of irony Contexts, Subtexts and Pretexts Brian James Baer, 2011 This volume presents Eastern Europe and Russia as a distinctive translation zone despite significant internal differences in language religion and history The persistence of large multilingual empires which produced bilingual and even polyglot readers the shared experience of belated modernity and the longstanding practice of repressive censorship produced an incredibly vibrant profoundly politicized and highly visible culture of translation throughout the region as a whole The individual contributors to this volume examine diverse manifestations of this shared translation culture from the Romantic Age to the present day revealing literary translation to be at times an embarrassing reminder of the region's cultural marginalization and reliance on the West and at other times a mode of resistance and a metaphor for cultural supercession This volume demonstrates the relevance of this region to the current scholarship on alternative translation traditions and exposes some of the Western assumptions that have left the region underrepresented in the field of Translation Studies

Jung in Contexts Paul Bishop, 1999 This is a unique collection of the most important essays on Jung and analytical psychology over the past two decades The essays place Jung the man and his work in three important contexts historical literary and intellectual **Genre, Race, and the Production of Subjectivity in German Romanticism** Stephanie Galasso, 2024-04-15 Exposes German Romanticism's entanglements of aesthetic philosophy with racialized models of humanity Late Enlightenment philosophers and writers like Herder Goethe and Schiller broke with conventions of form and genre to prioritize an idealized and racially coded universality Newly translated literatures from colonial contexts served as the basis for their evaluations of how to contribute to a distinctly German national literary tradition one that valorized modernity and freedom and thus fortified crucial determinants of modern concepts of whiteness Through close readings of both canonical and less studied Romantic texts Stephanie Galasso examines the intimately entwined histories of racialized subjectivity and aesthetic theory and shows how literary genre is both symptomatic and generative of the cultural violence that underpinned the colonial project Poetic expression and its generic conventions continue to exert pressure on the framing and reception of the stories that can be told about interpersonal and structural experiences of oppression Genre Race and the Production of Subjectivity in German Romanticism explores how white subjectivity is guarded by symbolic and material forms of violence Contexts of Criticism Harry Levin, 1957 15 lectures on novelists and literature ranging from broad problems of critical theory and esthetic formulation to specific analyses of forms and texts *Romantic Legacies* Shun-Liang Chao, John Michael Corrigan, 2019-03-06 Romantic Legacies Transnational and Transdisciplinary Contexts presents the most wide ranging treatment of Romantic regenerations covering the cross pollination between the arts or between art and thought within or across the borders of Germany Britain France the US Russia India China and Japan Each chapter in the volume examines a legacy or afterlife in a comparative context to demonstrate ongoing Romantic legacies as fully as possible in their complexity and richness The volume provides readers a lens through which to understand Romanticism not merely as

an artistic heritage but as a dynamic site of intellectual engagement that crosses nations and time periods and entails no less than the shaping of our global cultural currents

Mapping Linguistic Diversity in Multicultural Contexts Monica Barni, Guus Extra, 2008-08-27 Within the European context linguistic diversity can be studied at the level of both official state languages and non national languages This comprehensive overview offers insightful crossnational and crosscontinental perspectives on non national languages in terms of both regional and immigrant languages The book focuses on mapping linguistic diversity in both the private and public domain Methodological issues and empirical outcomes are explored for a variety of European and non European countries and languages The book consists of four parts Part 1 provides an introduction to the subject as well as an overview and discussion of migration statistics and language use Part 2 deals with the mapping of regional languages in Europe exemplified by case studies on Welsh Basque and Frisian Part 3 focuses on immigrant languages in Europe and includes case studies from both national Switzerland Italy France and crossnational Multilingual Cities Project perspectives Part 4 turns to mapping linguistic diversity abroad with case studies on Australia South Africa Turkey and Japan

The Romantic Idea of the Golden Age in Friedrich Schlegel's Philosophy of History Asko Nivala, 2017-02-03 The nineteenth century Romantic understanding of history is often confused with the longing for the past Golden Age In this book the Golden Age is seen from a new angle by discussing it in the context of the works of Friedrich Schlegel who saw it not as bygone but to be produced in the future

Satire and Romanticism S. Jones, 2000-04-21 This remarkable study of the constructive and ultimately canon forming relationship between satiric and Romantic modes of writing from 1760 to 1832 provides us with a new understanding of the historical development of Romanticism as a literary movement Romantic poetry is conventionally seen as inward turning sentimental sublime and transcendent whereas satire with its public profane and topical rhetoric is commonly cast in the role of generic other as the un Romantic mode This book argues instead that the two modes mutually defined each other and were subtly interwoven during the Romantic period By rearranging reputations changing aesthetic assumptions and re distributing cultural capital the interaction of satiric and Romantic modes helped make possible the Victorian and modern construction of English Romanticism

The Oxford Handbook of European Romanticism Paul Hamilton, 2016-01-14 TThe Oxford Handbook to European Romanticism brings together leading scholars in the field to examine the intellectual literary philosophical and political elements of European Romanticism The book focuses on the cultural history of the period extending from the French Revolution to the uprisings of 1848 It begins with a series of chapters examining key texts written by major writers in languages including French German Italian Spanish Russian Hungarian Greek and Polish amongst others A second section then explores the naturally interdisciplinary quality of Romanticism exemplified by the different discourses with which writers of the time set up an internal comparative dynamic These chapters highlight the sense a discourse gives of being written knowledgeably against other pretenders to completeness or comprehensiveness of self understanding of the time Discourses typically advance their own

claims to resume European culture collaborating with and at the same time trying to assimilate each other in the process The main examples featured here are history geography drama theology language philosophy political theory the sciences and the media Each chapter offers an original and individual interpretation of an inherently comparative world of individual writers and the discursive idioms to which they are historically subject Together the forty one chapters provide a comprehensive and provocative overview of European Romanticism *The Word In Poetry and Its Contexts* Julian Scutts,2015-11-07 Normally we consider only one context to establish the sense of a word to which a dictionary applies more than one definition The reader of poetry can consider many more contexts such as those supplied by his or her familiarity with other works by the same author and with literary tradition The theoretical basis of this study resides in an analysis of Ferdinand de Saussure s distinction between langue and parole and approaches to textual criticism predicated on this distinction which is most clearly evident in the theoretical studies of the Russian Formalists On the firm basis of an understanding of the difference between poetry and nonliterary prose this study unravels the issues which surround the prominence of words derived from the verbs wandern and to wander in German nd English respectively in such celebrated poems as Wandrers Nachtlied I wandered lonely as a cloud and William Blake s London Hegel's Theory of Imagination Jennifer Ann Bates,2012-02-01 Filling an important gap in post Kantian philosophy Hegel s Theory of Imagination focuses on the role of the imagination and resolves the question of its apparent absence in Hegel s Phenomenology of Spirit Jennifer Ann Bates discusses Hegel s theory of the imagination through the early and late Philosophy of Spirit lectures and reveals that a dialectic between the two sides of the imagination the night of inwardizing consciousness and the light of externalizing material is essential to thought and community The complexity and depth of Hegel s insights make this book essential reading for anyone seriously interested in understanding how central the imagination is to our every thought **Romantic Writings** Stephen Bygrave,2017-09-29 Romantic Writings is an ideal introduction to the cultural phenomenon of Romanticism one of the most important European literary movements and the cradle of Modern culture Here you will find an accessible introduction to the well known male Romantic writers Blake Wordsworth Coleridge Byron Shelley and Keats Alongside are chapters dealing with poems by Charlotte Smith Mary Robinson Ann Barbauld Elizabeth Barrett Browning which challenge the idea that these men are the only Romantic writers As a further counterpoint the book also includes discussion of two German Romantic short stories by Kleist and Hoffman Throughout close reading of texts is matched by an insistence on reading them in their historical context Romantic Writings offers invaluable discussions of issues such as the notion of the Romantic artist colonialism and the exotic and the particular situation of women writers and readers
