OF
GERMAN ORIGIN

*'We can have no "Hyphen" allegiance in this country.
Either a man is an American and nothing else, or he is not
an American at all. We are united by blood and devoted to
most of the nations of Europe, but we are separate from all
of them; we are a new and distinct nation.'*

Hitler's Foreign Policy 1933-1939 Gerhard L. Weinberg, 2010-03-01 Hitler's path to war consisted of two different stages that paralleled the internal development of Germany From 1933 to the end of 1936 he created a diplomatic revolution in Europe From a barely accepted equal Germany became the dominant power on the continent With the remilitarization of the Rhineland the stalemate in the Spanish Civil War the forming of the Axis and the signing of the Anti Comintern Pact the first phase was completed In the second phase the diplomatic initiative in the world belonged to Germany and its partners Germany's march toward war therefore became the central issue in world diplomacy

The Nazi Movement in the United States, 1924-1941 Sander A. Diamond, 2018-10-18 The dramatic story of Germany's attempt to rally German Americans to its support before World War II is told with authority in this full account of the National Socialist movement in the United States Drawing from records of the groups collectively known as the German American Bund and a rich store of captured German documents Dr Diamond describes the Bund's origins and leaders its membership and ideology **German Reich and Americans of German Origin** Charles Burlingham, 1938 [The Jewish Veteran](#), 1938 [The World's Work](#) Walter Hines Page, Arthur Wilson Page, 1918 A history of our time **Dictionary of American Family Names** Patrick Hanks, 2003-05-08 Where did your surname come from Do you know how many people in the United States share it What does it tell you about your lineage From the editor of the highly acclaimed Dictionary of Surnames comes the most extensive compilation of surnames in America The result of 10 years of research and 30 consulting editors this massive undertaking documents 70 000 surnames of Americans across the country A reference source like no other it surveys each surname giving its meaning nationality alternate spellings common forenames associated with it and the frequency of each surname and forename The Dictionary of American Family Names is a fascinating journey throughout the multicultural United States offering a detailed look at the meaning and frequency of surnames throughout the country For students studying family genealogy others interested in finding out more about their own lineage or lexicographers the Dictionary is an ideal place to begin research [The Idea of Europe and the Origins of the American Revolution](#) D. H. Robinson, 2020-09-02 In *The Idea of Europe and the Origins of the American Revolution* Dan Robinson presents a new history of politics in colonial America and the imperial crisis tracing how ideas of Europe and Europeanness shaped British American political culture Reconstructing colonial debates about the European states system European civilisation and Britain's

position within both Robinson shows how these concerns informed colonial attitudes towards American identity and America's place inside and ultimately outside the emerging British Empire Taking in more than two centuries of Atlantic history he explores the way in which colonists inherited and adapted Anglo British traditions of thinking about international politics how they navigated imperial politics during the European wars of 1740 1763 and how the burgeoning patriot movement negotiated the dual crisis of Europe and Empire in the between 1763 and 1775 In the process Robinson sheds new light on the development of public politics in colonial America the Anglicisation Americanisation debate the political economy of empire early American art and poetry eighteenth century geopolitical thinking and the relationship between international affairs nationalism and revolution What emerges from this story is an American Revolution that seems both decidedly arcane and strikingly relevant to the political challenges of the twenty first century The New Metropolitan ,1911 **Annual**

Congressional Record United States. Congress,1942 Nazis and Nazi Sympathizers in Latin America after 1945 ,2024-05-13 Aside from the prominent perpetrators such as Adolf Eichmann Josef Mengele or Klaus Barbie there were numerous other cases of Nazis and Nazi sympathizers from Germany and Austria who ended up in Latin America after 1945 Their life trajectories professional activities and contacts to local elites in their new homes have hardly been subject to systematic research to date Their new lives in Latin America their careers e g as diplomats secret service agents or scientists are therefore a main focus of this volume The biographies of these people and their networks are woven into the larger political social and scientific contexts of postwar Europe and Latin America especially in the early Cold War period

McClure's Magazine ,1917 **Hitler** Brendan Simms,2019-10-01 From a prize winning historian the definitive biography of Adolph Hitler Hitler offers a deeply learned and radically revisionist biography arguing that the dictator's main strategic enemy from the start of his political career in the 1920s was not communism or the Soviet Union but capitalism and the United States Whereas most historians have argued that Hitler underestimated the American threat Simms shows that Hitler embarked on a preemptive war with the United States precisely because he considered it such a potent adversary The war against the Jews was driven both by his anxiety about combatting the supposed forces of international plutocracy and by a broader desire to maintain the domestic cohesion he thought necessary for survival on the international scene A powerfully argued and utterly definitive account of a murderous tyrant we thought we understood Hitler is essential reading for anyone seeking to understand the origins and outcomes of the Second World War The Deutschtum of Nazi Germany and the

United States Arthur L. Smith,2012-12-06 **Democratic Justice: Felix Frankfurter, the Supreme Court, and the Making of the Liberal Establishment** Brad Snyder,2022-08-23 The definitive biography of Felix Frankfurter Supreme Court justice and champion of twentieth century American liberal democracy The conventional wisdom about Felix Frankfurter Harvard law professor and Supreme Court justice is that he struggled to fill the seat once held by Oliver Wendell

Holmes Scholars have portrayed Frankfurter as a judicial failure a liberal lawyer turned conservative justice and the Warren Court s principal villain And yet none of these characterizations rings true A pro government pro civil rights liberal who rejected shifting political labels Frankfurter advocated for judicial restraint he believed that people should seek change not from the courts but through the democratic political process Indeed he knew American presidents from Theodore Roosevelt to Lyndon Johnson advised Franklin Roosevelt and inspired his students and law clerks to enter government service Organized around presidential administrations and major political and world events this definitive biography chronicles Frankfurter s impact on American life As a young government lawyer he befriended Theodore Roosevelt Louis Brandeis and Holmes As a Harvard law professor he earned fame as a civil libertarian Zionist and New Deal power broker As a justice he hired the first African American law clerk and helped the Court achieve unanimity in outlawing racially segregated schools in Brown v Board of Education In this sweeping narrative Brad Snyder offers a full and fascinating portrait of the remarkable life and legacy of a long misunderstood American figure This is the biography of an Austrian Jewish immigrant who arrived in the United States at age eleven speaking not a word of English who by age twenty six befriended former president Theodore Roosevelt and who by age fifty was one of Franklin Roosevelt s most trusted advisers It is the story of a man devoted to democratic ideals a natural orator and often overbearing justice whose passion allowed him to amass highly influential friends and helped create the liberal establishment
