German Thought and Culture Hans Joachim Hahn, 1995 From the late eighteenth century to the early twentieth century Liverpool was frequently referred to as the second city of the empire Yet the role of Liverpool within the British imperial system and the impact on the city of its colonial connections remain underplayed in

recent writing on both Liverpool and the empire However inconvenient this may prove this specially commissioned collection of essays demonstrates that the imperial dimension deserves more prevalence in both academic and popular representations of Liverpool's past Indeed if Liverpool does represent the World in One City the slogan for Liverpool's status as European Capital of Culture in 2008 it could be argued that this is largely down to Merseyside's long term interactions with the colonial world and the legacies of that imperial history In the context of Capital of Culture year and growing interest in the relationship between British provincial cities and the British empire this book will find a wide audience amongst academics students and history enthusiasts generally
