God In The Shadows:

God in the Shadows Hugh Redwood,1932 *God in the Shadows* Julius Lafayette Tucker,1991 **God in the Shadows** Julius L. Tucker,2013-10 This is a new release of the original 1943 edition *God in the Shadows* Frey,2019-08-15

God in the Shadows hidden from view hidden from the casual observer findable only by those whose hearts burn for Him He is tucked away in the clutter of our circumstances He whispers to us out of the overcasting details of everyday life as well as from the midst of those overwhelming crises that arise from time to time In each and out of each is the calling fragrance that there is more there is more here than what my senses can see He draws me us to come closer to come where He resides And as I approach nearer and nearer His shadow covers me the brilliance of His person overwhelms me and I see Him for who He is I am humbled by how little I know Him My Lord and my God I hardly know You God is lurking in the midst of life speaking to us in every possible situation and circumstance and He desires that we KNOW Him above all things We seem to think that He is primarily concerned in what we DO when He is most concerned in our KNOWING Him This short book has only one purpose and that is to provoke us to draw nearer to God with the eternal promise that He will in response draw nearer to us I pray you get that Above all else I pray you get that

The God in the Shadows Eric Masinter,2018-02-08 For untold eons Selthraxadinian the Lord of Light and Darkness has stayed in the shadows never revealing his true strength to the gods who rose to power when Az emon the Lord of Chaos fell But there is one who knows one who always knew Now he has sent his servants to catch Selthraxadinian The first thrust has left Selthraxadinian wounded trapped in a mortal form with his powers and memories locked away As his enemy s hounds continue to hunt him and while a smaller game of power is being played out on the mortal world he is now a part of Selthraxadinian can only hope to return to his former glory before he is destroyed forever

The World in the Shadow of God Ephraim Radner,2010-06-01 In *The World in the Shadow of God* Ephraim Radner argues for a vigorous Christian natural theology and insists that such a theology must of necessity be performed poetically The peculiar character of such a theology is found in its disclosing of the natural limits that indicate indirectly the impinging and more fundamental reality of the divine life Natural theology represents the encounter between created reality and the shadow of God s creative and revelatory grace However the encounter is a morally demanding task for the Christian church if it is to be held accountable to the truth on which its life is based The first portion of the book offers an extended critical essay on the nature of this sort of natural theology while the second provides a developed set of examples through poems that display the natural world in light of the truths articulated in the Apostles Creed Those

interested in the intersection of theology literature history and the natural world will be challenged by this attempt to renew a basic element of Christian knowledge and culture **In The Shadow Of God's Love** Leelia Carolyn Cornell,2018-03-16

Do you hunger to have a deep personal relationship with God Do you long to know more of His character Do you need to find more of His peace love and mercy Do you want more strength to face the challenges and trials of life and emerge victorious God is so awesome it is impossible to confine Him to mere words No two people relate the same way to God and God is fresh in His dealings with each individual Yet His character is constant and eternal the same yesterday today and forever We glean foremost from His Word but also by the insights of others inspired by the Holy Spirit to discover His Workings in the lives of mankind These can be beams of light on our own pathway through life The first part of this book attempts to capture a fragment of Who God is in poetry and verse The second part is stories from the life of the author and her ancestors which proclaim God in every day living God is to be in every part and aspect of life and this book relates stories of life s joys sorrows heartrending trials triumphs and special times with God as well as the mundane and the funny happenings of living There are also poems of God s hand in nature outside the author s backdoor To proclaim God you must also live God This book presents not only His Word but also how His Word can be applied to real life situations and God s faithfulness throughout generations
