

*God is the great engineer of life.
He has a great plan for us.
But we are still the carpenters
and we should construct our lives
according to His plan*

The hand is resting on a wooden surface, and the pencil is held in a way that suggests it is about to write or has just finished writing. The lighting is warm, highlighting the texture of the skin and the wood.

God Is An Engineer:

God Is an Engineer Butch Webb, 2004 God's Engineer Daniel Sargent, 1954 *The Transhumanism Handbook* Newton Lee, 2019-07-03 Modern humanity with some 5 000 years of recorded history has been experiencing growing pains with no end in sight It is high time for humanity to grow up and to transcend itself by embracing transhumanism Transhumanism offers the most inclusive ideology for all ethnicities and races the religious and the atheists conservatives and liberals the young and the old regardless of socioeconomic status gender identity or any other individual qualities This book expounds on contemporary views and practical advice from more than 70 transhumanists Astronaut Neil Armstrong said on the Apollo 11 moon landing in 1969 One small step for a man one giant leap for mankind Transhumanism is the next logical step in the evolution of humankind and it is the existential solution to the long term survival of the human race

Christian Life God's Way Larry Harmsen, 2022-08-01 Larry has come to understand that there are two basic ways that the Bible can be taught The first is the most prevalent It consists of telling the Christian the things that he or she should be doing and the things that he or she should not be doing sometimes accompanied with relatively meaningless ways of doing or not doing these things The second way to teach the Bible is to teach it by revealing what God says in the Bible which we call expository preaching or teaching I am very much in favor of expository teaching If a Christian is taught the Bible not taught about the Bible but actually taught to understand God and God's desire to live in and through us in a fulfilling meaningful way the Christian will be able to determine for him or herself what to do or what not to do as it becomes a part of the person's life rather than just something added to the person's life If living the vibrant Christian life through knowing God and His Word becomes the desire and goal of the Christian life learned from the Holy Spirit through God's Word that inner force becomes an external force far more useful to God than being told what to do or what not to do That desire to teach Christians in a way to build that inner force of God through knowing Him has been mine for many years This book contains Bible studies to help develop that inner force that is only by grace Brotherhood of Locomotive Engineer's Monthly Journal , 1868
