Apostolic Perspective on

Systematic Theology Dr. Adrian G. Haymond, 2015-10-30 Apostolic Perspective of Systematic Theology delves into the major doctrines that formulate the Christian belief explained from an Apostolic point of view The book explores various facets of theology including God and the Godhead man and sin angels and demons covenants and dispensations and last things It compares through study of the Scriptures in both testaments to arrive at a reasoned argument for stances on various subjects as salvation the nature of the Godhead the deity of Christ and the inerrancy of the Bible The purpose of the book is to instill a love of study for the serious Bible student that compels the reader to apply sound hermeneutical principles in defense of the hope that lies within the believer As there is no premium on ignorance of the principles that lie within the Word of God the author compares each facet of doctrine while building a comprehensive system of theology that can stand against the face of higher criticism and doctrinal error providing the reader with a reasonable explanation of what is most precious to all Christians ones own faith

The Christ of the Apostolic Confession Eric Roessing, 2020-07-07 Paul the apostle warned the Corinthians believers For if one comes and preaches another Jesus whom we have not preached or you received a different gospel which you have not accepted you bear this beautifully 2Co 11:4 NASB Of course he is not praising them for bearing the message of the super apostles v 5 beautifully He is rebuking them Just as back then even so now it is imperative that we know and receive only the gospel which the apostles preached and in this case Paul was referring to the gospel of God Ro 1:1ff which Paul received by revelation of Jesus Christ Gal 1:12 Having been inspired for over two decades by the truth of the apostolic confession Jesus Christ is Lord including the implications of this confession for true experiential unity in the church of God I was moved to write this small book in which Part One covers the truth of the apostolic confession and how it is sufficient for accepting one another in Christ Jesus And then Part Two sets forth apostolic doctrine which wholly correlates to the apostolic confession the gospel Part Three deals with what is perhaps the greatest enemy of church unity Justification in Christ alone through faith in him alone I would hope that all churches especially those who are intentional in seeking to allow all the members of Christ s body to participate in love 1Co chapters 12-14 in the worship of God for the edification of all would be eager to receive the truth of the apostolic confession and its corresponding apostolic doctrine Romans 6:17 16:17

The Professionalisation of African Medicine Murray Last, G. L. Chavunduka, 2018-09-03 Originally published in 1986 this book draws upon a range of authors to reflect wide interest in systematising traditional medicine and to include material on significant instances of regulation or organisation It was the first book to study the efforts of traditional healers and their newly formed professional associations and as such constitutes a pioneering collection of sources Because of the changing position of traditional medicine it may well also be a unique record before long what is described here will largely have disappeared
