Holy Shift Rev. Randol Batson, 2013-09-12

How could a God of total love and eternal vision create billions of people throughout time knowing most would be forever denied salvation because they did not embrace one specific faith pathway Might such consciousness be blasphemy Yet that has been the historic teaching of the Christian church in its various denominations and remains the belief of fundamentalists Dissension within the ranks of Christendom is greater than at any other time Members the world over have walked away from practice of the faith because they cannot reconcile the message of Jesus to the dogma and politics of church or because they cannot trust the inconsistencies and conflicts of the Scriptures Untold numbers skeptical and doubting remain perfunctorily obedient for fear of eternal damnation Others have been tragically marginalized ostracized or even excommunicated from congregations and denominations that draw their charter from the Lord of Love non judgment and forgiveness A lifelong Christian whose consciousness no longer identifies with organized religion Rev Batson now enjoys a new and more profound relationship with Jesus who remains the Lord of his life His testimony offers comfort affirmation and hope to many To others he is a heretic He hopes however that this book will offer all readers a shift in perspective He who has an eye let him see He who has an ear let him hear Jesus I do not feel obliged to believe that the same God who has endowed us with sense reason and intellect has intended us to forgo their use

Friedeburg Mary Jane Haemig and Eric Lund      *Spirits Rejoice!* Jason C. Bivins, 2015-04-01 In *Spirits Rejoice* Jason Bivins explores the relationship between American religion and American music and the places where religion and jazz have overlapped. Much writing about jazz tends toward glorified discographies or impressionistic descriptions of the actual sounds. Rather than providing a history or series of biographical entries, *Spirits Rejoice* takes to heart a central characteristic of jazz itself and improvises, generating a collection of themes, pursuits, reoccurring foci, and interpretations. Bivins riffs on interviews, liner notes, journals, audience reception, and critical commentary, producing a work that argues for the centrality of religious experiences to any legitimate understanding of jazz while also suggesting that jazz opens up new interpretations of American religious history. Bivins examines themes such as musical creativity as related to specific religious traditions, jazz as a form of ritual and healing, and jazz cosmologies and metaphysics. *Spirits Rejoice* connects Religious Studies to Jazz Studies through thematic portraits and a vast number of interviews to propose a new improvisationally fluid archive for thinking about religion, race, and sound in the United States. Bivins's conclusions explore how the sound of spirits rejoicing challenges not only prevailing understandings of race and music but also the way we think about religion. *Spirits Rejoice* is an essential volume for any student of jazz, American religion, or American culture.
