A God of Incredible Surprises Virgilio Elizondo, 2003-11-10 In this remarkable rereading of the life of Jesus theologian Virgilio Elizondo cited by TIME Magazine as one our the spiritual innovators of out time focuses on the humanity of Jesus and the healing his life offers to ourselves and our world today A Puerto Rican Decolonial Theology Teresa Delgado, 2017-09-21 This book explores the themes of identity suffering and hope in the stories of Puerto Rican people to surface the anthropology soteriology and eschatology of a Puerto Rican decolonial theology Using an interdisciplinary methodology of dialogue between literature and theology this study reveals the oppression resistance and theological vision of the Puerto Rican community It demonstrates how Puerto Rican literature and Puerto Rican theology are prophetic voices calling out for the liberation of a suffering people on the island and in the Puerto Rican Diaspora while employing personal Puerto Rican family community stories as an authoritative contextual reference point This work stands within the continuum of contextual theology and diasporic studies of religion in the United States as well as research in the interdisciplinary field of decolonial and post colonial studies **ReSourcing Theological Anthropology** Marc Cortez, 2018-01-09 Theologians working in theological anthropology often claim that Jesus reveals what it means to be truly human but this often has little impact in their actual account of anthropology ReSourcing Theological Anthropology addresses that lack by offering an account of why theological anthropology must begin with Christology Building off his earlier study on how key theologians in church history have understood the relationship between Christology and theological anthropology Cortez now develops a new proposal for theological anthropology and applies it to the theological situation today ReSourcing Theological Anthropology is divided into four sections The first section explores the relevant Christological anthropological biblical passages and unpacks how they inform our understanding of theological anthropology The second section discusses the theological issues raised in the course of surveying the biblical texts The third section lays out a methodological framework for how to construct a uniquely Christological anthropology The final section builds on the first three sections and demonstrates the significance of Christology for understanding theological anthropology by applying the methodological framework to several pressing anthropological issues gender and sexuality race and ethnicity and death and suffering X

The Option for the Poor in Christian Theology Daniel G. Groody,2007-04-01 Since the publication of Gustavo Guti rrez s 1973 groundbreaking work A Theology of Liberation much has been written on liberation theology and its central premise of the preferential option for the poor Arguably this has been one of the most important yet controversial theological themes of the twentieth century As globalization creates greater gaps between the rich and the poor and as the situation for many of the world's poor worsens there is an ever greater need to understand the gift and challenge of Christian faith from the context of the poor and marginalized of our society This volume draws on the thought of leading international scholars and explores how the Christian tradition can help us understand the theological foundations for the option for the poor The

central focus of the book revolves around the question How can one live a Christian life in a world of destitution The contributors are concerned not only with a social economic or political understanding of poverty but above all with the option for the poor as a theological concept While these essays are rooted in a solid grounding of our present reality they look to the past to understand some of the central truths of Christian faith and to the future as a source of Christian hope Following Gustavo Guti rrez s essay on the multidimensionality of poverty Elsa Tamez Hugh Page Jr Brian Daley and Jon Sobrino identify a central theological premise poverty is contrary to the will of God Drawing on scripture the writings of the early fathers the witness of Christian martyrs and contemporary theological reflection they argue that poverty represents the greatest challenge to Christian faith and discipleship David Tracy and J Matthew Ashley carry their reflection forward by examining the option for the poor in light of apocalyptic thought Virgilio Elizondo Patrick Kalilombe Mar a Pilar Aguino M Shawn Copeland and Mary Catherine Hilkert examine the challenges of poverty with respect to culture Africa race and gender Casiano Florist n and Luis Maldonado explore the relationship between poverty sacramentality and popular religiosity The final two essays by Aloysius Pieris and Michael Signer consider the option for the poor in relationship to other major world religions particularly an Asian theology of religions and the meaning of care for the poor within Judaism Women. Wisdom, and Witness Rosemary P. Carbine, Kathleen Dolphin, 2012-10-01 The New Voices Seminar is a lively intergenerational and diverse group of women scholars who take an interdisciplinary approach to the study of Christianity Under the leadership of Kathleen Dolphin the seminar gathers annually at Saint Mary's College Notre Dame for collegial and collaborative conversation about women in the church and in the world With Women Wisdom and Witness readers are invited to join their conversation This collection of essays by seminar members addresses significant contexts of contemporary women s experience suffering and resistance education and the crossroads of religion and public life Theology is brought to bear on some pressing issues in our time poverty sexual norms trauma and slavery health care immigration and the roles of women in academia and in the church Readers will discover the rich socio political interdisciplinary and dialogical implications of Catholic women's intellectual and social praxis in contemporary theology and ethics Where does religion end? Marcelo da Luz, 2017-08-31 The author's decision to leave religion after experiencing a profound growth crisis founded itself in the free action of one who after walking tenaciously has extinguished an existential possibility and reached a new realm of understanding about the realities of the consciousness and the universe The inner freedom encountered to make this kind of decision was the result of a gradual self confrontation This author perceived the necessity to dispel the fear associated with questioning his habitual suppositions and to look beyond the limits of the indoctrination he had received For a long time while still religious he named this fearlessness a quest for wisdom or the spirituality of an unsettled heart Nowadays in light of the experiences had he prefers to emphasize the courage to evolve which requires five years after the abjuration the assumption of speaking publicly about the dissidence that was effected When dissidents of ideologies or

institutions start talking or writing about their experiences it is necessary to observe the kind of motivation and intention implicit in the decision made The former militant the former integrant the former partisan the former something in spite of the effort to affirm that they are no longer part of the institution to which they once belonged may continue to define themselves based on the institution In this case the person is still a former in relation to what they intend to deny Perhaps in their eagerness to critically speak out about the reasons underlying their abandonment of a certain idea or organization they still flaunt the previous condition as a trophy unfurling the pride of being a former The ambiguity in question lies in the fact that the person's point of reference continues to be in the no longer desired way of living or thinking Americas Richard M. Juang, Noelle Morrissette, 2008-03-12 This encyclopedia explores the many long standing influences of Africa and people of African descent on the culture of the Americas while tracing the many ways in which the Americas remain closely interconnected with Africa Ranging from the 15th century to the present Africa and the Americas Culture Politics and History explores the many ways Africa and African peoples have shaped the cultural life of the Americas and how in turn life in the Americas reverberates in Africa This groundbreaking three volume encyclopedia offers hundreds of alphabetically organized entries on African history nations and peoples plus African influenced aspects of life in the Americas It also features authoritative introductory essays on history culture and religion demography international relations economics and trade and arts and literature In doing so it traces the complex and continuous movement of peoples of African descent to the West the mechanics and lingering effects of colonialism and the slave trade and the crucial issues of cultural retention and adaptation that are essential to our understanding of the effects of globalization The Church, Migration, and Global (In)Difference Darren J. Dias, Jaroslav Z. Skira, Michael S. Attridge, Gerard Mannion, 2021-01-21 The painful reality faced by refugees and migrants is one of the greatest moral challenges of our time in turn becoming a focus of significant scholarship This volume examines the global phenomenon of migration in its theological historical and socio political dimensions and of how churches and faith communities have responded to the challenges of such mass human movement The contributions reflect global perspectives with contributions from African Asian European North American and South American scholars and contexts The essays are interdisciplinary at the intersection of religion anthropology history political science gender and post colonial studies The volume brings together a variety of perspectives inter related by ecclesiological and theological concerns Community of Missionary Disciples Bevans, Stephen B., 2024-04-17 Ecclesiology from a mission perspective Engaging Latino/a/x Theologies Sharon E. Heaney, 2024-02-26 Sharon E Heaney describes how the life giving interruption of Latin American poets novelists artists and theologians changed her life in a conflict ridden Northern Ireland An outsider in this study she provides an engagement with a stream of theology in the United States she takes to be exemplary Latino a x theology is teologia en conjunto collaborative theology. It models ways to examine complicated and contested histories and identities and it resists dominant assumptions about theological points of departure

in favor of also valuing the everyday as locus theologicus Identifying major themes and foundational thinkers alongside more recent developments Heaney offers an overview and invites readers to further reading study and formation Modelling what it esteems each chapter closes in conversation with a Latino a x leader in the church The conclusion is written by practical theologian Altagracia Perez Bullard She affirms this is not just an intellectual exercise this engagement is the practice of our lives as we journey with God and as we journey with one another It is an exciting journey It changes us Hope Joe Egan, 2010 How can one believe in a God of love amid all the evil and suffering found in the world How does one do theology after Auschwitz while vast numbers of people still have to endure violent oppression every day This book seeks to address such questions from a standpoint informed by life in Africa which in the face of extraordinary difficulties bears witness to Gospel hope by demonstrating forgiveness in action and promoting reconciliation. The work unfolds in two parts In the first part a description of the misery that characterises much of life in Africa in the recent past opens up to a theological consideration of the underlying causes and of God's response to them In the second part the joy which is so characteristic of life in Africa even in places of immense suffering sets the scene for detailed reflections on liturgy memory forgiveness and Pathways of Hope and Faith Among Hispanic Teens Ken Johnson-Mondragón, 2007 Building on the largest national survey of teenage religion ever conducted leading Catholic and Protestant experts recount in unprecedented detail the experiences of God faith community youth ministry and family among the fastest growing segment of young people in the country Latinos Listen as young Hispanics describe their faith and hopes in their own words gain understanding of the major issues affecting their religious development and life prospects and improve your ministry or family life with insightful pastoral recommendations Note Please allow 7 14 days for delivery **Creating Ourselves** Anthony B. Pinn, Benjamin Valentin, 2009-12-02 Analyzes the religious and theological significance of African American and Hispanic American popular culture structured in part as a dialogue between scholars from both ethnic groups Católicos Mario T. García, 2010-01-01 Chicano Catholicism both as a popular religion and a foundation for community organizing has over the past century inspired Chicano resistance to external forces of oppression and discrimination including from other non Mexican Catholics and even the institutionalized church Chicano Catholics have also used their faith to assert their particular identity and establish a kind of cultural citizenship Based exclusively on original research and sources Mario T Garc a here offers the first major historical study to explore the various dimensions of the role of Catholicism in Chicano history in the twentieth century This is also one of the first significant studies in the still limited field of Chicano religious history Topics range from how early Chicano Catholic intellectuals and civil rights leaders were influenced by Catholic Social Doctrine to the role that popular religion has played in the lives of ordinary men and women in both rural and urban areas Garc a also examines faith based Chicano community movements like Cat licos Por La Raza in the 1960s and the Sanctuary movement in Los Angeles in the 1980s While Latino a history and culture has been for the most part inextricably linked with the tenets and practices of

Catholicism there has been very little written until recently about Chicano Catholic history Garc a helps to fill that void and explore the impact both positive and negative that the Catholic experience has had on the Chicano community Criminals with Him Will D. Campbell, Richard C. Goode, 2012-07-20 In 1972 Will Campbell published an issue of the Committee of Southern Churchmen's journal Katallagete to shed light on the US prison system None could anticipate how the system would expand exponentially in the next four decades Today the US operates the world's largest prison system incarcerating nearly 1 in every 100 American adults How did this expansion happen What is the human toll of this retributive system How might ambassadors of reconciliation respond to such a punitive institution Replicating the firsthand nature of Will Campbell's original Katallagete collection twenty new essays pull back the veil on today's prison industrial complex The plea throughout this collection is not for some better more progressive institution to exact justice Rather the invitation is to hear from voices of experience how the system functions listen to what the institution does to those locked in its cells consider what an execution involves and most importantly contemplate the scandalous call to be in reconciled community with those whom society discards and the system silences Our story is that there are neither good nor bad people neither felon nor free world We are all one **Profane & Sacred** Bridget A. Kevane, 2008 Profane Sacred examines religious discourse in contemporary Latino a fiction exploring how religion creates mediates or changes Latino culture and identity Much contemporary literary criticism on Latino a literature has focused on the bilingual and bicultural nature of Latino identity history and cultural production But just as the multiplicity of cultures and languages has shaped Latino identity and history so too has religion Studying the religious discourse found in fiction can clearly enrich not only our perception of the diversity within the Hispanic communities but also the diversity between sociologists and creative writers César Chávez Mario T. Garcia, 2007-08-10 Once asked to explain how he had sustained himself over so many years of struggle C sar Ch vez responded I don t think I could base my will to struggle on cold economics or some political doctrine For me the base must be faith In evaluating the life and struggles of C sar Ch vez one of the most recognized Latino leaders in the United States and the first labor leader to successfully organize and unionize U S farm workers many historians journalists and other writers have largely missed one significant factor of his life his faith and deep spirituality The Gospel of C sar Ch vez uses the prolific leader s own words to express his profound faith and the way it shaped his life and leadership

This Side of Heaven Robert J. Priest, Alvaro L. Nieves, 2007 Publisher description The Politics of Race and Ethnicity in Matthew's Passion Narrative Wongi Park, 2019-01-21 In Matthew's passion narrative the ethnoracial identity of Jesus comes into sharp focus The repetition of the title King of the Judeans foregrounds the politics of race and ethnicity Despite the explicit use of terminology previous scholarship has understood the title curiously in non ethnoracial ways. This book takes the peculiar omission in the history of interpretation as its point of departure. It provides an expanded ethnoracial reading of the text and poses a fundamental ideological question that interrogates the pattern in the larger context of modern biblical

scholarship Wongi Park issues a critique of the dominant narrative and presents an alternative reading of Matthew's passion narrative. He identifies a critical vocabulary and framework of analysis to decode the politics of race and ethnicity implicit in the history of interpretation Ultimately the book lends itself to a broader research agenda the destabilization of the dominant narrative of early Christianity's non ethnoracial origins *Latino Catholicism* Timothy Matovina, 2012 Discusses the growing population of Hispanic Americans worshipping in the Catholic Church in the United States
