God Stalk P. C. Hodgell, 1983-08-01 Jame survivor of a nearly extinguished race the Kencyrs finds herself in the city of Tai tastigon where she becomes involved with a guild of thieves and gradually discovers her own true nature *The God Stalker Chronicles* P. C. Hodgell, 2009-01-01 Jame is a Kencyr Kencyrs are not native to the planet where they now live For thirty centuries they have been the weapon that their Three Faced God has used against the power of the Perimal Darkling And though they have fought well the Darkling has come to planet after planet and the Kencyrs have moved on Jame knows this as she stumbles out of the hilly barren Haunted Lands into the city of Tai tastigon But she knows little else She does not remember where she has been or what she has done for the last ten years of her life Her memory goes back only a week or two to finding her home destroyed and all her family dead In Tai tastigon Jame begins a new life that seems to be at odds with all that the Kencyrs stand for Kencyrs are honest and just but Jame becomes an apprentice to the most renowned thief in the powerful Thieves Guild Kencyrs are confirmed monotheists yet Jame explores the rituals and activities of the thousands of gods templed and untempled in this religious center she even kills a god and then resurrects him And at the inn the Res aB tyrr where she lives she finds herself using the most sacred dances of her people dances she does not even remember learning for the entertainment and sometimes the destruction of the inn s patrons Within herself Jame finds power she does not want and doubts she defies her heredity to harbor She moves through the rich and bloody stew of Tai tastigon like a hot spice Her

probing to find herself and to discover what her powers mean to her and her people combined with influences already at work very nearly destroy the city And yet they bring her face to face with a destiny she must accept At the publisher's request this title is sold without DRM Digital Rights Management **The God Eaters** Jesse Hajicek, 2006-08-01 Imprisoned for inflammatory writings by the totalitarian Theocracy shy intellectual Ashleigh Trine figures his story's over But when he meets Kieran Trevarde a hard hearted gunslinger with a dark magic lurking in his blood Ash finds that necessity makes strange heroes and love can change the world Dark of the Moon P. C. Hodgell, 2007-04-01 Tai tastigon is burning The whole city is in an uproar And the cause Jame and her friend Marc have fled They are making their way through mountain passes far too late in the season hoping to find Jame's brother Tori somewhere on the other side Nothing ever goes easily for Jame least of all this journey As hints of the past she has forgotten of dark and horrid years in the house of Gerridon betrayer of her people the Kencyrath and her god come to the surface she encounters changers from the house of Gerridon wanting to bring her back into that dark place Arrin ken catlike creatures who are nevertheless a part of her own people find and judge her Bandits brigands and strange remnants from the past of her people which suggest a dim future for them their god and their hope of defeating the great enemy Perimal Darkling arise to haunt her But her determination to find her brother and to avoid falling into eternal darkness only grows stronger Meanwhile Tori who is Highlord of the Kencyrath leads the wayward lords of the Kencyrath with uneasy grace He is a compromise for them a way of avoiding endless battle between them But he can bind them together only so long as he can tread a narrow way between their varied needs and desires When a vast and unexpected danger threatens he must call up the host the troops that each lord must muster but in so doing he threatens his own position and his sanity for he cannot avoid the attention this calls to him attention that seems to bring changers who want to kill him and odd nightmares that seem to suggest a future he does not want and the reappearance of a sister he both loves and fears Jame and Marc appeared first in God Stalk where Jame discovered that she had odd powers and that she did not need a past to change forever the future of those around her In this second book she is just as hard on her friends and her enemies as she was in the first But knowing her past knowing how near she is always to the brink of a personal disaster she cannot accept she must now consider each step she takes more carefully This does not mean that either she or for that matter Tori will ever be less than wild and unexpected It only means that both must count and accept the cost of their actions It is a way of living neither is prepared for At the publisher's request this title is sold without DRM Digital Rights Management **Blood and Ivory** P.
