

A dramatic sky scene with a bright sunburst breaking through dark, colorful clouds. The sunburst is a brilliant white-yellow light source in the upper right, with rays radiating outwards. The clouds are dark and textured, with a color gradient from deep blue on the left to fiery orange and red on the right. The overall mood is one of divine light and hope.

Wilson, 2013-04-15 The doctrine of creation has often been neglected in Christian theology. Distinguished evangelical theologian Jonathan Wilson exposes what has been missing in current theological discourse and offers an original constructive work on this doctrine. The book unites creation and redemption showing the significance of God's work of creation for understanding the good news of redemption in Jesus Christ. Wilson develops a trinitarian account of the life of the world and sets forth how to live wisely hopefully peaceably joyfully and generously in that world. He also shows how a mature doctrine of creation can help the church think practically about contemporary issues including creation care sexuality technology food and water and more. *GOD'S GREAT GOOD to JOB* James Tarter, 2012-06-15 The book of Job demonstrates God's ability to turn Satan's most vicious schemes against Job or a believer in Jesus into providing exactly what His child needs for his or her eternal good. We get to see the extraordinary fulfillment of Romans 8:28 for Job and see how He is ready to fulfill it for each believer who continues to walk with Him in love. **God's "Good Morning"** Betty Raymond Gubler, 2023-05-03 The manuscript of God's Good Morning is just what the subtitle claims. It is a retelling of my spiritual journey raising an autistic son who is now fifty-four years old. Our son lives at home with his parents and will do so until my husband Greg and I become incapable of parenting him due to old age or our passing at which time our son will live with his sister. Thus this relationship is a lifelong commitment. This manuscript is a story of the growth of faith hope and love. My intention of writing such a manuscript is that of my desire to share with other parents of a special needs child my experiences dealing with this daunting challenge. This is not a clinical manuscript but rather a manuscript of personal growth from shock despair and discouragement to acceptance peace and joy and reveals the miraculous healing of my broken spirit. Although this manuscript is written for parents of special needs children it would also be found inspiring by a general audience of readers. Is Goodness Without God Good Enough? Robert K. Reichenbach,2016-09-08 We ask God to involve himself providentially in our lives yet we cherish our freedom to choose and act Employing both theological reflection and philosophical analysis the author explores how to resolve the interesting and provocative puzzles arising from these seemingly conflicting desires He inquires what sovereignty means and how sovereigns balance their power and prerogatives with the free responses of their subjects Since we are physically embodied in a physical world we also need to ask how this is compatible with our being free agents Providence raises questions about God's fundamental attributes The author considers what it means to affirm God's goodness as logically contingent how being almighty interfaces with God's self limitation and the persistent problems that arise from claiming that God foreknows the future Discussion of these divine properties spills over into the related issues of why God allows or even causes pain and suffering why if God is all knowing we need to petition God repeatedly and encounter so many unanswered prayers and how miracles as ways God acts in the world are possible and knowable Throughout the author looks at Scripture and attends to how providence deepens our understanding of God and enriches our lives
