## **God Within Us Movements Powers And Joys:**

**God Within Us** Peter A. Fraile,1986      *Toward a Fuller Human Identity* Pius Ojara,2006 This book is based on the thought of Gabriel Marcel and offers an introduction to the central categories of Marcel s thought focusing on his idea of existential humanism This study deals with the ambivalence of human existence and the concepts of being ego and bodiliness The author draws on examples from everyday life with a particular focus on African values and the recovery of the black self

**New Birth** Pius Ojara SJ,2010-01-01 New Birth uses the metaphor of Church as Family of God as a countervailing and transforming imagery in its various considerations Inspired by the sense of life s itinerary together with its triumphs and startling reversals and its unexpected twists and turns New Birth sees hope amidst social darkness and an ethos of selfishness as interior to God s purposes for human wellbeing Within this perspective New Birth further recognizes that the risks always remain that believers can distort true hope in this world and fail to love according to the spirit of the Gospel Admittedly when we as Christians love one another we can be together and encourage each other And as we support each other we strengthen one another Furthermore when we protect love from aberration we protect the best in ourselves and build up a future of humanity In light of this understanding it then becomes very important for us to see and identify Christian discipleship as a way of making us become effective agents of love in this world This also means however that in the Church we have the imperative to hold each person tenderly trustingly and deeply Moreover this consciousness demands the strength of continual and active faith which holds assurances and wellsprings of significance and growth in courage human vibrancy and interpersonal goodness Accordingly the community called Church as the family of God constantly needs the powerful and positive force of continual renewal which conversion brings as an increasingly sublime value And the dynamic impulse of such renewal introduces and enlarges the wellspring of hope in our world It further provides a good starting point to challenge Christian believers to invest huge importance and prestige in playing constructive roles in giving shape to their positive relations and destiny

The Surprising Power of Joy Roland Worton,2020-11-17 True Joy is
