God Harlem Usa The Father Divine Story:

God, Harlem U.S.A. Jill Watts,1992 Unearthing rare scarce and previously unknown original sources Watts spells out a comprehensive even definitive account of Father s controversial life and charismatic ministry In addition to the fascinating biography this is solid social and intellectual history as well American Academy of Religion A Blackqueer Sexual Ethics Elyse Ambrose,2024-05-30 In A Blackqueer Sexual Ethics Embodiment Possibility and Living Archive Elyse Ambrose looks to an archive of Blackqueerness as an authoritative source for religious ethical reflection This approach counters the disintegrative norms of anti Black and anti body traditionalism in Christian sexual ethics even those that strive to be liberative It builds upon a tradition of Black queer and LGBTQ centered critique at the intersections of race sexuality gender and religion through exploring the moral imagination of sexual and gender non conformist communities in 1920 s Harlem their rent parties blues environments and Hamilton Lodge Ball ethics and theology blackqueering the disciplines and contemporary oral histories including photographs of the subjects by the scholar artist of those doing ethics in their Blackqueerness These serve as integrative sites that signal Blackqueer ethical counter patterns of communal belonging individual and collective becoming goodness embodied spirit inspired bodies and shared thriving Emphases on both personal and social right relatedness mark a shift from Christian sexual ethics based on rules toward a communal relations based transreligious ethics of sexuality **Celibacies** Benjamin Kahan,2013-11-25 Arguing that celibacy is a distinct sexuality with its own practices and pleasures Benjamin Kahan shows it to be much more than the renunciation of sex or a cover for homosexuality Vernacular Religion Leonard Norman Primiano,2022-12-06 This book reveals contemporary vernacular religion expressed in gay Catholic spirituality Father Divine s International Peace Mission movement and material culture **Afro-Latin@s in Movement** Petra R. Rivera-Rideau,Jennifer A. Jones,Tianna S. Paschel,2016-06-29 Through a collection of theoretically engaging and empirically grounded texts this book examines African descended populations in Latin America and Afro Latin s in the United States in order to explore questions of black identity and representation transnationalism and diaspora in the Americas **Religion, Food, and Eating in North America** Benjamin E. Zeller,Marie W. Dallam,Reid L. Neilson,Nora L Rubel,2014-03-11 The way in which religious people eat reflects not only their understanding of food and religious practice but also their conception of society and their place within it This anthology considers theological foodways identity foodways negotiated foodways and activist foodways in the United States Canada and the Caribbean Original essays explore the role of food and eating in defining theologies and belief structures creating personal and collective identities establishing and challenging boundaries and borders and helping to negotiate issues of community religion race and nationality Contributors consider food practices and beliefs among Christians Jews Muslims and Buddhists as well as members of new religious movements Afro Caribbean religions interfaith families and individuals who consider food itself a religion They traverse a range of geographic regions from the Southern Appalachian Mountains to

North America's urban centers and span historical periods from the colonial era to the present. These essays contain a variety of methodological and theoretical perspectives emphasizing the embeddedness of food and eating practices within specific religions and the embeddedness of religion within society and culture. The volume makes an excellent resource for scholars hoping to add greater depth to their research and for instructors seeking a thematically rich, vivid and relevant tool for the classroom.

The Oxford Handbook of African American Theology Katie G. Cannon, Anthony B. Pinn, 2014-07-01. Named an Honor Book for Nonfiction by the Black Caucus of the American Library Association. African American theology has a long and important history. With modern roots in the civil rights movements of the 1960s, African American theology has gone beyond issues of justice and social transformation to participate in broader dialogues of theological inquiry. The Oxford Handbook of African American Theology brings together leading scholars in the field to offer a critical and comprehensive analysis of this theological tradition in its many forms and contexts. Using an interdisciplinary approach, this Oxford Handbook examines the nature, structures and functions of African American Theology. The volume surveys the field by highlighting its sources, doctrines, internal debates, current challenges and future prospects in order to present key topics related to the wider palette of Black Religion in a sustained scholarly format. This formative collection presents current scholarship on African American Theology and scripture, eschatology, Christology, womanist theology, sexuality, ontology, the global economy and much more. The contributors represent a diverse set of faith perspectives adding to the layered discourses within the volume. These essays further important discussions on the pressing debates and challenges that shape Black and womanist theologies.

Encyclopedia of Race, Ethnicity, and Society Richard T. Schaefer, 2008-03-20. This encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives. Over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society.

Utopias in American History Jyotsna Sreenivasan, 2008-10-24. An insightful look at the long tradition of communal societies in the United States from colonial times to the present, examining their ideological foundations, daily life and relationships to mainstream American society. With this volume, a fascinating yet often overlooked part of the American story is brought to the forefront. In *Utopias in American History*, independent scholar Jyotsna Sreenivasan makes the case that from the founding of the American colonies to the hippie communes of the 1960s to the cohousing movement which started in the 1990s, the United States has the most sustained tradition of utopianism of any modern country. Accessible yet authoritative and highly informative, *Utopias in American History* offers dozens of alphabetically organized entries covering all aspects of communal societies from colonial times to the present. Featured are descriptions of over 40 major utopian communities, both religious and secular. Entries are organized in terms of their histories, belief systems, leadership, economics, daily life and the reactions they drew from mainstream society.

New Religions Eugene V. Gallagher, Lydia Willsky-Ciullo, 2021-02-15. A valuable resource for students and general audiences, this book

provides a unique global perspective on the history beliefs and practices of emergent faith communities new religious traditions and religious movements worldwide from the 19th century to the present New Religions Emerging Faiths and Religious Cultures in the Modern World provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries Readers will gain access to the information necessary to explore the significance complexities and challenges that modern religious traditions have faced throughout their history and that continue to impact society today The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part Coverage includes new religious groups that emerged in America such as the Seventh day Adventists the Latter day Saints and the Jehovah s Witnesses alternative communities around the globe that emerged from the major Western and Eastern traditions such as Aum Shinrikyo and Al Qaeda and marginalized groups that came to a sudden end such as the Peoples Temple Heaven s Gate and the Branch Davidians The entries highlight thematic and broader issues that run across the individual religious traditions and will also help students analyze and assess the common difficulties faced by emergent religious communities Cutting Along the Color Line Quincy T. Mills,2013-10-09

Today black owned barber shops play a central role in African American public life The intimacy of commercial grooming encourages both confidentiality and camaraderie which make the barber shop an important gathering place for African American men to talk freely But for many years preceding and even after the Civil War black barbers endured a measure of social stigma for perpetuating inequality though the profession offered economic mobility to black entrepreneurs black barbers were obliged by custom to serve an exclusively white clientele Quincy T Mills traces the lineage from these nineteenth century barbers to the bustling enterprises of today demonstrating that the livelihood offered by the service economy was crucial to the development of a black commercial sphere and the barber shop as a democratic social space Cutting Along the Color Line chronicles the cultural history of black barber shops as businesses and civic institutions Through several generations of barbers Mills examines the transition from slavery to freedom in the nineteenth century the early twentieth century expansion of black consumerism and the challenges of professionalization licensing laws and competition from white barbers He finds that the profession played a significant though complicated role in twentieth century racial politics while the services of shaving and grooming were instrumental in the creation of socially acceptable black masculinity barbering permitted the financial independence to maintain public spaces that fostered civil rights politics This sweeping engaging history of an iconic cultural establishment shows that black entrepreneurship was intimately linked to the struggle for equality *The New Black Gods* Edward E. Curtis IV,Danielle Brune Sigler,2009-04-23 Taking the influential work of Arthur Huff Fauset as a starting point to break down the false dichotomy that exists between mainstream and marginal a new generation of scholars offers fresh ideas for understanding the religious expressions of African Americans in the United States Fauset s 1944 classic *Black Gods of the Metropolis* launched original methods and theories

for thinking about African American religions as modern cosmopolitan and democratic The essays in this collection show the diversity of African American religion in the wake of the Great Migration and consider the full field of African American religion from Pentecostalism to Black Judaism Black Islam and Father Divine's Peace Mission Movement As a whole they create a dynamic humanistic and thoroughly interdisciplinary understanding of African American religious history and life This book is essential reading for anyone who studies the African American experience New World A-Coming Judith Weisenfeld, 2017-02-07 Albert J Raboteau Prize Best Book in Africana Religions Impeccably researched paints a colorful picture of religious diversity among Black people Journal of Africana Religions When Joseph Nathaniel Beckles registered for the draft in 1942 he rejected the racial categories presented to him and persuaded the registrar to cross out the check mark she had placed next to Negro and substitute Ethiopian Hebrew God did not make us Negroes declared religious leaders in black communities of the early twentieth century urban North They insisted that so called Negroes are in reality Ethiopian Hebrews Asiatic Muslims or raceless children of God Rejecting conventional American racial classification many black southern migrants and immigrants from the Caribbean embraced these alternative visions of black history racial identity and collective future thereby reshaping the black religious and racial landscape Focusing on the Moorish Science Temple the Nation of Islam Father Divine's Peace Mission Movement and a number of congregations of Ethiopian Hebrews Judith Weisenfeld argues that the appeal of these groups lay not only in the new religious opportunities membership provided but also in the novel ways they formulated a religio racial identity Arguing that members of these groups understood their religious and racial identities as divinely ordained and inseparable the book examines how this sense of self shaped their conceptions of their bodies families religious and social communities space and place and political sensibilities Drawing on extensive archival research and incorporating a rich array of sources to highlight the experiences of average members the book demonstrates that the efforts by members of these movements to contest conventional racial categorization contributed to broader discussions in black America about the nature of racial identity and the collective future of black people that still resonate today A masterful work of religious history a significant contribution to the study of religious narratives and their role in shaping African American identity and community in the past and the present Journal for the Scientific Study of Religion **The Urban Pulpit** Matthew Bowman, 2014-02-04 Matthew Bowman explores the world of a neglected group of American Christians the self identified liberal evangelicals who began in late nineteenth century New York to reconcile traditional evangelical spirituality with progressive views on social activism and theological questions These evangelicals emphasized the importance of supernatural conversion experience but also argued that scientific advances new movements in art and the decline in poverty created by a new industrial economy could facilitate encounters with Christ The Urban Pulpit chronicles the struggle of liberal evangelicals against conservative Protestants who questioned their theological sincerity and against secular reformers who grew increasingly devoted to the cause of cultural pluralism and increasingly

suspicious of evangelicals over the course of the twentieth century Liberal evangelicals walked a difficult path facing increasing polarization in twentieth century American public life both conservative evangelicals and secular reformers insisted that religion and science were necessarily at odds and that evangelical Christianity was incompatible with cultural diversity Liberal evangelicals rejected these simple dichotomies but nonetheless found it increasingly difficult to defend their middle way Drawing on history anthropology and religious studies Bowman paints a complex portrait of these understudied Christians at work at worship and engaged in advocacy in the public square

Spiritual and Visionary Communities Timothy Miller, 2016-04-01 Exploring religious and spiritual intentional communities active in the world today Spiritual and Visionary Communities provides a balanced introduction to a diverse range of communities worldwide Breaking new ground with its focus on communities which have had little previous academic or public attention the authors explore a part of contemporary society which is rarely understood Communities studied include Israeli kibbutzim Mandarom the Twelve Tribes The Farm and the Camphill movement Written from a range of perspectives this collection includes contributions from members of the groups themselves former members and academic observers and as such will offer a unique and invaluable discussion of religious and spiritual communities in the U S Europe and beyond

Extraordinary Groups William W. Zellner, William M. Kephart, 2000-09-15 Text covering different groups in today's society like Jehovah's Witnesses Amish Gypsies Mormons etc New chapter on Unitarian Universalists

The Other Black Church Joseph L. Tucker Edmonds, 2020-12-02 The Other Black Church Alternative Christian Movements and the Struggle for Black Freedom examines the movements led by Father Divine Charles Mason and Albert Cleage later known as Jaramogi Abebe Agyeman as alternative Christian movements in the middle of the twentieth century that radically re-envisioned the limits and possibilities of Black citizenship These movements not only rethink the value and import of Christian texts and reimagined the role of the Black Christian prophetic tradition but they also outlined a new model of protest that challenged the language and logic of Black essentialism economic development and the role of the state By placing these movements in conversation with the long history of Black theology and Black religious studies this book suggests that alternative Christian movements are essential for thinking about African American critiques of and responses to the failures of U S based democracy These prophets of Black theological thought and their attention to the limits of the state and traditional Black religious formations are most fully appreciated when studied in light of their conversations and interactions with other key Black prophetic and theological figures of the mid twentieth century Ultimately The Other Black Church will use those conversations and archives from these movements to highlight their protest of the racial state to explore the limits of the Black church and to argue for their continued significance for thinking about the variety and vibrancy of Black protest specifically Black religious protest during the twentieth century
