God Matters Essays In Conversational Theology:

Evangelical Calvinism Myk Habets, Bobby Grow, 2017-05-04 Continuing the discussion initiated in volume one volume two of Evangelical Calvinism further articulates the central motifs of this mood within Reformed theology by examining themes having to do with dogmatics and devotion After further clarifying the methodological and dogmatic aspects common to an Evangelical Calvinism the heart of the present volume is an explication of the vicarious ministry of Christ as it is worked out in its diverse theological dimensions The volume offers constructive accounts of various aspects of liturgy sacraments and doxology showing the vitality and lived spirituality of this Christian vision of faith and practice Both advocates and critics of Evangelical Calvinism now have an extended and thorough body of work with which to interact As with volume 1 this volume promises to set the agenda for contemporary and constructive Reformed studies in a way that provides an alternative to neo Calvinism and Westminster Calvinism alike

Essay on Indifference in Matters of Religion Félicité Robert de Lamennais, 1895

Wrestling with God and with Evil H. M. Vroom, 2007 The fact of evil continues to raises questions questions about the relationship between God and evil but also questions about human involvement in it At the beginning of the twenty first century it is now time to see the existence of evil not just as a problem for belief in God it is a problem for belief in humanity itself as well For human involvement in evil is not simply a matter of coping with evil but also concerns the fact that humans themselves often seem to do wrong and evil inevitably Human finitude ignorance and the unforeseeable consequences of good intentions as well as of neglect can often lead to tragedy This volume contains contributions from an equal number of male and female scholars in Western Europe and America It contains discussions of thinkers like Kant Kierkegaard Barth Weil Levinas Naber Caputo and Johnson It deals with issues like tragedy finitude critiques of Western culture violence and God and the question of whether theodicies are needed or are even honest This volume offers an interesting survey of wrestling with God and evil from a variety of perspectives in the philosophy of religion on both sides of the Atlantic

Dehart, 2008-04-15 The much discussed notion of Postliberal theology developed from the writings of two theologians at Yale University Hans Frei and George Lindbeck An analysis and critique of the much discussed idea of postliberal theology Provides an overview of postliberalism and the controversies which resulted Compares the writings of theologians Hans Frei and George Lindbeck from which postliberal theology developed and uncovers important differences in their thought Reconceptualizes these thinkers contributions to contemporary theological discussion Published in the prestigious Challenges in Contemporary Theology series **George Lindbeck** Shaun C. Brown, 2022-07-15 George Lindbeck wrote one of the most often read and debated theological works of the twentieth century The Nature of Doctrine Despite the work's wide readership few read the book considering his work as an ecumenist In addition few have read Lindbeck's other writings This work seeks to remedy this situation by providing 1 a context for understanding The Nature of Doctrine 2 a corrective to misreadings of Lindbeck's work 3 an introduction to his broader corpus and 4 some possible ways in which Lindbeck's work can contribute to future ecumenical discussion and to Christian theological practice more broadly It will do so by focusing upon several key roles or aspects of Lindbeck's life and thought from his understanding of his own Lutheran background and his participation in Lutheran Catholic dialogue to his training in medieval philosophy and theology and later work on the church as Israel *Seeking the Hiding God* Arnold Eisen, 2024-08-30 In *Seeking the Hiding God* Arnold Eisen delves into the profound mystery of divine hiddenness presenting a compelling exploration of how this central theological dilemma resonates within modern Jewish life Through rigorous analysis and heartfelt reflection Eisen tackles the poignant questions that arise when God seems absent drawing on classical Jewish texts and contemporary thought His insightful examination reveals how these ancient narratives continue to influence and illuminate the struggles and commitments of faith in today's world With clarity and depth Eisen challenges readers to reconsider the relationship between divine presence and human responsibility He argues passionately for a dynamic engagement with theology where communal rituals personal experiences and reasoned debate converge to shape a vibrant living faith This book is an essential read for anyone grappling with the complexities of sustaining belief in an often seemingly indifferent world offering a fresh perspective on enduring religious questions and the pursuit of spiritual authenticity An inspired work of constructive theology that will capture the attention of lay and academic readers in both the Jewish and non Jewish worlds The breadth of Jewish and non Jewish sources and his ability to weave them together so effortlessly is dazzling and leave the reader with a confidence that Eisen has fulfilled his goal of providing a profound and honest theological statement Rabbi Dr David Ellenson zl Chancellor Emeritus of Hebrew Union College author *Jewish Meaning in a World of Choice* Studies in Tradition and Modernity Eisen demonstrates the ample rewards of grappling with God in light of our ethical sensibilities lived experience and community In this intimate learned reflection Eisen invites contemporary Jews to wrestle with God anew Dr Mara Benjamin Chair of Jewish studies at Mount Holyoke College author

Jackson, 2016-12-08 *Conversation* is the central spiritual exercise in philosophical and theological reflection on language and love Groundbreaking in its interdisciplinary approach *Conversation Friendship and Transformation* invites readers to an exploration of theological reflection on conversation and friendship as transformative ways of knowing self others and God Contemporary contributions in the areas of rhetorical theory friendship studies and gender collaboration provide a fruitful lens through which conversation as discourse may be understood as a pathway for theological inquiry Augustine's *De doctrina christiana* and *Confessions* manifest a foundational example of reflection on the nature of language and love in the context of basic questions of Christianity and culture Two texts from the medieval tradition are brought forth to confirm and develop Augustine's contributions The Letters of Heloise and Abelard have received substantial scholarly attention from the work of medievalists historians and literary critics but require more intentional theological reflection about the relation between the truths of the Christian faith and the collaborative participation of men and women Thomas Aquinas' discussion of *oratio* in the *Summa Theologiae* is presented for the first time as a pivotal treatise in this profoundly influential text in the history of Western thought *Praise Seeking Understanding* Jason Byassee, 2007-11-08 *Praise Seeking Understanding* sits at the intersection of three important fields in theology theological exegesis Augustinian studies and contemporary church practice Jason Byassee deftly brings the three together revealing an important symbiotic relationship between them a relationship hitherto largely ignored Though current exegetical methods have swung away from a Christological reading of the Old Testament rejecting in particular Augustine's treatment of the text Byassee believes that is a mistake we must remedy Using a recent translation of Augustine's *Enarrationes in Psalmos* Byassee describes in depth Augustine's psalm hermeneutic and his approach to scripture generally offering a defense of these views in conversation with recent work in theological exegesis **Essays on the Most Important Subjects in Religion** Thomas Scott, 1809 *Essays on the Most*

Important Subjects in Religion. Ninth Edition to which is Prefixed a Memoir of the Author Thomas Scott, 1822 **The Oxford Handbook of Religion and the Arts** Frank Burch Brown, 2018 This volume offers 37 original essays from leading scholars on the crucial topics issues methods and resources for studying and teaching religion and the arts **Rorty and the Religious** Jacob L. Goodson, Brad Elliott Stone, 2012-08-14 Prior to his death in 2007 the self-described secular philosopher Richard Rorty began to modify his previous position concerning religion Moving from atheism to anti-clericalism Rorty challenges the metaphysical assumptions that lend justification to abuses of power in the name of religion Instead of

dismissing and ignoring Rorty's challenge the essays in this volume seek to enter into meaningful conversation with Rorty's thought and engage his criticisms in a constructive and serious way. In so doing one finds promising nuggets within Rorty's thought for addressing particular questions within Christianity. The essays in this volume offer charitable yet fully confessional engagements with an impressive secular thinker. Religion, Theology, and Stranger Things Adam J. Powell, Andrew J. Byers, 2024-12-15.

Religion, Theology, and Stranger Things: Studies from the Upside Down on Evil, Ethics, Horror, and Hope brings interdisciplinary analysis to the teeming spiritual side of the hit television series. With chapters from social scientists, historians, theologians, and Biblical scholars, the volume addresses the many different theological, religious, and supernatural themes present in the fictional world of Hawkins, Indiana. From spiritualism to secularism, Mormon gender norms to monsters of abnormality, rock roll to Dungeons & Dragons, an international list of scholars come together to argue that imaginative realms like the one created by the Duffer brothers can serve to showcase and to scrutinize the common impulses and needs of our culture and ourselves. To venture into the darkness of the Upside Down is to venture into the depths of human experience. This volume explores the shadows and suggests a few paths back into the light. Essays on the Philosophy and Science of René Descartes Stephen Voss, 1993-02-04.

A major contribution to Descartes studies, this book provides a panorama of cutting-edge scholarship ranging widely over Descartes's own primary concerns: metaphysics, physics, and its applications. It is at once a tool for scholars and steering clear of technical Cartesian science, an accessible resource that will delight nonspecialists. The contributors include Edwin Curley, Willis Doney, Alan Gabbey, Daniel Garber, Marjorie Grene, Gary Hatfield, Marleen Rozemond, John Schuster, Dennis Sepper, Stephen Voss, Stephen Wagner, Margaret Welson, Jean-Marie Beyssade, Michelle Beyssade, Michel Henry, Evert van Leeuwen, Jean-Luc Marion, Geneviève Rodis-Lewis, and Jean-Pierre Sris. Combining new textual

sensitivity with attentiveness to history they represent the best established scholars and most exciting new voices including both English speaking and newly translated writers Part I examines the foundations of Descartes s philosophy Cartesian certainty the phenomenology of the cogito and its modulations in the passions and the defensibility and comprehensibility of the Cartesian God The second part examines Descartes s groundbreaking metaphysics mind s distinctness from and interaction with body imagination perception and language Part III examines Cartesian science the revolutionary rhetoric of the Rules and the Discourse the metaphysical foundations of physics the interplay of rationalism and empiricism the mechanics and human biology that flow from Descartes s physics Coherence, Consonance, and Conversation S. Brian Stratton,2000 Coherence Consonance and Conversation focuses on one of the most intriguing areas in contemporary theology today the relationship between theology and natural science Stratton rejects approaches which see the two disciplines as hostile or irrelevant to each other and argues that theology philosophy and natural science should be viewed as members of an ongoing dialogue which eventually results in a continuous world view Scholars and students of philosophy and theology will enjoy this interesting study **Ten Great Religions: an Essay in Comparative Theology** James Freeman Clarke,1883 Resurrection and Moral Imagination Sarah Bachelard,2016-04-08 Moral life gathers its shape force and meaning in relation to an underlying sense of reality imaginatively conceived Significant contemporary writing in philosophy appeals to the concept of transcendence to explore what is deepest in our moral experience but leaves this notion theologically unspecified This book reflects on the appeal to transcendence in ethics with reference to the Resurrection of Jesus Bachelard argues that the Resurrection reveals that the ultimate reality in which human life is held is gracious forgiving and reconciling a Goodness that is for us Faith in this testimony transforms the possibilities of moral life both conceptually and in practice It invites our participation in a goodness experienced non dualistically as grace and so profoundly affects the formation of the moral self the practice of moral judgement and the shape of moral concepts From this perspective contemporary philosophical discussion about transcendence in moral thought is cast in a new light and debates about the continuity between theological and secular ethics gain a thoroughly new dimension Bachelard demonstrates that placing the Resurrection at the heart of our ethical reflection resonates with the deepest currents of our lived moral experience and transfigures our approach to moral life and thought *Christoph Schwöbel* Judith Wolfe,Margaret McKerron,2025-06-30 Christoph Schwöbel shaped a generation of theologians with his vision of the Trinity as an eternal conversation which addresses all humans and draws them into conversation with each other and God This volume continues Schwöbel s theology through essays engaging his central topics of conversation Trinity tradition the arts religion and society
