

God Or Goddess

Anne Baring, Jules Cashford

God Or Goddess:

Greek Gods & Goddesses Britannica Educational Publishing, 2014-01-01 Giving Western literature and art many of its most enduring themes and archetypes Greek mythology and the gods and goddesses at its core are a fundamental part of the popular imagination At the heart of Greek mythology are exciting stories of drama action and adventure featuring gods and goddesses who while physically superior to humans share many of their weaknesses Readers will be introduced to the many figures once believed to populate Mount Olympus as well as related concepts and facts about the Greek mythological tradition

Gods and Goddesses in Ancient Italy Edward Bispham, Daniele Miano, 2019-12-06 This collection explores the multifaceted nature of the gods and goddesses worshipped in ancient Italy It examines Italic Etruscan and Latin deities in context and in the material remains and also in the Greco Roman written record and later scholarship which drew on these texts Many deities were worshipped in ancient Italy by different individuals and communities using different languages at different sanctuaries and for very different reasons This multiplicity creates challenges for modern historians of antiquity at different levels How do we cope with it Can we reduce it to the conceptual unity necessary to provide a meaningful historical interpretation To what extent can deities named in different languages be considered the equivalent of one another e g Artemis and Diana How can we interpret the visual representations of deities that are not accompanied by written text Can we reconstruct what these deities meant to their local worshippers although the overwhelming majority of our sources were written by Romans and Greeks The contributors of this book a group of ten scholars from the UK Italy France and Poland offer different perspectives on these problems each concentrating on a particular god or goddess *Gods and Goddesses in Ancient Italy* offers an invaluable resource for anyone working on ancient Roman and Italian religion

Dictionary of Gods and Goddesses Michael Jordan, 2014-05-14 Presents brief entries describing the gods and goddesses from the mythology and religion of a wide variety of cultures throughout history

The Myth of the Goddess Anne Baring, Jules Cashford, 1991 The myth of the Goddess is the oldest myth we know the evolution of that myth tells the story of how our understanding of ourselves as we have achieved it through the images of our goddesses and gods has developed over the millennia of human history Yet today the Goddess seems to have disappeared and only the God remains But it has not always been so In this definitive and powerfully argued study scholarly yet accessible Jules Cashford and Anne Baring draw upon art and mythology poetry and literature archaeology and psychology to show how the myth of the Goddess has been lost from our formal Judaeo Christian images of the divine They explain what happened to the Goddess when and how she was excluded and the implications to us of this loss They trace the image of the Great Mother Goddess of the Palaeolithic and Neolithic times through the Bronze and Iron Ages to the Virgin Mary Queen of Heaven They show how the God separated from the originally androgynous Goddess and eventually came to stand alone as the creator of the world But the Goddess however devalued and debased did not go away the image of the universe as an organic living and sacred whole which is the essence of the Goddess

myth could not be eradicated and went underground This leaves an imbalance in the masculine and feminine images of the psyche The authors argue that successive patterns of myth legend and history demonstrate the importance of bringing the feminine and masculine images into harmony with each other which is only possible when both are acknowledged In earlier times the Sacred Marriage of Goddess and God symbolized this harmony Inanna and Dumuzi in Sumeria Ishtar and Tammuz in Babylonia Isis and Osiris in Egypt Cybele and Attis in Anatolia Aphrodite and Adonis in Greece and in the language of the image but not the doctrine Mary and Jesus in Christianity The parallels and similarities in all the Goddess myths are so striking that they suggest a continuous tradition of images throughout history Today the Goddess is re emerging in the surprising guise of New Science which offers a vision of the universe as a living whole that can only be understood as a unity and the scientists express themselves in images that belong to the old Goddess myth This book s detailed evocation description and analysis of the stories and images of humanity will surely help to restore the myth of the Goddess to our consciousness BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Coming to the Edge of the Circle Nikki Bado-Fralick,2005-07-14 Imagine yourself sitting on the cool damp earth surrounded by deep night sky and fields full of fireflies anticipating the ritual of initiation that you are about to undergo Suddenly you hear the sounds of far off singing and chanting drums booming rattles snaking voices raised in harmony The casting of the Circle is complete You are led to the edge of the Circle where Death your challenge is waiting for you With the passwords of perfect love and perfect trust you enter Death s realm The Guardians of the four quarters purify you and you are finally reborn into the Circle as a newly made Witch Coming to the Edge of the Circle offers an ethnographic study of the initiation ritual practiced by one coven of Witches located in Ohio As a High Priestess within the coven as well as a scholar of religion Nikki Bado Fralick is in a unique position to contribute to our understanding of this ceremony and the tradition to which it belongs Bado Fralick s analysis of this coven s initiation ceremony offers an important challenge to the commonly accepted model of rites of passage Rather than a single linear event initiation is deeply embedded within a total process of becoming a Witch in practice and in community with others Coming to the Edge of the Circle expands our concept of initiation while giving us insight into one coven s practice of Wicca An important addition to Ritual Studies it also

introduces readers to the contemporary nature religion variously called Wicca Witchcraft the Old Religion or the Craft 2

God's Autopsy and the Living Truth of Soul Hal Childs,2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment
