Expanded Edition All too frequently studies of the gifts of the Spirit consist largely of answering two questions What are the gifts and Which ones do I have In many cases studies go on to a third question How can I get more In response institutional churches and theologically and intellectually respectable Christians often tend to avoid the work of the Holy Spirit in the church entirely It s much easier to simply close the doors and windows than it is to deal with the wind John 3 8 After all they ve seen the wind blow out the candles disarrange the altar vestments and send a chill through the congregants Author pastor and church historian Bob Cornwall has experienced all of this for himself He has seen traditional churches and worship He has seen Pentecostal worship He has led congregations in difficult times For more than 30 years he has studied practiced prayed and lived the work of the Holy Spirit in the church The result is Unfettered Spirit Spiritual Gifts for the New Great Awakening Here he avoids both the errors of replacing the freedom of the Spirit with human whim and of trying to tame or confine the Spirit that will not be fettered He asks Do you truly believe that God is present in the world And do you believe that God is working through us to break down the walls that divide us from God from each other and from the world And if you do do you believe that you have been gifted and empowered to participate in this ministry that takes down the walls of egoism suspicion greed self interest and hatred If you can say yes to these questions jump right in This is the book for you If you are hesitant or if the idea of the Holy Spirit working unfettered in your congregation and community frightens you read the first four chapters carefully as Bob lays the theological foundation You may find your maybe or even your no turned into a yes Building on this foundation Bob continues with five chapters on the gifts of the Spirit as described in Scripture These are practical discussions that will let you keep your bearings in discussions of the Spirit and more importantly in a community where the Spirit is active Finally he concludes with a discussion of how to lead and pastor a church where the gifts of the Spirit are active Whether you are a Pentecostal an evangelical a mainliner a progressive or any other label you might find for yourself or your church you will profit from reading this book **At Eden's Gate: Whole Health and Well-Being** Evelyn

Baab,2003-08-01 I can only shake my head in the face of the irony that all too often the very place where we look for life and health the very place where we expect to nurture and deepen a loving relationship with God can cause so many to experience the exact opposite So remarks author Lynne Baab in this timely and discerning examination of burnout in congregations What is burnout What causes congregation volunteers to burn out Why is unpaid service sometimes life giving and other times just another frantic commitment How can congregations become oases of peace and nurture while still carrying out their mission and ministry How can we recognize holy moments in the presence of God if we are moving so fast that life passes by us in a blur How can leaders make congregations healthy places to serve After reflecting on these important questions and dozens of interviews with congregation volunteers Baab suggests We must not fear burnout instead we need to do a better job coming alongside people as they experience burnout and help them figure out what they are learning *God's Gifted People* Gary L.
