events equal parts truth and fantasy and that's what makes them so intriguing The Trojan War for example in which we see the hero Achilles the bulwark of the Greek Army who saved the kidnapped Helen is told from the perspective of his goddess mother But did you know that according to the ancient Greeks Achilles had the choice to live a long and happy life or die by his ambition to be remembered as a hero Even with all the intervention of his Immortal mother who called in favors from the gods she could not change the fate of her son which was allegedly set by the Fates when he was born Greek Gods Goddesses Heroes Heroines Monsters and Classic Greek Myths of All Time is filled with interesting tidbits about the most popular heroes gods and goddesses as well as some little known facts and interpretations about their lives You'll find timelines and the genealogy of the Immortals as well as the men and women who were subjected to their whims and used as pawns to further their intentions It gives us deep insight into the philosophy of this religion into the minds of great thinkers of the time and how they viewed their world the earth the heavens the stars and the afterlife But this book is as entertaining as it is informative Discover how the great Olympian and King of the Gods Zeus himself was controlled by his wife Hera and how something as meaningless as a pomegranate seed fated poor Persephone to being the Goddess of the Underworld at least part time that is Find out about the four seasons what or who inspires music and poetry why life is limited to a certain span of time how each person is allotted certain gifts and why how the gods intervene what came before Olympus and how we got the names of many of our constellations and stars It may seem like superstition today but a mere 3000 years ago these were strongly held beliefs that influenced everything in daily life including philosophy religion and government in the same way today's dominant religions influence society Greek Gods Goddesses Heroes Heroines Monsters and Classic Greek Myths of All Time is a fun read and a book you'll want to refer to again and again It should find a place in your reference library and onto your reading list
