Sydney's One Special Evangelist Baden P. Stace,2022-08-04 This landmark work is the first academic study of a figure who played a defining role in the Australian evangelical movement of the late twentieth century the inimitable preacher evangelist and churchman John C Chapman The study situates Chapman s career within the secularizing Western cultures of the post 1960s a period bringing momentous changes to the social and religious fabric of Western society At the same time global Evangelicalism was reviving bringing vitality to large swathes in the Global South and a re balancing in Western societies as conservative religious movements experienced growth and even renewal amidst wider secularizing trends Against this backdrop the study explores the way in which across a wide array of domestic and international fora Chapman

contended for the soteriological priority of the gospel in Christian life mission and thought Accomplished via an absorbing blend of personal wit impassioned oratory innovative missiological strategy and striking theological perception the result was a stimulating history of public advocacy that sought a revival of confidence in Evangelicalism s message and a constantly reforming vision of Evangelicalism s method Such a legacy marks Chapman as a central figure within the generation of postwar leaders whose work has given Australian Evangelicalism its contemporary shape and dynamism

Current Biography Yearbook Charles Moritz,1992 **The Triumph of Faith** Rodney Stark,2023-08-22 God is not dead Wall Street Journal Believe it or not the world is more religious than ever before Everyone seems to take it for granted that the world is getting more secular that faith is doomed by modernity Scientists secularists and atheists applaud the change religious believers lament it But here s the thing they re all wrong and the bestselling author and influential scholar of religion Rodney Stark has the numbers to prove it The Triumph of Faith explodes the myth that people around the world are abandoning religion Stark marshals an unprecedented body of data surveys of more than a million people in 163 nations to paint the full picture that both scholars and popular commentators have missed And he explains why the astonishing growth of religion is happening and what it means for our future Stark s bracing book is full of insights that defy the conventional wisdom With vigorous prose he reveals Why claims about Millennials lack of religion are overblown and historically ignorant Why Islam is NOT overtaking Christianity How 4 out of 5 people worldwide now belong to an organized religion How 50 percent have attended a worship service in the past week Why much ballyhooed studies from the Pew Research Center and others get the religious landscape wrong Why atheists remain few anywhere despite all the talk of the New Atheism As Stark shows secularists have been predicting the imminent demise of religion for centuries It is their unshakable faith in secularization that may be the most irrational of all beliefs As the author of How the West Won The Victory of Reason and many other bestselling works Rodney Stark has a richly deserved reputation for writing page turning myth busting books He is also a groundbreaking scholar who has so reshaped the social scientific study of religion that his work has become the basis of a new paradigm Stark puts all those talents on full display in The Triumph of Faith This book will change how you see both religion and the forces of secularization
