Gods Healing Strategy An Introduction To The Bibles Main Themes:

God's Healing Strategy Ted Grimsrud, 2000 In lively and accessible style Ted Grimsrud portrays God's persevering love as the heart of the Bible's message and challenges Christians to let that love shape their lives today God's Healing Strategy, Revised Edition Ted Grimsrud, 2011 This completely revised new edition not only interweaves updates and refinements throughout but also adds two entirely new chapters on Jonah Job and Daniel and on the Psalms As was true of the first edition God's Healing Strategy Revised Edition portrays God's persevering love as the heart of the Bible's message Without losing sight of the details this short but thorough book identifies God's healing love as the central theme of the Bible and challenges Christians to let that love shape lives today Lynn Jost Vice President and Dean of Fresno Biblical Seminary says that The revisions are spot on for contemporary issues How do Christian believers relate to other faiths Where is God when life falls apart The Bible wrestles with those questions without pat answers This book puts us in touch with that biblical struggle Commenting on the first edition Douglas B Miller Professor of Biblical and Religious Studies Tabor College observes that Grimsrud has written an excellent introduction to the Bible from an Anabaptist liberationist perspective The studied breadth and depth of the book make it ideal as an introductory high school or college text or for use in adult Christian education Journal of Moral Theology, Volume 12, Special Issue 2 Michael R. Grigoni, Cory Mitchell, 2023-11-17 ORIGINAL ARTICLES Moral Theology and Guns in the United States Staging an Encounter Michael R Grigoni Gun Laws and Gun Deaths An Empirical Analysis and Theological Assessment Conor M Kelly Natural Law's Return Uncovering the Roots of Intractability on Guns as Prelude to New Growth John E Carter Concealed Carry Agency and Attention in a Technocratic Context Luis G Vera Guns Construction of Threat and Lived Ecclesiologies Katie Day The Christian Handgun Owner and Just War Michael R Grigoni Christian Arguments for Gun Violence Prevention Reflections on Moral Claims in the Context of Advocacy Ellen Ott Marshall Gun Culture Free Riding and Nothing Short of Conversion Gerald W Schlabach Firearms and Moral Theology A Response Tobias Winright **Instead of Atonement** Ted Grimsrud, 2013-03-13 Do atonement theologies that focus on Jesus death underwrite human violence If so we do well to rethink beliefs that this death is necessary to bring salvation Focusing on the Bible's salvation story Instead of Atonement argues for a logic of mercy to replace Christianity's traditional logic of retribution The book traces the Bible's main salvation story through God's liberating acts the testimony of the prophets and Jesus's life and teaching It then takes a closer look at Jesus's death and argues that his death gains its meaning when it exposes violence in the cultural religious and political Powers God's raising of Jesus completes the story and vindicates Jesus's life and teaching The book also examines the understandings of salvation in Romans and Revelation that reinforce the message that salvation is a gift of God and that Jesus's work has to do with his faithful life his resistance to the Powers and God's vindication of him through resurrection The book concludes that the Bible's salvation story provides a different way instead of atonement to understand salvation In turn this biblical understanding gives us today theological

resources for a mercy oriented approach to responding to wrongdoing one that follows God's own model **A Pacifist Way of Knowing** John Howard Yoder, 2010-06-01 In *A Pacifist Way of Knowing* John Howard Yoder's Nonviolent Epistemology editors Christian Early and Ted Grimsrud gather the scattered writings of Yoder on the theme of the relationship between gospel peace and human ways of knowing In them they find the beginnings of a pacifist theology of knowledge that rejects strategies of empire while at the same time avoids a self defeating relativism *Getting a Life* Douglas B. Miller, 2023-11-28 *Getting a Life* Living Your Call is about finding meaning and purpose Writing from a Christian perspective but also addressing readers who embrace other worldviews it uses stories and examples to help readers examine their gifts experience and motivations as clues to God's direction for their lives Chapters are devoted to faith as an everyday experience identity how to be confident in what we know the importance of community moral health central issues of Christian faith and various worldview options as key elements on the way to understanding one's job and vocation Excellent for individual group or classroom use it serves as a primer for epistemology soteriology ecclesiology ethics and apologetics as well as worldview and culture studies while keeping its focus on practical questions of life engagement and the choice of profession The book offers help for developing a personal mission statement and encouragement for life giving disciplines *When Doctors Kill* Joshua A. Perper, Stephen J. Cina, 2010-06-14 It would come as no surprise that many readers may be shocked and intrigued by the title of our book Some especially our medical colleagues may wonder why it is even worthwhile to raise the issue of killing by doctors Killing is clearly antithetical to the Art and Science of Medicine which is geared toward easing pain and suffering and to saving lives rather than smothering them Doctors should be a source of comfort rather than a cause for alarm Nevertheless although they often don't want to admit it doctors are people too Physicians have the same genetic library of both endearing qualities and character defects as the rest of us but their vocation places them in a position to intimately interject themselves into the lives of other people In most cases fortunately the positive traits are dominant and doctors do more good than harm While physicists and mathematicians paved the road to the stars and deciphered the mysteries of the atom they simultaneously unleashed destructive powers that may one day bring about the annihilation of our planet Concurrently doctors and allied scientists have delved into the deep secrets of the body and mind mastering the anatomy and physiology of the human body even mapping the very molecules that make us who we are But make no mistake a person is not simply an elegant biological machine to be marveled at then dissected **Vital Christianity** David L. Weaver-Zercher, William H. Willimon, 2005-08-23 Challenge these debilitating distinctions between spirituality and social justice by exploring the numerous threads that can and should connect these two components of holistic Christian living **Compassionate Eschatology** Ted Grimsrud, Michael Hardin, 2011-06-01 Do eschatology and peace go together Is eschatology mostly about retribution and fear or compassion and hope Compassionate Eschatology brings together a group of international scholars representing a wide range of Christian traditions to address these questions Together they make the

case that Christianity's teaching about the end times should and can center on Jesus's message of peace and reconciliation. Offering a peace-oriented reading of the Book of Revelation and other biblical materials relevant to Christian eschatology, this book breaks new ground in its consistent message that compassion, not retribution, stands at the heart of the doctrine of the last things. Besides its creative treatment of biblical materials, *Compassionate Eschatology* also makes a distinctive contribution in how several essays engage the thought of René Girard and his mimetic theory. Girard's project is shown to reinforce the biblical message of eschatological peace. *Embodying the Way of Jesus* Ted Grimsrud, 2007-01-15

The Anabaptist tradition, originating as part of the sixteenth-century Protestant Reformation, has from its beginning presented an alternative approach to Christian faith. Jesus-centered Anabaptist convictions such as pacifism, simple living, and community remain of vital concern for twenty-first-century Christians. *Embodying the Way of Jesus: Anabaptist Convictions for the Twenty-First Century* traces the origins and historical expressions of Anabaptist faith and then suggests ways Anabaptist convictions speak to our contemporary world. Ted Grimsrud proposes a fourfold approach to interpreting Anabaptist theology, considering themes from the Bible, from the tradition's history, from present experience, and from envisioning a hopeful future. What emerges is an engaging portrait of a living tradition that speaks with urgency and relevance to a world badly in need of a message of peace. **Religion, the Community, and the Rehabilitation of Criminal Offenders** Thomas P

O'Connor, 2013-01-11 Explore the relationship between faith-based programs, religion, and offender rehabilitation. This book reports on current research from several disciplines to help the reader understand the nature and impact of the relationship between faith-based programs, religion, and offender rehabilitation. *Religion, the Community, and the Rehabilitation of Criminal Offenders* is a unique resource. There has been very little research published on this important topic. President Bush's faith-based initiative recognized that religion plays a role in the justice system and corrections that is overlooked but essential. It increases the role of community and caring in the system in a unique and important way. This pathbreaking book points the way toward a system of faith-based programs that are not only effective but also economical, as these programs are often staffed by volunteers. *Religion, the Community, and the Rehabilitation of Criminal Offenders* addresses important questions regarding the importance and effectiveness of faith-based rehabilitation programs, including: What is the relationship between prison, religion, and offender rehabilitation? What motivates inmates to become involved with religious programs and activities? What is the prison chaplain's role in rehabilitation? Are certain religious denominations more effective than others in preventing crime, delinquency, and recidivism? How does religious activity help inmates adjust to the prison environment? What do inmates have to say about the religious programs they encounter within the system? How did Islam develop within American correctional institutions, and what changes has the movement gone through in recent years? Why do female African American inmates tend to resist conversion to Islam, while their male counterparts embrace the Muslim faith in increasing numbers? How can sacred texts and social theory be utilized as teaching tools and intervention strategies in the

transformation processes of men incarcerated for violent crimes A fascinating study from the Sing Sing prison and more
