 Serpent Symbol in Tradition** Charles Dailey,2022-01-24 Serpent and dragon symbolism is ubiquitous in the art and
 mythology of premodern cultures around the world Over the centuries conflicting hypotheses have been proposed to
 interpret this symbolism which while illuminating have proved insufficient to the task of revealing a singular meaning for the
 vast majority of examples In The Serpent Symbol in Tradition Dr Dailey argues that in what the symbolist Rene Guenon and
 the historian of religions Mircea Eliade have called traditional or archaic societies the serpent dragon transculturally
 symbolizes matter a state of being that is constituted by the perception of the physical world as chaotic in comparison to
 what traditional peoples believed to be the higher meta physical source of the physical world or nature In the course of Dr
 Dailey s investigations into the meaning of traditional serpent dragon symbolism the following contributions have proved
 invaluable 1 Gu non s interpretation of the language of traditional symbolism and the metaphysics that underlies it as well as
 his interpretation of the terminology of the Hindu Doctrines 2 Eliade s interpretation of traditional archaic societies by means
 of his concepts of chaos creation Axis Mundi World Axis and Sacred and Profane and 3 the insights of various other
 researchers of serpent dragon symbolism Beyond purporting to resolve some of the mystery of the ancient and varied
 symbolism of the serpent dragon The Serpent Symbol in Tradition strives to serve the related functions of interpreting the
 symbolic meanings of a wide variety of premodern artifacts and narratives as well as providing a study of the origination and
 ancient human awareness of the mentioned state of matter **A Brief History of the Vikings** Jonathan
 Clements,2013-02-07 From the Fury of the Northmen deliver us O Lord Between the eighth and eleventh centuries the
 Vikings surged from their Scandinavian homeland to trade raid and invade along the coasts of Europe Their influence and
 expeditions extended from Newfoundland to Baghdad their battles were as far flung as Africa and the Arctic But were they
 great seafarers or desperate outcasts noble heathens or oafish pirates the last pagans or the first of the modern Europeans
 This concise study puts medieval chronicles Norse sagas and Muslim accounts alongside more recent research into ritual
 magic genetic profiling and climatology It includes biographical sketches of some of the most famous Vikings from Erik
 Bloodaxe to Saint Olaf and King Canute to Leif the Lucky It explains why the Danish king Harald Bluetooth lent his name to a
 twenty first century wireless technology which future saint laughed as she buried foreign ambassadors alive why so many
 Icelandic settlers had Irish names and how the last Viking colony was destroyed by English raiders Extending beyond the
 traditional Viking age of most books A Brief History of the Vikings places sudden Scandinavian population movement in a

wider historical context It presents a balanced appraisal of these infamous sea kings explaining both their swift expansion and its supposed halt Supposed because ultimately the Vikings didn't disappear they turned into us **MYTHS AND LEGENDS OF THE NORSE** HENRY ROMANO,2021-03-06 Once there was another Sun and another Moon a different Sun and a different Moon from the ones we see now Sol was the name of that Sun and Mani was the name of that Moon Nevertheless always behind Sol and Mani wolves went a wolf behind each The wolves caught on them at last and they devoured Sol and Mani And then the world was in darkness and cold In those times the Gods lived Odin and Thor H dur and Baldur Tyr and Heimdall Vidar and Vali and Loki the doer of a good doer of evil Moreover the beautiful Goddesses lived then Frigga Freya Nanna Iduna and Sif Nevertheless in the days when the Sun and Moon were destroyed the Gods were destroyed too all the Gods except Baldur who had died before that time Vidar and Vali the sons of Odin and Modi and Magni the sons of Thor At that time too there were men and women in the world However before the Sun and the Moon were devoured and before the Gods were destroyed terrible things happened in the world Snow fell on the four corners of the earth and kept on falling for three seasons Winds came and blew everything away Moreover the people of the world who had lived on despite the snow and the cold and the winds fought each other brother killing brother until all the people were destroyed **Society Without God** Phil Zuckerman,2010-06-07 Are lawyers by their very nature agents of the state of capital of institutions of power Or are there ways in which they can work constructively or transformatively for the disempowered the working class the underprivileged Lawyers in a Postmodern World explores how lawyers actively create the forms of power which they and others deploy Through engaging case studies the book examines how lawyers work within and for powerful institutions and provides suggestions both general and practical for ways in which the practice of law can be made to work with and for the powerless Individuals chapters address such subjects as the contradictions of radical law practice legal work in South Africa the economics and politics of negotiating justice feminist legal scholarship and women's gendered lives the overlapping worlds of law business and politics theories of legal practice and how lawyers are constitutive of gender relations Contributing to the book are Maureen Cain University of West Indies Yves Dezalay Centre National de la Recherche Scientifique France Martha Fineman Columbia University Sue Lees University of North London Doreen McBarnet Wolfson College Oxford Frank Munger SUNY Buffalo Wilfried Scharf University of Cape Town Stuart Scheingold University of Washington David Sugarman Lancaster University and Sally Wheeler University of Nottingham **Society without God, Second Edition** Phil Zuckerman,2020-07-21 An updated edition showcasing the social health of the least religious nations in the world Religious conservatives around the world often claim that a society without a strong foundation of faith would necessarily be an immoral one bereft of ethics values and meaning Indeed the Christian Right in the United States has argued that a society without God would be hell on earth In *Society without God Second Edition* sociologist Phil Zuckerman challenges these claims Drawing on fieldwork and interviews with more than 150 citizens of Denmark and Sweden among
