Gods Banker:

God's Bankers Gerald Posner, 2015-09-15 From a master chronicler of legal and financial misconduct a magnificent investigation nine years in the making this book traces the political intrigue and inner workings of the Catholic Church Decidedly not about faith belief in God or religious doctrine this book is about the church's accumulation of wealth and its byzantine entanglements with financial markets across the world Told through 200 years of prelates bishops cardinals and the Popes who oversee it all Gerald Posner uncovers an eyebrow raising account of money and power in perhaps the most influential organization in the history of the world God's Bankers has it all a rare expos and an astounding saga marked by poisoned business titans murdered prosecutors mysterious deaths of private investigators and questionable suicides a carnival of characters from Popes and cardinals financiers and mobsters kings and prime ministers and a set of moral and political circumstances that clarify not only the church's aims and ambitions but reflect the larger dilemmas of the world's more recent history And Posner even looks to the future to surmise if Pope Francis can succeed where all his predecessors failed to overcome the resistance to change in the Vatican's Machiavellian inner court and to rein in the excesses of its seemingly uncontrollable financial quagmire Part thriller part financial tell all this book shows with extraordinary precision how the Vatican has evolved from a foundation of faith to a corporation of extreme wealth and power **God's Banker**

Rupert Cornwell, 1983 **Opus** Gareth Gore, 2024-10-01 A thrilling expos recounting how members of Opus Dei a secretive ultra conservative Catholic sect pushed its radical agenda within the Church and around the globe using billions of dollars siphoned from one of the world's largest banks For over half a century Banco Popular was one of the most profitable banks in the world until one day in 2017 when the Spanish bank suddenly collapsed overnight When investigative journalist Gareth Gore was dispatched to report on the story he expected to find yet another case of unbridled capitalist ambition gone wrong Instead he uncovered decades of deception that hid one of the most brazen cases of corporate pillaging in history perpetrated by a group of men sworn to celibacy and self flagellation who had secretly controlled Popular and abused their positions there to help spread Opus Dei to every corner of the world Drawing on unparalleled access to bank records insider accounts and exclusive interviews with whistle blowers from within Opus Dei Gore reveals how money from the bank was used to lure unsuspecting recruits some of them only children into a life of servitude He also tracks the ascent of Opus Dei within the United States exposing its role in bankrolling many right wing causes including the Supreme Court's overturning of Roe v Wade In an era of disinformation and deep fakes here is a real life conspiracy which hid in plain sight for more than sixty years Gore tells a shocking story of money and power that spans decades and continents Documenting Opus Dei's secret history for the first time this thrilling work of investigative storytelling raises important questions about the dark forces that shape our society The Giant Book of Children's Sermons Wesley T.
